

Engine Identification (LS3, L77)

The vehicle identification number (VIN) (1) is located on the left side rear of the engine block and is typically a 9 digit number stamped or laser-etched onto the engine at the vehicle assembly plant.

Engine serial number L77141904500 is used as an example:

- The first three digits, L77, identify the prefixed RPO code of the engine.
- The next two digits, 14, identify the engine model year as 2014.
- The next three digits, 190, identify the Julian date the engine was manufactured as day 190.
- The next four digits, 4500, identify the assembly plant sequence number as 4500.
