most parents when Shelly Wildman had children she consulted books sermons and lectures on how to raise the best children possible Yet every resource focused on how to get external results children who behave the way others expected them to For Shelly and her husband the turning point happened when they started asking why instead shifting their focus to internal change That s when their purpose as parents became clear parents are called to do their best to show kids how to know and love Jesus to love others and to make a difference in the world There are no rules here no inflexible series of steps that lead to perfect parenting Instead Shelly encourages parents to think about their unique family and why each child s needs for spiritual growth might look different She walks you through intentional questioning focusing on building a firm foundation for lasting discipleship And in the end you ll discover that God wants the same outcome you do a child who knows Christ intimately loves him deeply and has a heart to serve him fully
