

# The Green Mile Quotes

## Paul Edgecomb

I think about all of us. Walking our own Green Mile, each in our own time.

Why, they's angels. Angels, just like up in heaven.

I guess sometimes the past just catches up with you, whether you want it to or not. Usually, death row was called "the last mile"; we called ours "the Green Mile" — the floor was the color of faded limes. We had the electric chair — "Old Sparky," we called it. Oh, I've lived a lot of years, Ellie, but 1935 — that takes the prize. That year, I had the worst urinary infection of my life, and that was also the year of John Coffey and the two dead girls.

What happens on the Mile, stays on the Mile. Always has.

Goddamn it, Percy, get the hell off my block!

[about Percy] The man is mean and careless and stupid, and that's a bad combination in a place like this. Sooner or later, he's gonna get somebody hurt, or worse.

A big man is ripping your ears off, Percy — I'd do as he says.

[grabs Percy, who is trying to turn away from the botched execution he caused] No, you watch, you son-of-a-bitch!

I've done some things in my life I'm not proud of, but this is the first time I've ever felt in real danger of hell.

Rescued from the rubbish by his wife Tabitha, the novel launched the Maine schoolteacher on a prolific and extraordinarily successful career. His name has become synonymous with horror and suspense through over fifty works including *The Dark Tower*, a retelling of Byron's *Childe Harold* to the *Dark Tower*. Came Simpson traces the writer's life from his difficult childhood, his father went out to the shops and never came back, through his initial books under the pseudonym Richard Bachman to the success of *Carrie*, *Salem's Lot* and *The Shining* in the 1970s and beyond. He examines how King's writing was affected by the accident that nearly killed him in 1999 and how his battles with alcohol and addiction to medication have been reflected in his stories. **Capital Punishment** C. Cliff, 2003 The issue of capital punishment is a continually debated issue because it calls into question the values and direction of society How is a civilisation supposed to handle lawbreakers Are some crimes so heinous and some people so dangerous that the death penalty is the only appropriate response The United States Constitution prohibits cruel and unusual punishment but opinions on whether that includes capital punishment are vehement on both sides Many states have some form of death penalty and public opinion seems to indicate support of it in principle However many firestorms have erupted recently over the application of the penalty including the topics of its use on minors and those with mental disabilities There are also questions raised about how much of a factor race plays in a capital sentence Internationally several countries have foresworn the death penalty with certain countries in Europe and the Americas refusing to extradite criminal suspects including suspected terrorists to the US if capital punishment is a possible sentence With such politically flammable and ethically challenging issues hanging over it capital punishment is a vitally important issue to understand To help facilitate that study this book assembles a carefully selected and substantial listing of literature focussing on the death penalty Anyone researching this area of criminal justice will find this book an important tool as it offers easy access to the most relevant works about capital punishment Following the bibliography further access is provided with author title and subject indexes

**When the State Kills** Austin Sarat, 2018-06-05 Is capital punishment just Does it deter people from murder What is the risk that we will execute innocent people These are the usual questions at the heart of the increasingly heated debate about capital punishment in America In this bold and impassioned book Austin Sarat seeks to change the terms of that debate Capital punishment must be stopped Sarat argues because it undermines our democratic society Sarat unflinchingly exposes us to the realities of state killing He examines its foundations in ideas about revenge and retribution He takes us inside the courtroom of a capital trial interviews jurors and lawyers who make decisions about life and death and assesses the arguments swirling around Timothy McVeigh and his trial for the bombing in Oklahoma City Aided by a series of unsettling color photographs he traces Americans evolving quest for new methods of execution and explores the place of capital punishment in popular culture by examining such films as *Dead Man Walking* *The Last Dance* and *The Green Mile* Sarat argues that state executions once used by monarchs as symbolic displays of power gained acceptance among Americans as a sign of the people's sovereignty Yet today when the state kills it does so in a bureaucratic procedure hidden from view and for which no one in particular takes responsibility He uncovers the forces that sustain America's killing culture including overheated political rhetoric racial prejudice and the desire for a world without moral ambiguity Capital punishment Sarat shows ultimately leaves Americans more divided hostile indifferent to life's complexities and much further from solving the nation's ills In short it leaves us with an impoverished democracy The book's powerful and sobering conclusions point to a new abolitionist politics in which capital punishment should be banned not only on ethical grounds but also for what it does to Americans and what we cherish
