have always referred to her as simply grandmother or A Ma with no distinction of father s or mother s side and is also how I will be referring to her in this book Throughout my life my grandmother was my biggest source of wisdom and enlightenment and my mother and I have always loved and supported each other Both of their lives have seamlessly interwoven with my life and destiny like the missing pieces that complete an unfinished puzzle Those who are traditional say that a woman s life starts with the happiness that comes with the birth of a child and as she buries the pain of childbirth her life has come full circle But in this book my grandmother my mother and I despite having lived in different times have maintained our shared bonds and sense of self forging our own paths and finding our own pieces of heaven in the puzzle of life Some people lose their mothers before they even get to know them while some people are sadly abandoned by their own mothers developing deep emotional scars that greatly affect their character and personal development My grandmother lived for 80 years and my mother passed away at the age of 89 Being over 60 myself I am fortunate enough to have witnessed and experienced the bond between mothers and daughters across three generations However this does not mean that my life has been smooth sailing on calm waters Because of this I have decided to write this book so I can put pen to paper and record my memories while they are still in my mind and have not been blurred by time It is my hope that by writing down my memories I can cherish and connect them together like pearls in a necklace to keep them alive and hold them close to my heart This book is meant to honor remember and thank the two most important women in my life For my siblings and my own three children who have established their own families and careers this book can be a way for them to have a deeper understanding of the strong bond between mothers and their children and the familial bond that connects us all
