Graven Ideologies Bruce Ellis Benson, 2002-07-23 Examining the thought of key postmodern thinkers like Nietzsche Derrida and Marion Bruce Ellis Benson offers profound insight into the nature of conceptual idolatry and our need for the biblical revelation of God in Jesus Christ

Dialectical Anatomy of the Eucharist Donald Wallenfang, 2017-05-16 For centuries Christian theology has understood the Eucharist in terms of metaphysics or in protest against it Today an opening has been made to imagine the sacrament through the method of phenomenology bringing about new theological life and meaning In *Dialectical Anatomy of the Eucharist* Donald Wallenfang conducts a sustained analysis of the Eucharist through the aperture of phenomenology yet concludes the study with poetic and metaphysical twists Engaging the work of Jean Luc Marion Paul Ricoeur and Emmanuel Levinas Wallenfang proposes pioneering ideas for contemporary sacramental theology that have vast implications for interfaith and interreligious dialogue By tapping into the various currents within the Judeo Christian tradition Jewish Catholic Orthodox and Protestant a radical argument is developed that leverages the tension among them all Several new frontiers are explored dialectical theology a fourth phenomenological reduction the phenomenology of human personhood the poetics of the Eucharist and a reinterpretation of the concept of gift as conversation On the whole Wallenfang advances recent debates surrounding the relationship between phenomenology and theology by claiming an uncanny way out of emerging dead ends in philosophical theology return to the fray

Canaan to Corinth Michael Li-Tak Shen, 2010 Michael Li Tak Shen carefully examines the biblical view of God's absolute uniqueness and argues that the biblical texts are consistent in their prohibition of idolatry and its paraphernalia in whatever form a helpful point in similar pastoral situations today in a world of idols ideologies addictions and runaway consumerism The high view of the absolute nature of God warns against lax and mistaken notions of so called Christian freedom Robert Solomon Bishop the Methodist Church in Singapore Book Jacket

Biblical Critical Theory Christopher Watkin, 2022-11-08 With a foreword from Tim Keller A bold vision for Christians who want to engage the world in a way that is biblically faithful and culturally sensitive In *Biblical Critical Theory* Christopher Watkin shows how the Bible and its unfolding story help us make sense of modern life and culture Critical theories exist to critique what we think we know about reality and the social political and cultural structures in which we live In doing so they make visible the values and beliefs of a culture in order to scrutinize and change them Biblical Critical Theory exposes and evaluates the often hidden assumptions and concepts that shape late modern society examining them through the lens of the biblical story running from Genesis to Revelation and asking urgent questions like How does the Bible's storyline help us understand our society our culture and ourselves How do specific doctrines help us engage thoughtfully in the philosophical political and social questions of our day How can we analyze and critique culture and its alternative critical theories through Scripture Informed by the biblical theological structure of Saint Augustine's magisterial work *The City of God* and with extensive diagrams and practical tools Biblical Critical Theory shows

how the patterns of the Bible's storyline can provide incisive fresh and nuanced ways of intervening in today's debates on everything from science the arts and politics to dignity multiculturalism and equality You'll learn the moves to make and the tools to use in analyzing and engaging with all sorts of cultural artifacts and events in a way that is both biblically faithful and culturally relevant It is not enough for Christians to explain the Bible to the culture or cultures in which we live We must also explain the culture in which we live within the framework and categories of the Bible revealing how the whole of the Bible sheds light on the whole of life If Christians want to speak with a fresh engaging and dynamic voice in the marketplace of ideas today we need to mine the unique treasures of the distinctive biblical storyline

The Maturing of Monotheism Garth Hallett, 2019-01-24 Tracing a dialectical path *The Maturing of Monotheism* emphasises the plausibility of Jewish Christian Muslim and kindred forms of monotheism and responds to anti-theistic challenges of our day These include materialism determinism the denial of objective value the pervasiveness of evil and predictions of human individual and collective extinction The book reviews traditional metaphysical ways of arguing for monotheism but employs a cumulative more experiential approach While agnosticism affects humanity's most basic beliefs Garth Hallett demonstrates that there remains ample room for rational theistic faith Of keen interest to students and researchers alike *The Maturing of Monotheism* offers new insights and approaches in this steadily advancing field

Postmodernism and the Ethics of Theological Knowledge Justin Thacker, 2016-04-08 This book establishes the necessary integration of theological knowledge with theological ethics It does this as a response to the postmodern critique of Christianity as exemplified in Rorty and Lyotard They argue that any claim to know God is necessarily tyrannical Contemporary responses to such postmodern thinking often fail to address adequately the ethical critique that is made This book redresses that balance by suggesting that our knowledge of God and love of the Other are so intimately connected that we cannot have one without the other In the absence of love then we simply do not know God Justin Thacker proposes that an effective theological response to postmodernity must address both knowledge and ethics in an integrated fashion as presented in this book

After Poststructuralism Rosi Braidotti, 2014-09-11 The end of the Cold War revitalised continental philosophy and more particularly interest in it from outside philosophy *After Poststructuralism* Transitions and Transformations analyses the main developments in continental philosophy between 1980-1995 a time of great upheaval and profound social change The volume ranges across the birth of postmodernism the differing traditions of France Germany and Italy third generation critical theory radical democracy postcolonial philosophy the turn to ethics feminist philosophies the increasing engagement with religion and the rise of performativity and post-analytic philosophy Analyses of the major figures are integrated within the discussion *After Poststructuralism* reveals how continental philosophy fuelled by an intense ethical and political desire to reflect changing social and political conditions responded to the changing world and to the key issues of the time notably globalisation technology and ethnicity

Jesus Christ as Ancestor Reuben Turbi Luka, 2019-08-31 In this critical study Dr Turbi Luka

uses historical theological methodology to engage in detail with Christologies of key African theologians and conventional theological sources for Christology including the church fathers Tertullian and Athanasius as well as modern theologians Turbi argues that existing African Christologies specifically ancestor Christologies are inadequate in expressing the person of Christ as Messiah and saviour the fulfilment of Old Testament prophecies Providing a new approach Turbi proposes an African Linguistic Affinity Christology that explicitly portrays Jesus as Christ in a contextually relevant way for Africans in everyday life This crucial study highlights the need for biblically rooted Christology and for sound theological understanding and naming of Jesus at every level This book also warns the church in Africa and elsewhere to avoid repeating the dangerous christological heresies of the ancient church by remaining faithful to a biblical interpretation and orthodox theology of Christ

A Model for Evangelical Theology Graham McFarlane, 2020-09-15 Written by a skilled theologian with over two decades of classroom experience this introduction to evangelical theology explains how connecting to five sources of Christian theology Scripture tradition reason experience and community leads to a richer and deeper understanding of the faith Graham McFarlane calls this the evangelical quintilateral which he recommends as a helpful rubric for teaching theology This integrative model introduces students to the sources themes tasks and goals of evangelical theology making the book ideal for introductory theology courses

The Logic of Intersubjectivity Darren M. Slade, 2020-08-27 To survey harsh criticisms against Brian Douglas McLaren 1956 readers gain the inaccurate impression that he is a heretical relativist who denies objective truth and logic While McLaren s inflammatory and provocative writing style is partly to blame this study also suspects that his critics base much of their analyses on only small portions of his overall corpus The result becomes a caricature of McLaren s actual philosophy of religion What is argued in this book is that McLaren s philosophy of religion suggests a faith based intersubjective relationship with the divine ought to result in an existential appropriation of Christ s religio ethical teachings When subjectively internalized this appropriation will lead to the assimilation of Jesus kingdom priorities thereby transforming the believer s identity into one that actualizes Jesus kingdom ideals The hope of this book is that by tracing McLaren s philosophy of Christian religion future researchers will not only be able to comprehend and perhaps empathize with McLaren s line of reasoning but they will also possess a more nuanced discernment of where they agree and disagree with his overall rationale

A Literary Shema Lori A. Kanitz, 2020-02-10 For the duration of her writing career Pulitzer Prize winning author Annie Dillard has unflinchingly asked and kept on asking enormous and difficult questions What is the relation of Creator to creation Why is there evil and unjust suffering How do we make meaning of our experiences Who is responsible for redeeming the world s brokenness Moreover she has done so in every genre within the impressive range of her canon her poetry literary nonfiction novels autobiography literary criticism and memoirs Two enduring influences have shaped Dillard s cosmos spanning questions and their metanarratives Christianity and Jewish mysticism particularly Hasidism and Isaac Luria s Kabbalism Though much scholarly attention has been paid to the influence

of Christian mysticism in Dillard's work none has yet explored the role of her lifelong interest in Jewish mystical traditions. This book seeks to fill that scholarly gap and demonstrate how Dillard's theological vision and voice both reflect and enact central features of Hasidic and Kabbalistic thought resulting in what could be called Dillard's literary shema. **Revelation 1-11 (ITC)** Peter J. Leithart, 2018-02-22 The Book of Revelation is the last book in the canon of the New Testament and its only apocalyptic document though there are short apocalyptic passages in various places in the gospels and the epistles. This first of two volumes on Revelation offers systematic and thorough interpretation of the book of Revelation. Revelation brings together the worlds of heaven, earth, and hell in a final confrontation between the forces of good and evil. Its characters and images are both real and symbolic, spiritual and material, and it is frequently difficult to know the difference between them. Revelation's cryptic nature has ensured that it would always be a source of controversy. This commentary focuses on the theological content, gleaned the best from both the classical and modern commentary traditions, and showing the doctrinal development of Scriptural truths. Scholarship on the book of Revelation has nonetheless not only endured but even captured the imagination of generations of Bible students, both professionals and laypeople alike. Through its focus on the message of the book through scholarly analysis, this International Theological Commentary reconnects to the ecclesial tradition of biblical commentary as an effort in *ressourcement* though not slavish repetition. **From Stone to Living Word** Debbie Blue, 2008-02-01 Many Christians sense that their encounters with the Bible are supposed to be deep, life-forming, and powerful, but that isn't always the case. They may be overly familiar with the text to the point of finding it predictable, or they may be disillusioned with the church. Too often, and for a variety of reasons, believers make the Bible an idol and unwittingly turn the Word into stone. Author and pastor Debbie Blue helps readers discover how to turn the stone back into living Word. She first gives general guidelines for letting the Bible breathe, then looks at the Bible's main themes as dynamically encouraging and challenging. Blue frees believers from dumbed-down spirituality as she reveals that the Word is alive and thrilling. **Sexology for the Wise** Omar Zaid, 2022-07-29 This essay collection applies wide-ranging optics to myths of LGBT normality. The author compares and contrasts biological, metaphysical, psychological, moral, and social dynamics that define and delimit normal heterosexual duality with elements of the gender-confused. He does this in terms that illustrate spiritual and physical absolutes that are denied yet manipulated by postmodern nihilists who serve the occult governance that institutionalizes evil. The heterosexual dyad is rigorously defended as cardinal, essential, existential, naturally hegemonic, and not the least bit ambiguous. Zaid's comprehensive acumen is both frightening and captivating. His race through the Holocene irretrievably shakes and changes the reader's world view via this careful amalgamation of Religion, Theology, Scripture, History, Science, Geo-Politics, Human Nature, Magick, Philosophy, and Occult Mystery Systems. *Sexology For The Wise* is an intense dot-connecting narrative that crosses all bounds of taboo to reveal much we do not wish to acknowledge.

Does Christianity scorn our bodies Friedrich Nietzsche thought so and many others since him have thought the same Ola Sigurdson contends to the contrary that Christianity understood properly in fact affirms human embodiment Presenting his constructive contributions to theology in relation to both historical and contemporary conceptions of the body Sigurdson begins by investigating the anthropological implications of the doctrine of the incarnation He then delves into the concept of the gaze and discusses a specifically Christian gaze of faith that focuses on God embodied in Jesus Finally he weaves these strands into a contemporary Christian theology of embodiment Sigurdson s profound engagement with the whole history of Christian life and thought not only elucidates the spectrum of Christian perspectives on the body but also models a way of thinking historically and systematically that other theologians will find stimulating and challenging **Liturgy as a Way of Life (The Church and Postmodern Culture)** Bruce Ellis Benson,2013-04-15 How do the arts inform and cultivate our service to God In this addition to an award winning series distinguished philosopher Bruce Ellis Benson rethinks what it means to be artistic Rather than viewing art as practiced by the few he recovers the ancient Christian idea of presenting ourselves to God as works of art reenvisioning art as the very core of our being God calls us to improvise as living works of art Benson also examines the nature of liturgy and connects art and liturgy in a new way This book will appeal to philosophy worship liturgy art music and theology students as well as readers interested in engaging issues of worship and aesthetics in a postmodern context including Christian artists and worship leaders Catholic Reception of Continental Philosophy in North America Gregory P.
