The Truth About Great White Sharks Mary M. Cerullo,2013-09-24 Do great white sharks hunt humans Can a great white eat a boat Are great white sharks cold blooded killers Take a trip to the ocean s depth to learn the truth about these infamous creatures From the most current information on their swimming habits and ancient ancestors to details about their conveyor belt of teeth armored skin and super senses kids will be fascinated by these amazing creatures Special sidebars offer extra information on what it s like to dive in a shark cage how to measure a great white and its different nicknames around the world Over 50 full color photographs including a gigantic shark gatefold bring the informative text alive and will thrill budding marine biologists Includes a detailed glossary bibliography and index **Sharks in the Arts** Vivienne Westbrook,Shaun Collin,Dean Crawford,Mark Nicholls,2018-05-11 This book is the most thorough exploration to date of the many ways in which a wild creature has been absorbed reimagined and represented across the ages in all of the major art forms The authors consider not only how the identity of sharks in the natural environment became incorporated into a cultural environment but also how sharks came to be considered the most feared creatures in the open oceans as a consequence of this incorporation Yet sharks are especially important in helping to maintain a balance that is essential to the health of the oceans The book begins with a treatment of the three sharks at the top of global shark attack files from

scientific economic and environmental perspectives Subsequent chapters engage with cultural representations of sharks in poetry drama art novels screenplay adaptations and films Through an exploration of the ways in which sharks have been represented in human culture through the centuries this book alerts the global community to the importance of sharks as a common cultural heritage It aims to change perceptions of sharks so that they can become more revered than feared The authors of this book argue that an increased understanding of sharks should lead to the development of better strategies for shark and human interactions This book will be of great interest to researchers and students of the Environmental

Humanities Cultural History and the Arts It is also excellent supplementary reading for courses in Zoology and Marine Science **Great White** Chris Fallows,2012-11-02 The renowned wildlife photographer presents his most awe inspiring images of great whites hammerheads and other shark breeds in this compelling volume For most people sharks and fear go hand in hand But photographer and conservationist Chris Fallows maintains a more nuanced relationship with the super predator Gasp inducing in their immediacy and surprise Fallows s brilliant photographs present these mighty creatures in a different light In Great White Fallows s work reveals the sublime beauty of sharks and provides a rare glimpse into their unseen world Fallows captures these fearsome creatures as they breach the water s surface in awesome displays of power He also follows them below the waves to capture their mysterious underwater domain A one of a kind portrait of the shark and a superlative study of the nature photographer s art this collection elicits a deep appreciation for the creatures that inhabit our oceans
