Great War Britain Northampton Philip Sawford, The Northampton Museum, 2015 In association with Northampton Museums Art Gallery Cover **Voices from the Great War Women's Land Army** Helen Frost, 2025-03-31 Great War Land Girls were all very different individuals they radiated vitality resolve and determination In this book their sense of fun and infectious humour shines through the myriad of humorous stories and poems penned while doing their National Service Amidst the troubling times they worked through their ability to stick it if it kills no matter what earned them a richly deserved respect Using previously unpublished photographs from personal collections that intimately depict the ups and downs of their daily lives this book attempts to immerse readers in the quirky and unusual world of the Great War Land Girl and discovers exactly how they interacted lived together socialised relaxed fell in love went off the rails and got through difficult times The minutiae of life as a recruit in land organizations established early on in the war and later in the Women's Land Army is vividly brought back to life through previously untold accounts Ultimately their legacy tells of unwavering devotion to duty and to the country they held dear Land Girls broke new ground and turned their hand to any task that was asked of them with an inextinguishable wartime spirit The attitudes and approaches they showed to their work when faced with such adversity remain inspirational more than a century later Their forgotten testimonies are shared in this book They fizz off the page as a true record of I was there **A Century of Remembrance** Derek Boorman, 2006-03-19 A Century of Remembrance is a study of one hundred outstanding United Kingdom war memorials which commemorate 20th century conflicts from the Boer War to the Falklands and Gulf wars The first described is a Boer War memorial unveiled on 5 November 1904 and the last is the Animals in War memorial unveiled in London on 24 November 2004 The memorials chosen are listed as near as possible in chronological order and represent different wars different artists different areas of the country and a variety of types of memorial In category they range from individual to national memorials and include memorials in schools churches and places of work and examples representing communities and the armed services In form they are from statues and stained glass windows to arches obelisks and cenotaphs and from cloisters and chapels to art galleries and gardens and even a carillon Northampton in the Great War Kevin Turton, 2016-05-30 When war was declared in August 1914 Northampton was swept by a wave of patriotism Men clamoured to join the ranks and fight in a war they believed would be short lived There was a sense of excitement with everyone wanting to do their bit for the country They believed it was to be a glorious war and thousands eager to be a part of it queued outside the recruitment stations to enlist As that excitement subsided and the town settled into life at war what really happened in Northampton How did people react What did they do and how did it affect their lives This book describes in meticulous detail exactly what happened in those five years of the Great War and its impact on the town From the fevered excitement of the early months of war through to the hope and expectation at its end this is the story of Northampton's remarkable people and how they helped Belgian

refugees who had fled the German invasion organized fundraising events for the troops and local hospitals accepted soldiers of the Welsh Fusiliers into their homes and worked long hours producing boots for the army Against a background of key military events the book celebrates the huge contribution Northampton and all its people made towards the countrys war effort It documents a war the like of which no one had ever seen before **British Generalship during the Great War** Simon Robbins,2016-04-15 Following the career of one relatively unknown First World War general Lord Horne this book adds to the growing literature that challenges long held assumptions that the First World War was a senseless bloodbath conducted by unimaginative and incompetent generals Instead it demonstrates that men like Horne developed new tactics and techniques to deal with the novel problems of trench warfare and in so doing seeks to re establish the image of the British generals and explain the reasons for the failures of 1915 16 and the successes of 1917 18 and how this remarkable change in performance was achieved by a much maligned group of senior officers Horne s important career and remarkable character sheds light not only on the major battles in which he was involved the progress of the war his relationships with his staff and other senior officers the novel problems of trench warfare the assimilation of new weapons tactics and training methods and the difficulties posed by the German defences but also on the attitudes and professionalism of a senior British commander serving on the Western Front Horne s career thus provides a vehicle for studying the performance of the British Army in the first quarter of the Twentieth Century It also gives an important insight into the attitudes ethos and professionalism of the officer corps which led that army to victory on the Western Front exposing not only its flaws but also its many strengths This study consequently provides a judgment not only on Horne as a personality innovator and general of great importance but also on his contemporaries who served with the British Armies in South Africa and France during an era which saw a revolution in military affairs giving birth to a Modern Style of Warfare which still prevails to this day The Great War and Medieval Memory Stefan Goebel,2007-01-25 A comparative study of the cultural impact of the Great War on British and German societies Taking medievalism as a mode of public commemorations as its focus this book unravels the British and German search for historical continuity and meaning in the shadow of an unprecedented human catastrophe History of the Northamptonshire Regiment: 1742-1934, by R. Gurney ,1935 **The Falklands Fallen** Jay Morgan Hyrons,2025-02-28 Shares the personal stories of the men and civilians who died in the Falklands War ensuring their immortality The Falklands War of 1982 was a brief 74 days of intense warfare resulting in the losses of 255 British Service personnel and just three civilians Many books have been written with varying accounts about the military action this book is the personal stories of the men behind the uniforms the untold details of the three civilians who died towards the end of the war Whilst researching the backgrounds of the fallen links to other military campaigns come to life through the personal stories of these brave men and their forebears These stories are often unknown even to family members but ensure their immortality We say Lest We Forget this book is a stark reminder of how easy it is to lose history should we not document it
