Green Social Work From Environmental Crises To Environmental Justice:

Green Social Work Lena Dominelli, 2012-07-02 Explores concept of green social work its role in using environmental crises to address poverty other forms of structural inequalities to obtain more equitable allocations of limited natural resources to tackle global socio political forces that have a damaging effect on quality of life of poor marginalised populations at local levels

The Routledge Handbook of Green Social Work Lena Dominelli, 2018-03-28 Green social work espouses a holistic approach to all peoples and other living things plants and animals and the physical ecosystem emphasises the relational nature of all its constituent parts and redefines the duty to care for and about others as one that includes the duty to care for and about planet earth By acknowledging the interdependency of all living things it allows for the inclusion of all systems and institutions in its remit including both human made and natural disasters arising from the human made ones of poverty to chemical pollution of the earth's land waters and soils and climate change to the natural hazards like earthquakes and volcanoes which turn to disasters through human in action Green social work's value system is also one that favours equality social inclusion the equitable distribution of resources and a rights based approach to meeting people's needs to live in an ethical and sustainable manner Responding to these issues is one of the biggest challenges facing social workers in the twenty first century which this Handbook is intended to address Through providing the theories practices policies knowledge and skills required to act responsibly in responding to the diverse disasters that threaten to endanger all living things and planet earth itself this green social work handbook will be required reading for all social work students academics and professionals as well as those working in the fields of community development and disaster management

Environmental Justice Sondra Fogel, Carenlee Barkdull, Bret Weber, 2018-02-02 What is environmental justice Why is it important to social work Social work has a long history with the term environment as part of our guiding Ecological Framework Yet frequently the assessment of the environment is left out or seen as a difficult domain to understand as part of the complexities of the human experience particularly for those who are vulnerable oppressed and poor This book contains nine articles that showcase environmental justice work in social work practice and in educational settings from around the world The profession now seems ready to ensure that the environment is once again given the consideration it deserves when we are assessing problems in living These articles were selected for their helpfulness in moving the profession forward conceptually while offering practical tools for the classroom institutions and for further scholarship This book was originally published as a special issue of Social Work Education The International Journal

The Routledge Handbook of Green Social Work Lena Dominelli, 2018-03-28 Green social work espouses a holistic approach to all peoples and other living things plants and animals and the physical ecosystem emphasises the relational nature of all its constituent parts and redefines the duty to care for and about others as one that includes the duty to care for and about planet earth By acknowledging the interdependency of all living things it allows for the inclusion of all systems and institutions in its remit including both human

man made and natural disasters arising from the human made ones of poverty to chemical pollution of the earth's land waters and soils and climate change to the natural hazards like earthquakes and volcanoes which turn to disasters through human action. Green social work's value system is also one that favours equality, social inclusion, the equitable distribution of resources and a rights based approach to meeting people's needs to live in an ethical and sustainable manner. Responding to these issues is one of the biggest challenges facing social workers in the twenty first century which this Handbook is intended to address. Through providing the theories, practices, policies, knowledge and skills required to act responsibly in responding to the diverse disasters that threaten to endanger all living things and planet earth itself, this green social work handbook will be required reading for all social work students, academics and professionals as well as those working in the fields of community development and disaster management.

Social Work and Climate Justice Devendraraj Madhanagopal, Bala Raju Nikku, 2022-10-28. This book argues that climate justice is an urgent and defining global challenge with long term implications for poverty reduction, livelihoods, community well being and sustainable development. It provides a thorough overview of both fundamental and new directions of knowledge and policy directions in this less debated area within environmental social work. The chapters of this book offer both global and cross country perspectives via case studies from India, Nepal, Ukraine, South Africa and the USA, providing greater understanding, evidence and strategies to achieve the resilience of vulnerable communities based on climate justice principles. It will be required reading for all scholars, students and social work professionals as well as those working in sustainability and community development.

Greening Social Work Education Susan Hillock, 2024-03-01. Despite urgent calls for global action, sustainable social work practice and a solid green theoretical knowledge base, North American social work and helping professions have been slow to learn from community activists, acknowledge the international climate emergency and act collectively to achieve climate justice. *Greening Social Work Education* examines how social work educators can best incorporate sustainability content into social work curricula, integrate green teaching methods and mobilize students and colleagues towards climate action, justice and leadership. Drawing on Canadian content, this collection highlights Indigenous, eco feminist, collective action and multi interdisciplinary approaches to social work. The book provides a rationale for why the topic of greening is important for social work and the helping professions, discussion of current debates, tensions and issues, useful ideas related to innovative interdisciplinary theoretical approaches, analyses and constructs and practical recommendations for teaching green social work education. In doing so, *Greening Social Work Education* strives to help social workers and educators gain the confidence and tools they need to transform their teaching and curricula.
