Handbook of the History and Philosophy of Mathematical Practice Bharath Sriraman, 2024-04-26 The purpose of this unique handbook is to examine the transformation of the philosophy of mathematics from its origins in the history of mathematical practice to the present It aims to synthesize what is known and what has unfolded so far as well as to explore directions in which the study of the philosophy of mathematics as evident in increasingly diverse mathematical practices is headed Each section offers insights into the origins debates methodologies

and newer perspectives that characterize the discipline today Contributions are written by scholars from mathematics history and philosophy as well as other disciplines that have contributed to the richness of perspectives abundant in the study of philosophy today who describe various mathematical practices throughout different time periods and contrast them with the development of philosophy Editorial Advisory Board Andrew Aberdein Florida Institute of Technology USA Jody Azzouni Tufts University USA Ot vio Bueno University of Miami USA William Byers Concordia University Canada Carlo Cellucci Sapienza University of Rome Italy Chandler Davis University of Toronto Canada 1926 2022 Paul Ernest University of Exeter UK Michele Friend George Washington University USA Reuben Hersh University of New Mexico USA 1927 2020 Kyeong Hwa Lee Seoul National University South Korea Yuri Manin Max Planck Institute for Mathematics Germany 1937 2023 Athanase Papadopoulos University of Strasbourg France Ulf Persson Chalmers University of Technology Sweden John Stillwell University of San Francisco USA David Tall University of Warwick UK 1941 2024 This book with its exciting depth and breadth illuminates us about the history practice and the very language of our subject about the role of abstraction of proof and manners of proof about the interplay of fundamental intuitions about algebraic thought in contrast to geometric thought The richness of mathematics and the philosophy encompassing it is splendidly exhibited over the wide range of time these volumes cover from deep platonic and neoplatonic influences to the most current experimental approaches Enriched as well with vivid biographies and brilliant personal essays written by and about people who play an important role in our tradition this extraordinary collection of essays is fittingly dedicated to the memory of Chandler Davis Reuben Hersh and Yuri Manin Barry Mazur Gerhard Gade University Professor Harvard University This encyclopedic Handbook will be a treat for all those interested in the history and philosophy of mathematics Whether one is interested in individuals from Pythagoras through Newton and Leibniz to Grothendieck fields geometry algebra number theory logic probability analysis viewpoints from Platonism to Intuitionism or methods proof experiment computer assistance the reader will find a multitude of chapters that inform and fascinate John Stillwell Emeritus Professor of Mathematics University of San Francisco Recipient of the 2005 Chauvenet Prize Dedicating a volume to the memory of three mathematicians Chandler Davis Reuben Hersh and Yuri Manin who went out of their way to show to a broader audience that mathematics is more than what they might think is an excellent initiative Gathering authors coming from many different backgrounds but who are very strict about the essays they write was successfully achieved by the editor in chief The result a great source of potential inspiration Jean Pierre Bourguignon Nicolaas Kuiper Honorary Professor at the Institut des Hautes tudes Scientifiques *Coconut* Robin Laurance, 2019-07-01 Coconuts have been around for longer than Homo sapiens they have been turned into art taken part in religious rituals and been a sign of wealth and success They have saved lives not only by providing nourishment but also as part of the charcoal filters in First World War gas masks It was coconuts that triggered the mutiny on the Bounty and coconuts that saved the life of the man who went on to become the 35th President of the United States The coconut has long been the unseen player in

the endeavours of industrialists and bomb makers physicians and silversmiths smugglers and snake charmers To this day coconuts shape the lives of people around the world At a time when coconut products crowd the shelves of supermarkets health food shops and beauty salons Robin Laurance looks beyond the oils and health drinks to uncover the unexpected often surprising and vital roles played by the coconut palm and its nut in times past and present

Experimenting on a Small Planet William W. Hay, 2021-09-27 This book is a thorough introduction to climate science and global change The author is a geologist who has spent much of his life investigating the climate of Earth from a time when it was warm and dinosaurs roamed the land to today's changing climate Bill Hay takes you on a journey to understand how the climate system works He explores how humans are unintentionally conducting a grand uncontrolled experiment which is leading to unanticipated changes We follow the twisting path of seemingly unrelated discoveries in physics chemistry biology geology and even mathematics to learn how they led to our present knowledge of how our planet works He explains why the weather is becoming increasingly chaotic as our planet warms at a rate far faster than at any time in its geologic past He speculates on possible future outcomes and suggests that nature itself may make some unexpected course corrections Although the book is written for the layman with little knowledge of science or mathematics it includes information from many diverse fields to provide even those actively working in the field of climatology with a broader view of this developing drama Experimenting on a Small Planet is a must read for anyone having more than a casual interest in global warming and climate change one of the most important and challenging issues of our time This new edition includes actual data from climate science into 2021 Numerous Powerpoint slides can be downloaded to allow lecturers and teachers to more effectively use the book as a basis for climate change education

Channeling Moroccanness Becky L. Schulthies, 2020-12-01 Honorable Mention 2022 L Carl Brown AIMS Book Prize in North African Studies What does it mean to connect as a people through mass media This book approaches that question by exploring how Moroccans engage communicative failure as they seek to shape social and political relations in urban Fez Over the last decade laments of language and media failure in Fez have focused not just on social relations that used to be and have been lost but also on what ought to be and had yet to be realized Such laments have transpired in a range of communication channels from objects such as devotional prayer beads and remote controls to interactional forms such as storytelling dress styles and orthography to media platforms like television news religious stations or WhatsApp group chats Channeling Moroccanness examines these laments as ways of speaking that created Moroccanness the feeling of participating in the

ongoing formations of Moroccan relationality Rather than furthering the discourse about Morocco's conflict between liberal secularists and religious conservatives this ethnography shows the subtle range of ideologies and practices evoked in Fassi homes to calibrate Moroccan sociality and political consciousness Muslim Pilgrimage in Europe Ingvald Flakerud, Richard J. Natvig, 2017-07-20 In spite of Islam's long history in Europe and the growing number of Muslims resident in Europe little research exists on Muslim pilgrimage in Europe This collection of eleven chapters is the first systematic attempt to fill this lacuna in an emerging research field Placing the pilgrims practices and experiences centre stage scholars from history anthropology religious studies sociology and art history examine historical and contemporary hajj and non hajj pilgrimage to sites outside and within Europe Sources include online travelogues ethnographic data biographic information and material and performative culture The interlocutors are European born Muslims converts to Islam and Muslim migrants to Europe in addition to people who identify themselves with other faiths Most interlocutors reside in Albania Bosnia Hercegovina Italy France the Netherlands Great Britain and Norway This book identifies four courses of developments Muslims resident in Europe continue to travel to Mecca and Medina and to visit shrine sites located elsewhere in the Middle East and North Africa Secondly there is a revival of pilgrimage to old pilgrimage sites in South eastern Europe Thirdly new Muslim pilgrimage sites and practices are being established in Western Europe Fourthly Muslims visit long established Christian pilgrimage sites in Europe These practices point to processes of continuity revitalization and innovation in the practice of Muslim pilgrimage in Europe Linked to changing sectarian political and economic circumstances pilgrimage sites are dynamic places of intra religious as well as inter religious conflict and collaboration while pilgrimage experiences in multiple ways also transform the individual and affect the home community Eurasian Slavery, Ransom and Abolition in World History, 1200-1860 Dr Christoph Witzentrath, 2015-11-28 Recent research has demonstrated that early modern slavery was much more widespread than the traditional concentration on colonial plantation slavery might suggest This volume provides both an overview and snapshot of current research on the history of captivity slavery ransom and abolition in the vicinity of the Eurasian steppe from the early modern period to modern times The contributions centre on the Russian Empire while bringing together scholars from various historical traditions of the leading states in this region including Poland Lithuania and the Ottoman Empire and their various successor states *Inclusion in the American Military* Morten G. Ender, Ryan Kelty, David E. Rohall, Michael D. Matthews, 2023-10-30 The US military is one of the largest employers in the country and is a relative microcosm of American society bringing in people from diverse backgrounds and history to defend the nation from all enemies Military and civilian leaders address the same challenges as those found in the civilian world including diversity inclusion equity and belonging The US military has both led and followed the nation in establishing policies of diversity and inclusion In this second edition the editors and contributors provide a revised updated and expanded overview of the ways in which diversity and inclusion are dispatched in the US military by providing information and

knowledge about celebrated and contested social characteristics including race ethnicity religion gender and sexuality and three new groups comprising the military the disabled civilians and immigrants Astute subject matter experts contribute contemporary must have go to chapters into a fresh compelling and insightful volume on the roles that each of these groups occupy in the US armed services as well as the laws rules and regulations regarding their participation This new edition also provides eleven Lived Experiences that enliven and humanize each chapter and will assuredly inspire readers
