Gunfight Stephen Hunter,John Bainbridge,2005-11-02 A fast paced definitive and breathtakingly suspenseful account of an
extraordinary historical event the attempted assassination of President Harry Truman in 1950 by two Puerto Rican
Nationalists and the bloody shoot out in the streets of Washington DC that saved the president s life Written by Pulitzer Prize
winner and New York Times bestselling novelist Stephen Hunter and John Bainbridge Jr an experienced journalist and lawyer
American Gunfight is at once a groundbreaking work of meticulous historical research and the vivid and dramatically told
story of an act of terrorism that almost succeeded They have pieced together at last the story of the conspiracy that nearly
doomed the president and how a few good men ordinary guys who were willing to risk their lives in the line of duty stopped it
It begins on November 1 1950 an unseasonably hot afternoon in the sleepy capital At 2 00 P M in his temporary residence at
Blair House the president of the United States takes a nap At 2 20 P M two men approach Blair House from different
directions Oscar Collazo a respected metal polisher and family man and Griselio Torresola an unemployed salesman don t
look dangerous not in their new suits and hats not in their calm purposeful demeanor not in their slow unexcited approach
What the three White House policemen and one Secret Service agent cannot guess is that under each man s coat is a 9mm
automatic pistol and in each head a dream of assassin s glory At point blank range Collazo and then Torresola draw and fire
and move toward the president of the United States Hunter and Bainbridge tell the story of that November day with narrative
power and careful attention to detail They are the first to report on the inner workings of this conspiracy they examine the
forces that led the perpetrators to conceive the plot The authors also tell the story of the men themselves from their youth
and the worlds in which they grew up to the women they loved and who loved them to the moment the gunfire erupted Their
telling commemorates heroism the quiet commitment to duty that in some moments of crisis sees some people through an
ordeal even at the expense of their lives Gun Digest Ken Warner,1990 The Colt Single Action Revolvers Jerry

Douglas V. Mastriano,2014-03-25 Alvin C York 1887 1964 devout Christian conscientious objector and reluctant hero of

World War I is one of America's most famous and celebrated soldiers. Known to generations through Gary Cooper's Academy Award-winning portrayal in the 1941 film *Sergeant York*, York is credited with the capture of 132 German soldiers on October 8, 1918, in the Meuse-Argonne region of France, a deed for which he was awarded the Congressional Medal of Honor. At war's end, the media glorified York's bravery, but some members of the German military and a soldier from his own unit cast aspersions on his wartime heroics. Historians continue to debate whether York has received more recognition than he deserves. A fierce disagreement about the location of the battle in the Argonne forest has further complicated the soldier's legacy. In *Alvin York*, Douglas V. Mastriano sorts fact from myth in the first full-length biography of York in decades. He meticulously examines York's youth in the hills of east Tennessee, his service in the Great War, and his return to a quiet civilian life dedicated to charity. By reviewing artifacts recovered from the battlefield, using military terrain analysis, forensic study, and research in both German and American archives, Mastriano reconstructs the events of October 8 and corroborates the recorded accounts. On the eve of the WWI centennial, *Alvin York* promises to be a major contribution to twentieth-century military history.

[Icons of the American West](#)
Gordon Morris Bakken, 2008-06-30. The American West is rich in lore, cultural roots, and iconic images. The subject of countless movies, books, and songs, in many ways it embodies the American spirit. This lively two-volume set presents the stories of some of the most influential and representative Western icons, those that have captured the nation's imagination since the early days of westward exploration and that continue to do so within the environmental and technological frontier that is the modern West. This accessible treatment of the untamed enterprise of the Old West, including cowboys, wild west shows, and gun battles, and the continued entrepreneurial imagination of the paradisaical New West, including environmentalists and the incorporation of national parks, elevates the reader's understanding of oft-romanticized subjects and the conflicts and cultural changes that made them icons. Narrative entries include Chief Joseph, George Armstrong Custer, Gold Rush, Winchester Model 1873, Frederic Remington, John Muir, Las Vegas, Bill Gates, Disneyland, Yellowstone National Park, Sierra Club. With vibrant photos and descriptive sidebars, this comprehensive set is a must-have for students of American history and culture.

Thunder in the Argonne
Douglas V. Mastriano, 2018-06-15. In July 1918, sensing that the German Army had lost crucial momentum, Supreme Allied Commander Ferdinand Foch saw an opportunity to end the First World War. In drafting his plans for a final grand offensive, he assigned the most difficult sector, the dense Argonne forest and the vast Meuse River valley, to the American Expeditionary Forces under General John J. Pershing. There, the Doughboys faced thickly defended German lines with terrain deemed impossible to fight through. From September 26 through the November 11 armistice, US forces suffered more than 20,000 casualties a week, but the Allies ultimately prevailed in a decisive victory that helped to end the Great War. In *Thunder in the Argonne*, Douglas V. Mastriano offers the most comprehensive account of this legendary campaign to date. Not only does he

provide American French and British perspectives on the offensive but he also offers for the first time in English the German view Mastriano presents a balanced analysis of successes and failures at all levels of command examining the leadership of the principals while also illuminating acts of heroism by individual soldiers The Meuse Argonne Offensive is widely regarded as one of America s finest hours and the amazing feats of Sergeant Alvin York Major Charles Whittlesey of the Lost Battalion and Lieutenant Sam Woodfill all accomplished in the midst of this maelstrom echo across the ages Published to coincide with the centennial of the campaign this engaging book offers a fresh look at the battle that forged the modern US Army
