Science Books & Films, 1987 **Catalog of Copyright Entries. Third Series** Library of Congress. Copyright Office, 1971 **Resources in Education**, 2000 *New Orleans in Golden Age Postcards* Matthew Griffis, 2020-09-22

New Orleans in Golden Age Postcards showcases over three hundred vintage postcard images of the city printed in glorious color. From popular tourist attractions, restaurants, and grand hotels to local businesses, banks, churches, neighborhoods, civic buildings, and parks, the book not only celebrates these cards' visual beauty but also considers their historic value. After providing an overview of the history of postcards in New Orleans, Matthew Griffis expertly arranges and describes the postcards by subject or theme. Focusing on the period from 1900 to 1920, the book is the first to offer information about the cards' many publishers. More than a century ago, people sent postcards like we make phone calls today. Many also collected postcards, even trading them in groups or clubs. Adorned with colorized views of urban and rural landscapes, postcards offered people a chance to own images of places they lived, visited, or merely dreamed of visiting. Today

these relics remain one of the richest visual records of the last century as they offer a glimpse at the ways a city represented itself They now appear regularly in art exhibits blogs and research collections Many of the cards in this book have not been widely seen in well over a century and many of the places and traditions they depict have long since vanished *The Golden Thirteen* Dan Goldberg,2020-05-19 The inspiring story of the 13 courageous Black men who integrated the U S Navy during World War II leading desegregation efforts across America and anticipating the civil rights movement Featuring previously unpublished material from the U S Navy this little known history of forgotten civil rights heroes uncovers the racism within the military and the fight to serve Through oral histories and original interviews with surviving family members Dan Goldberg brings thirteen forgotten heroes away from the margins of history and into the spotlight He reveals the opposition these men faced the racist pseudo science the regular condescension the repeated epithets the verbal abuse and even violence Despite these immense challenges the Golden Thirteen persisted understanding the power of integration the opportunities for black Americans if they succeeded and the consequences if they failed Until 1942 black men in the Navy could hold jobs only as cleaners and cooks The Navy reluctantly decided to select the first black men to undergo officer training in 1944 after enormous pressure from ordinary citizens and civil rights leaders These men segregated and sworn to secrecy worked harder than they ever had in their lives and ultimately passed their exams with the highest average of any class in Navy history In March 1944 these sailors became officers the first black men to wear the gold stripes Yet even then their fight wasn't over white men refused to salute them refused to eat at their table and refused to accept that black men could be superior to them in rank Still the Golden Thirteen persevered determined to hold their heads high and set an example that would inspire generations to come In the vein of *Hidden Figures* *The Golden Thirteen* reveals the contributions of heroes who were previously lost to history *Barry County Missouri Fishing & Floating Guide Book* Jim Maccracken,2018-04-29 Barry County Missouri Fishing Floating Guide Book Over 400 full 8 x 11 sized pages of information with maps and aerial photographs available Fishing information is included for ALL of the county's public ponds and lakes listing types of fish for each pond or lake average sizes and exact locations with GPS coordinates and directions Also included is fishing information for most of the streams and rivers including access points and public areas with road contact and crossing points and also includes fish types and average sizes NEW NEW Now with a complete set of full sized U S G S Topographical Maps for the entire county that normally cost from 12 00 to 14 00 each but are included on the disk for FREE These maps are complete full sized 7 5 minute series quadrangle maps in 1 24 000 scale maps Contains complete information on Big Creek Big Sugar Creek Flat Creek F Gunter Creek James River Kings Creek Piney Creek TF Roaring River Roaring River C A Ponds Roaring River State Park Rock Creek Shoal Creek F Table Rock Lake White River F F means floatable streams and rivers *High Points in the Work of the High Schools of New York City* New York (N.Y.).
