Šinkovec,2022-01-12 This book is a compilation of NATO related speeches interventions letters interviews articles and some last minute thoughts that the author released upon the world from 1991 to 2021 The texts are presented as they were delivered in rough English used by non native English speakers to preserve their authenticity as are the colorful prefaces to each one of them The compilation is far from complete as many speeches resembled each other and nauseam some were unfortunately or fortunately lost or misplaced some deemed inappropriate while some other pieces are hoping to see the light of the day in the long planned books Putting Slovenia on the Map and Slovenia's Contribution to the Formulation of EU's Foreign and Security Policy The main reason for publishing this book is to document a glimpse into the thinking and work of a person who oversaw the whole project of Slovenia's his country's journey from zero status to becoming its representative sitting at one of the top world tables on an equal footing with the rest of the Alliance members Unfortunately too often if not always the winners write history It is hard to predict who the winners of the quiet but still ongoing battle on how to ensure Slovenia's and Europe's security will be This is not just the battle between peaceniks and realists at home but also between the promoters of the growing role of the European Union in the defense area and those who believe that only NATO can provide Europe's hard security Senior Ambassador Šinkovec a former California hippie staunchly belongs in the latter bunch In foreword the author attempts to present a realistic view of NATO as it is today as well as the murky future it seems to be embarking upon Are we on the verge of losing or reclaiming the Alliance that has kept peace in Europe since 1949
