Read the text.

Causes of the Cold War

The Cold War was a long period of tension between the United States and the Soviet Union that lasted from the late 1940s to the early 1990s. It was called "cold" because it did not lead to direct fighting between the two countries. Instead, the conflict was fought through threats, political pressure, and smaller wars in other parts of the world. The main cause of the Cold War was the rivalry between the United States, which supported democracy and capitalism, and the Soviet Union, which supported communism and a government-controlled economy.

Answer the questions.

2 Why was the Cold War called "cold"?

3 What ideals did the U.S. support?

4 What ideals did the Soviet Union support?

Socialist Fun Gleb Tsipursky, 2016-09-03 Most narratives depict Soviet Cold War cultural activities and youth groups as drab and dreary militant and politicized In this study Gleb Tsipursky challenges these stereotypes in a revealing portrayal of Soviet youth and state sponsored popular culture The primary local venues for Soviet culture were the tens of thousands of clubs where young people found entertainment leisure social life and romance Here sports dance film theater music lectures and political meetings became vehicles to disseminate a socialist version of modernity The Soviet way of life was dutifully presented and perceived as the most progressive and advanced in an attempt to stave off Western influences In effect socialist fun became very serious business As Tsipursky shows however Western culture did infiltrate these activities particularly at local levels where participants and organizers deceptively cloaked their offerings to appeal to their own audiences Thus Soviet modernity evolved as a complex and multivalent ideological device Tsipursky provides a
