John MacArthur,2007-05-01 Eureka In an age of open mindedness many believers accept too much with too little discernment resulting in great confusion and compromise But God s Word makes it clear that not everything that glitters is gold False teaching is at every turn and the temptation to embrace it is great As God s people we are called to sift through the overwhelming number of traditions and trends and use the truth of Scripture to determine which are the true treasures and which are fool s gold General editor John MacArthur and the contributors of this uncompromising book define the principles of biblical discernment and use them to address several contemporary Christian issues They provide straightforward biblical critiques of some popular but unfortunate Christian trends such as watered down preaching and doctrinally questionable best selling books Dr MacArthur ends with a practical plan for cultivating discernment in the Christian life It is the duty of every Christian not just pastors and elders to follow the biblical command to cling to what is good and to reject what is not This book will equip you with a foundation for biblical discernment that will enable you to make careful distinctions in your thinking about truth The Bible and Feminism Yvonne Sherwood,Anna Fisk,2017 This collection provides readers with a concise high level introduction to the field of feminist and gender biblical criticism It consists of 36 chapters which tackle a wide range of new theoretical and methodological movements **The Social Life of Scriptures** James Bielo,2009-08-26 What do Christians do with the Bible How do they individually and collectively interact with the sacred texts Why does this engagement shift so drastically among and between social historical religious and institutional contexts Such questions are addressed in a most enlightening engaging and original way in The Social Life of Scriptures Contributors offer a collection of closely analyzed and carefully conducted ethnographic and historical case studies covering a range of geographic theological and cultural territory including American evangelicals and charismatics Jamaican Rastafarians evangelical and Catholic Mayans Northern Irish charismatics Nigerian Anglicans and Chinese evangelicals in the United States The Social Life of Scriptures is the first book to present an eclectic cross cultural and comparative investigation of Bible use Moreover it models an important movement to outline a framework for how scriptures are implicated in organizing social structures and meanings with specific foci on gender ethnicity agency and power The Uncivilized Races of Men in All Countries of the World John George Wood,1876 **The Gender of Crime** Dana M.

Britton, Shannon K. Jacobsen, Grace E. Howard, 2017-08-03 The Gender of Crime introduces readers to how gender shapes our understanding of every aspect of crime from defining what crime is to governing how crime is punished The second edition of this award winning book maintains the accessible reader friendly narrative of the first edition with key updates and new material throughout including increased focus on the intersections of race class gender and sexuality in crime and punishment more attention to LGBTQ issues additional coverage of gender and crime on college campuses and more This dynamic and provocative book illustrates how gender is central to the definition prosecution and sentencing of crimes that it shapes how victimization is experienced and understood and how it structures the institutions of the criminal justice system and the experiences of workers within that system The Gender of Crime demonstrates that crime victimization and crime control are never generic they are instead produced and experienced by gendered and raced and classed and sexualized actors within contexts of social inequality This book highlights key concepts and encourages readers to think through a range of compelling real life examples from school violence to corporate crime The second edition of The Gender of Crime is essential reading for students of gender and sexuality sociology criminology and criminal justice **What Women Want**

Geoff Dench, 2017-09-29 Over the last few decades families in many highly developed nations such as Great Britain have been held together by grandparents Yet as single motherhood spreads into this generation extended families without men or work are becoming more common The proportion of single mothers with daughters who are also state dependent single mothers is growing The British underclass has arrived Women who can see this happening around them and understand its roots are the ones most able to revive traditional values but policymakers are looking the other way This fuels alienation from mainstream political parties What Women Want argues that sociology and social policy in Britain have failed to recognize how women's orientation to paid work and a career remains different from men's Most women now have paid jobs but the happiest are those working only part time with plenty of time to enjoy motherhood and being a homemaker A revised sexual division of labor has emerged and the author argues that denial of this in Britain may be contributing to the breakdown of family life A working male partner is a major factor in making women happy The least content are single mothers dependent on state welfare who know that the state expects them to repay its support by becoming full time workers when their children reach a certain age Many single mothers may be victims of policies prioritizing work for women Single motherhood has grown alongside male breadwinners This is a new edition of a book previously distributed only in the United Kingdom The

Truth About Guys Chad Eastham, 2012-01-10 A guide to teenage boys for Christian teenage girls discusses such issues as what guys really want in girls why guys do not like to talk about their feelings and how to have a healthy relationship

Brand Jesus Tyler Wigg Stevenson, 2007-05-01 In this provocative book the author argues that American Christianity especially evangelicalism has been corrupted by the dominance of consumerism in modern life The church's mostly uncritical adoption of this secular condition has resulted in an idolatrous morphing of the message of Christ into just another brand

With Brand Jesus Wigg Stevenson names the growing concern felt by many Christians at the commodification of their faith Using Paul s letter to the Romans as a starting point Wigg Stevenson reads the letter to today s church speaking to our consumerist situation through the parallels with Paul s Rome Though rooted unapologetically in a love for the church Brand Jesus does not shy away from provocative claims about the melding of Christian faith and consumer ideals the rise of market driven theology the blurring boundaries between the law and religion and other topics Wigg Stevenson describes the current situation of both church and society and issues a challenge to it When faith is a product for consumption how can the church be faithful to Christ as living Lord instead of as Brand Jesus
