Hagar, Sarah, and Their Children Phyllis Tribble, Letty M. Russell, 2006-03-02 In different ways Judaism Christianity and Islam all trace their beginnings to Abraham His wives Hagar and Sarah though also pivotal in the story have received far less attention In this book however noted Jewish Christian and Muslim scholars focus on Hagar Sarah and their children from Ishmael and Isaac to their many descendents through the centuries Moving from ancient and medieval sources to contemporary appropriations of the Sarah and Hagar story the authors begin with an overview of the three religions from their scriptural beginnings to their contemporary questions They then explore how the story was developed after its canonization in rabbinic interpretations in the stories of Islam and in the teachings of the early church fathers They also present contemporary womanist and feminist perspectives Timely relevant and provocative this book provides an entree into interreligious discussion and understanding

The Ambiguous Figure of the Neighbor in Jewish, Christian, and Islamic Texts and Receptions Marianne Bjelland Kartzow, 2021-09-12 This book examines an undertheorized topic in the study of religion and sacred texts the figure of the neighbor By analyzing and comparing this figure in Jewish Christian and Islamic texts and receptions the chapters explore a conceptual shift from Children of Abraham to Ambiguous Neighbors Through a variety of case studies using diverse methods and material chapters explore the neighbor in these neighboring texts and traditions The figure of the neighbor seems like an innocent topic at the surface It is an everyday phenomenon that everyone have knowledge about and experiences with Still analytically it has a rich and innovative potential Recent interdisciplinary research employs this figure to address issues of cultural diversity gender migration ethnic relationships war and peace environmental challenges and urbanization The neighbor represents the borderline between insider and outsider friend and enemy us and them This ambiguous status makes the neighbor particularly interesting as an entry point into issues of cultural complexity self definition and identity This volume brings all the intersections of religion ethnicity gender and socio cultural diversity into the same neighborhood paying attention to sacred texts receptions and contemporary communities The Ambiguous Figure of the Neighbor in Jewish Christian and Islamic Texts and Receptions offers a fascinating study of the intersections between Jewish Christian and Islamic text and will be of interest to anyone working on these traditions

womanist and feminist perspectives Timely relevant and provocative this book provides an entree into interreligious discussion and understanding **Engaging the Bible in a Gendered World** Linda Day, Carolyn Pressler, 2006-01-01 In highly accessible essays the book covers the history achievements and cutting edge questions in the area of gender and biblical scholarship including violence and the Bible female biblical God imagery and sexuality Jacket **Discovering Genesis** Iain Provan ,2016 Concise student friendly introduction to Genesis Iain Provan here offers readers a compact up to date and student friendly introduction to the book of Genesis focusing on its structure content theological concerns key interpretive debates and historical reception Drawing on a range of methodological approaches author text and reader centered as complementary rather than mutually exclusive ways of understanding Discovering Genesis encourages students to dig deeply into the theological and historical questions raised by the text It provides a critical assessment of key interpreters and interpretive debates focusing especially on the reception history of the biblical text a subject of growing interest to students and scholars of the Bible Claiming Her Dignity L. Juliana M. Claassens, 2016-10-06 To be human means to resist dehumanization In the darkest periods of human history men and women have risen up and in many different voices said this one thing Do not treat me like this Treat me like the human being that I am Claiming Her Dignity explores a number of stories from the Old Testament in which women in a variety of creative ways resist the violence of war rape heterarchy and poverty Amid the life denying circumstances that seek to attack violate and destroy the bodies and psyches of women men and children the women featured in this book absolutely refuse to succumb to the explicit and at times subtle but no less harmful manifestations of violence that they face Playing with Scripture Andrew Judd, 2024-01-22 This book puts a creative new reading of Hans Georg Gadamer s philosophical hermeneutics and literary genre theory to work on the problem of Scripture Reading texts as Scripture brings two hermeneutical assumptions into tension that the text will continually say something new and relevant to the present situation and that the text has stability and authority over readers Given how contested the Bible s meaning is how is it possible to read Scripture as authoritative and relevant Rather than anchor meaning in author text or reader Gadamer s phenomenological model of hermeneutical experience as Spiel play offers a dynamic intersubjective account of how understanding happens avoiding the dead end of the subjective objective dichotomy Modern genre theory addresses some of the criticisms of Gadamer accounting for the different roles played by readers in different genres using the new term Lesespiel reading game This is tested in three case studies of contested texts the recontextualization of psalms in the book of Acts the use of Hagar s story Genesis 16 in nineteenth century debates over slavery and the troubling reception history of the rape and murder in Gibeah Judges 19 In each study the application of ancient text to contemporary situation is neither arbitrary nor slavishly bound to tradition but playful Forensic Scriptures Brian Arthur Brown, 2009-02-16 In Forensic Scriptures Brian Arthur Brown presents a long overdue Diagram of Sources of the Pentateuch from Hebrew Scriptures a new perspective on authorship of the document known as Q in the Christian

Scriptures an acceptable entrance into particular disciplines of scriptural criticism for Muslims and an exciting new paradigm from Islam identifying the role women may have played in production of the Qur'an and the Bible

The Matriarchs in Genesis Rabbah Katie J. Woolstenhulme, 2020-12-10 Katie J Woolstenhulme considers the pertinent questions Who were the matriarchs and what did the rabbis think about them Whilst scholarship on the role of women in the Bible and Rabbinic Judaism has increased the authoritative group of women known as the matriarchs has been neglected This volume consequently focuses on the role and status of the biblical matriarchs in Genesis Rabbah the fifth century CE rabbinic commentary on Genesis Woolstenhulme begins by discussing the nature of midrash and introducing Genesis Rabbah before exploring the term the matriarchs and its development through early exegetical literature culminating in the emergence of two definitions of the term in Genesis Rabbah the matriarchs as the legitimate wives of Israel's patriarchs and the matriarchs as a reference to Jacob's four wives who bore Israel's tribal ancestors She then moves to discuss the matriarchal cycle in Genesis Rabbah with its three stages of barrenness motherhood and succession Finally Woolstenhulme considers Genesis Rabbah's portrayal of the matriarchs as representatives of the female sex exploring positive and negative rabbinic attitudes towards women with a focus on piety prayer praise beauty and sexuality and the matriarchs exemplification of stereotypical negative female traits This volume concludes that for the ancient rabbis the matriarchs were the historical mothers of Israel bearing covenant sons but also the present mothers of Israel continuing to influence Jewish identity

The Matriarchs of Genesis David J. Zucker, Moshe Reiss, 2015-08-27 Sarah Hagar Rebekah Leah Rachel Bilhah Zilpah These are the Matriarchs of Genesis A people's self understanding is fashioned on their heroes and heroines Sarah Rebekah Leah and Rachel the traditional four Matriarchs are important and powerful people in the book of Genesis Each woman plays her part in her generation She interacts with and advises her husband seeking to achieve both present and future successes for her family These women act decisively at crucial points through their actions and words their family dynamics change irrevocably Unlike their husbands we know little of their unspoken thoughts or actions What the text in Genesis does share shows that these women are perceptive and judicious often seeing the grand scheme with clarity While their stories are told in Genesis in the post biblical world of the Pseudepigrapha their stories are retold in new ways The rabbis also speak of these women and contemporary scholars and feminists continue to explore the Matriarchs in Genesis and later literature Using extensive quotations we present these women through five lenses the Bible Early Extra Biblical Literature Rabbinic Literature Contemporary Scholarship and Feminist Thought In addition we consider Hagar Abraham's second wife and the mother of Ishmael as well as Bilhah and Zilpah Jacob's third and fourth wives

Feminist Edges of the Qur'an Aysha A. Hidayatullah, 2014-04-01 Aysha Hidayatullah presents the first comprehensive analysis of contemporary feminist interpretations of the Qur'an Synthesizing prominent feminist readings of the Qur'an in the United States since the late twentieth century she provides an essential introduction to this nascent field of Qur'anic scholarship and engages in a deep

investigation as well as a radical critique of its methods and approaches With a particular focus on feminist impasses in the Qur'anic text she argues that many feminist interpretations rely on claims about feminist justice that are not fully supported by the text and she proposes a major revision to their exegetical foundations A provocative work of Muslim feminist theology *Feminist Edges of the Qur'an* is a vital intervention in urgent conversations about women and the Qur'an *A Place for Hagar's Son* John T. Noble, 2016-06-01 The profound ambivalence of the biblical portrayals of Hagar and Ishmael dispossessed yet protected abandoned yet given promises that rival those of the covenant with Abraham belies easy characterizations of the Pentateuch's writers In particular John T Noble argues conventional characterizations of the Priestly writers' view of covenant have failed to take into account the significance of these two non-chosen figures Noble carefully examines their roles and depictions in the P and non-P Genesis traditions comparing them to other non-chosen figures and to patterns found in Exodus traditions and the patriarchal promises to Abraham showing that Ishmael is clearly favored though not chosen Indeed Noble argues Ishmael must be seen as a key figure in the Priestly material highlighting the relationship between Noahic and Abrahamic covenants His ambiguous status calls for reconsideration of the goals and values of the Priestly work which Noble sketches around themes of covenant fertility life and the future of nations *Destabilizing the Margins* Marianne Bjelland Kartzow, 2012-09-21 In this book Marianne Bjelland Kartzow suggests that ideas taken from recent discussions of multiple identities and intersectionality combined with insights from memory theory can renew our engagement with biblical texts Some marginal early Christian passages and what the scholarly community has reconstructed of their historical contexts are encountered looking for alternative ways these texts can produce meaning A fresh look at some marginal biblical figures such as male and female slaves who are beaten by a fellow slave the queer figure of the Ethiopian eunuch foreign Egyptian women rebellious widows or a possessed fortune-telling slave girl can help biblical users to talk in more critical and creative ways about responsibility identity injustice violence inclusion exclusion and the intersections of gender sexuality race and class These perspectives may be relevant for those who see the New Testament as Christian canon or as cultural canon or as both **Legal Friction** Gershon Hepner, 2010 *Legal Friction: Law, Narrative, and Identity Politics in Biblical Israel* tracks the mystery of narratives in the Hebrew Bible and their allusions to Sinai laws by highlighting intertextual allusions created by verbal resonances While the second and the third parts of the volume illustrate allusions to Sinai narratives made by some narratives occurring in the post-Sinaitic era twenty-three Genesis narratives are analyzed to show that the protagonists were bound by Sinai Laws before God supposedly gave them to Moses anticipating the Book of Jubilees *Legal Friction* suggests that most of Genesis was composed during or after the Babylonian exile after the codification of most Sinai laws which Genesis protagonists consistently violate The fact that they are not punished for these violations implies to the exiles that the Sinai Covenant was unconditional In addition the author proposes that Genesis contains a hidden polemic encouraging the Judean exiles to follow the revisions of laws of the Covenant Code by the Holiness

Code and Deuteronomy Genesis narratives like those describing post Sinai events often cannot be understood properly without recognition of their allusions to biblical laws

Construction of Gender and Identity in Genesis Karalina Matskevich, 2019-01-24 Karalina Matskevich examines the structures that map out the construction of gendered and national identities in Genesis 2:3 and 12:36 Matskevich shows how the dominant Subject the androcentric ha adam and the ethnocentric Israel is perceived in relation to and over against the Other represented respectively as female and foreign Using the tools of narratology semiotics and psychoanalysis Matskevich highlights the contradiction inherent in the project of dominance through which the Subject seeks to suppress the transforming power of difference it relies on for its signification Thus in Genesis 2:3 ha adam can only emerge as a complex Subject in possession of knowledge with the help of woman the transforming Other to whom the narrator and Yahweh attributes both the agency and the blame Similarly the narratives of Genesis 12:36 show a conflicted attitude to places of alterity Egypt the fertile and seductive space that threatens annihilation and Haran the mother's land a complex metaphor for the feminine The construction of identity in these narratives largely relies on the symbolic fecundity of the Other

The Cambridge Companion to Genesis Bill T. Arnold, 2022-05-12 The Cambridge Companion to Genesis explores the first book of the Bible the book that serves as the foundation for the rest of the Hebrew Scriptures Recognizing its unique position in world history the history of religions as well as biblical and theological studies the volume summarizes key developments in Biblical scholarship since the Enlightenment while offering an overview of the diverse methods and reading strategies that are currently applied to the reading of Genesis It also explores questions that in some cases have been explored for centuries Written by an international team of scholars whose essays were specially commissioned the Companion provides a multi disciplinary update of all relevant issues related to the interpretation of Genesis Whether the reader is taking the first step on the path or continuing a research journey this volume will illuminate the role of Genesis in world religions theology philosophy and critical biblical scholarship

Identity Crisis Sarah Yoon, 2015-03-17 This book provides a general overview of the identity crises BMB believer from Muslim background women in Jordan go through and reasons for it Traditionally persecution from family community or the secret police is thought to leave these women with newfound faith However even before persecution exposes their new faith many initial believers give up seeking the new truth and return to their previous phase due to a serious identity crisis This phenomenon is found to occur particularly often among female BMBs because of their unique circumstances in the religious and sociocultural contexts of Jordan Through an examination of BMB women's narratives this book explores how Muslim women form their identities and what they experience in the process of conversion

Jewish Muslims David M. Freidenreich, 2023-01-10 Uncovering the hidden history of Islamophobia and its surprising connections to the long standing hatred of Jews Hatred of Jews and hatred of Muslims have been intertwined in Christian thought since the rise of Islam In Jewish Muslims David M Freidenreich explores the history of this complex perplexing and emotionally fraught phenomenon

He makes the compelling case that then and now hate mongers target them in an effort to define us Analyzing anti Muslim sentiment in texts and images produced across Europe and the Middle East over a thousand years the author shows how Christians intentionally distorted reality by alleging that Muslims were just like Jews They did so not only to justify assaults against Muslims on theological grounds but also to motivate fellow believers to live as good Christians The disdain premodern polemicists expressed for Islam and Judaism was never really about these religions Rather they sought to promote their own visions of Christianity a dynamic that similarly animates portrayals of Muslims and Jews today **Ex**
