Carolina Israelite Kimberly Marlowe Hartnett, 2015-05-11 This first comprehensive biography of Jewish American writer and humorist Harry Golden 1903 1981 author of the 1958 national best seller *Only in America* illuminates a remarkable life intertwined with the rise of the civil rights movement Jewish popular culture and the sometimes precarious position of Jews in the South and across America during the 1950s After recounting Golden's childhood on New York's Lower East Side Kimberly Marlowe Hartnett points to his stint in prison as a young man after a widely publicized conviction for investment fraud during the Great Depression as the root of his empathy for the underdog in any story During World War II the cigar smoking bourbon loving raconteur landed in Charlotte North Carolina and founded the *Carolina Israelite* newspaper which was published into the 1960s Golden's writings on race relations and equal rights attracted a huge popular readership Golden used his celebrity to editorialize for civil rights as the momentous story unfolded He charmed his way into friendships and lively correspondence with Carl Sandburg Adlai Stevenson Robert Kennedy and Billy Graham among other notable Americans and he appeared on the *Tonight Show* as well as other national television programs Hartnett's spirited chronicle captures Golden's message of social inclusion for a new audience today

Workers and revolution in Serbia Martin Upchurch, Darko Marinkovic, 2016-05-16 This book offers a refreshing new analysis of the role of workers both in Tito's Yugoslavia and in the subsequent Serbian revolution against Milošević in October 2000 The authors argue that Tito and the Communist leadership of Yugoslavia saw self management as a modernising project to compete with the West and as a disciplining tool for workers in the enterprise The socialist ideals of self management were subsequently corrupted by Yugoslavia's turn to the market The authors then move on to examining the central role of ordinary workers in overthrowing the nationalist regime of Milošević and present an account which runs contrary to many descriptions of labour weakness in post Communist states Organised labour should be studied as a movement in and of itself rather than as a passive object of external forces Two labour movement waves have emerged under post Communism the first an expression of desire for democracy the second as a collaboration and clientelism A third wave against the ravages of neoliberalism is only just emerging
