Jeff Koons Hulk Elvis:

Jeff Koons Scott Rothkopf, 2010-01-12 The definitive survey of Jeff Koons's Hulk Elvis paintings including an extensive interview with the artist in his studio From the outset of his controversial career Jeff Koons turned the traditional notion of the work of art and its context inside out Focusing on unexpected yet banal objects as models for his work he eschewed typical standards of good taste in art instead embracing what he perceives as conventional middle class values in order to expose the vulnerabilities of aesthetic hierarchies and value systems Koons's declared strategies are to make art beautiful to strive for objectivity to give back the familiar and to reflect and thus empower the viewer The works of Koons's series Hulk Elvis burst with energy and precision yet mystify with their complex permutations and combinations of figurative and abstract elements A charged mix of inflatable monkeys geishas birds the Incredible Hulk and the Liberty Bell jostle against realistically rendered landscapes gestural paintings steam engines and horse drawn carriages negative silhouettes and underlying dot screens Jeff Koons, 2015 *Jeff Koons* Scott Rothkopf, 2014-07-08 With over 200 illustrations of iconic works as well as preparatory studies and historic photographs this book offers fresh insight into Koons's polarizing and influential career *The Death and Resurrection of Elvis Presley* Ted Harrison, 2016-09-15 There is no other way to put it Elvis is the King Note the present tense even though Elvis supposedly died nearly forty years ago he has lived on in our hearts as a sound as an image and as an especially vigorous personality In fact it's safe to say no other celebrity has done so quite as well *The Death and Resurrection of Elvis Presley* is the story of that afterlife of Elvis after he left the building Walking the eccentrically carpeted rooms of Graceland bidding into stratospheric sums on his auctioned relics and mingling among the some 200 000 impersonators of his likeness Ted Harrison offers nothing less than the ultimate Elvis tribute Harrison begins of course in pilgrimage to Graceland He shows how Elvis's estate was pillaged nearly to ruin by his manager but was saved through the deft business acumen and financial vision of his divorced wife one Priscilla Presley If Graceland seems holy that's because it is Harrison unveils in Elvis's allure a deeply spiritual dimension showing how Elvis fans over the decades have anointed their idol with Christ-like qualities Through Elvis's extravagance Harrison raises fascinating links between money and faith and through Elvis's life he shows how the King actually fulfilled a host of roles ranging from hero to martyr to saint Underpinning the whole story is Elvis's extraordinary charisma and lest we forget his astonishing musical genius Fascinating colorful and deeply informative this book is a must have for any fan anyone who was ever lucky enough to see Elvis alive or who hopes they might still be able to Philosophy of Posthuman Art Stefan Lorenz Sorgner, 2022-06-13 Aesthetic reflections by various members of the Frankfurt school have dominated the art world for many decades Sorgner shows that they introduced a paternalistic logic in the field of aesthetics while attempting to overcome paternalism His art philosophical alternative reveals the option of creating non-totalitarian total works of art The wide spectrum of posthuman artworks reveals the immense diversity of nontotalitarian total works of art A deeply considered survey of the posthuman

future of art Sorgner's philosophy of posthumanism provides a path away from the dominant 20th century aesthetics that still inform our conception of art today Through the innovative concept of the twist Sorgner's encyclopedic text frames posthumanism as the foundation of an anti totalitarian future of art Eduardo Kac Philosophy of Posthuman Art impressively examines the aesthetics of the monstrous of hybridity of smoothness and of the amorphous to name a few It is an articulate and informed analysis not only of particular artworks but also their philosophical underpinnings of Critical Posthumanism Transhumanism and Metahumanism It not only includes examples of bioart body art performance art and cryptoart but also techno digital and cyborg music It is a time when we transition from the ontology of Being to the ontology of Becoming We are now in a liminal age of the hybrid and the chimera And as Stefan Lorenz Sorgner reminds us with a twist we have always been cyborgs Stelarc [Harper's Bazaar](#) ,1867 *The Necessity of Sculpture* Eric Gibson,2020-04-07 The Necessity of Sculpture brings together a selection of articles on sculpture and sculptors from Eric Gibson's nearly four decade career as an art critic It covers subjects as diverse as Mesopotamian cylinder seals war memorials and the art of the American West stylistic periods such as the Hellenistic in Ancient Greece and Kamakura in medieval Japan Michelangelo Gian Lorenzo Bernini Augustus Saint Gaudens and other historical figures modernists like Auguste Rodin Pablo Picasso and Alberto Giacometti and contemporary artists including Richard Serra Rachel Whiteread and Jeff Koons Organized chronologically by artist and period this collection is as much a synoptic history of sculpture as it is an art chronicle At the same time it is an illuminating introduction to the subject for anyone coming to it for the first time [In Search of a Lost Avant-Garde](#) Matti Bunzl,2014-09-16 In 2008 anthropologist Matti Bunzl was given rare access to observe the curatorial department of Chicago's Museum of Contemporary Art For five months he sat with the institution's staff witnessing firsthand what truly goes on behind the scenes at a contemporary art museum From fund raising and owner loans to museum artist relations to the immense effort involved in safely shipping sixty works from twenty seven lenders in fourteen cities and five countries Matti Bunzl's In Search of a Lost Avant Garde illustrates the inner workings of one of Chicago's premier cultural institutions Bunzl's ethnography is designed to show how a commitment to the avant garde can come into conflict with an imperative for growth leading to the abandonment of the new and difficult in favor of the entertaining and profitable Jeff Koons whose massive retrospective debuted during Bunzl's research occupies a central place in his book and exposes the anxieties caused by such seemingly pornographic work as the infamous Made in Heaven series Featuring cameos by other leading artists including Liam Gillick Jenny Holzer Karen Kilimnik and Tino Sehgal the drama Bunzl narrates is palpable and entertaining and sheds an altogether new light on the contemporary art boom **Jeff Koons** Massimiliano Gioni,2021 Edited by curator Massimiliano Gioni this book focuses in particular on Koons art as seen in relation to contemporary American culture With his aesthetics of plenitude and his pop up dreams of social mobility and acceptance throughout his career Koons has composed a fantasy America custom made from art and schmaltz and emotions to use Warhol's description of his own interpretation of
