Jesus And The Cosmos:

Jesus and the Cosmos Denis Edwards, 2004-07-22 At the end of the twentieth century we began to understand that the earth is vulnerable that it is like a tiny garden in space under threat on all sides Jesus and the Cosmos is an attempt to think theologically about the ecological crisis we face in the light of the great Christian tradition Our theological tradition has been shaped within the worldview of a static universe By contrast we are told today that the universe began with a cosmic explosion called the Big Bang that we live in an expanding universe with galaxies rushing away from us at an enormous rate that we human beings are part of an evolutionary movement on the earth and that we are intimately linked with the health of delicately balanced life systems on our planet Not only has modern science given this age a new cosmology but contemporary historical studies have provided us with a new approach to the historical Jesus Critical biblical study has allowed us to know far more about the Jesus who brought joy and liberation into people's lives In Jesus and the Cosmos Denis Edwards tells the story of the cosmos the story of Jesus of Nazareth and shows their connections Ultimately he will assert Jesus of Nazareth risen from the dead IS the dynamic power at the heart of the cosmic process

Prayers of the Cosmos Neil Douglas-Klotz, 2010-12-14 Reinterpreting the Lord's Prayer and the Beatitudes from the vantage of Middle Eastern mysticism Douglas Klotz offers a radical new translation of the words of Jesus Christ that reveals a mystical feminist cosmic Christ

The New Testament and the Future of the Cosmos Ryan P. Juza, 2020-11-05 The New Testament and the Future of the Cosmos is an exploration into the cosmic eschatology of the New Testament It invites the reader to grapple with two interrelated questions along with the author 1 What did the writers of the New Testament teach about the fate of the cosmos and 2 can we synthesize their teachings into a coherent New Testament theology By offering a close reading of key texts that inform the topic most notably Matt 24 29 31 Mark 13 24 27 Luke 21 25 28 Rom 8 19 22 Heb 12 25 29 2 Pet 3 4 13 and Rev 21 1 5 it is argued that one can with certain qualifications ascertain a clear and coherent New Testament message pertaining to the future of the cosmos Along the way new exegetical ground is broken in several passages by identifying a previously unnoticed theme that runs throughout the New Testament concerning the future of the cosmos God's judgment of the heavenly powers of evil as a key component to the cosmic transition At present these hostile powers hold the cosmos captive to death but on the Day of the Lord they will be overthrown setting the stage for a materially transformed world to emerge from the hand of God

Apocalyptic Good News R. Dean Drayton, 2019-07-12 Remarkable studies in the New Testament have recovered the fact that the gospel the good news of Jesus Christ was apocalyptic good news God's redemptive action within history Today for more and more people the sheer scope of an evolutionary universe renders life on Earth as utterly insignificant religion as nothing more than superstition And now in the Anthropocene we on the pale blue dot live in an apocalyptic age in which cataclysmic issue after cataclysmic issue threaten the future of the planet The faith of the early church was in an apocalyptic cosmic Christ unleashing within history God's good news of a new creation Set within the world

as we now know it this gives meaning to the cosmos and life wherever it is found around any star Screened from view for over a millennium during mission to non apocalyptic cultures now is the time for a new paradigm for church the apocalyptic church for an apocalyptic age to replace the denominational church What a difference this makes to faith worship and the role of the church in an apocalyptic future Cosmic Jesus J. E. Brandenburg,2014-01-21 Physicist Brandenburg gives us an explanation of the Cosmic Jesus and the metaphysics of the Bible and what it says about the cosmos Brandenburg reveals the relationship between GEM theory Gravity Electricity Magnetism and Gematria the importance of Israel being on the Silk Road the Aquarian Nazareth The Genesis Catastrophe The Revelation introduced the idea of a One God of Law who was master of all Physics and the Cosmos and lots more Brandenburg discusses the Greek philosopher Aristarchus of Samos 200 BC his work on the modern structure of the cosmos and his influence on the Biblical Paul who also had a companion named Aristarchus as well as how the Bible appears to contain a sophisticated mathematical allegory centered around Jesus and the 5th dimension of Kaluza Klein and GEM theory that runs through millennia where Jesus is the repairer of the effects of the collapse of the fifth dimension to subatomic size Brandenburg tells us how we must necessitate human contact and travel to the stars and establish trade in ideas and merchandise with those who dwell there We must be proactive in this and not wait for others to come here we must make every effort to go to them **Christ and the Cosmos** E. H. Andrews,1986 The evolutionary scenario for the origin of life is almost universally accepted and taught Yet against this stands the Christian contention for a biblical view of origins In this Professor Andrews last work he moves on from the basic evolution creation debate to examine our whole concept of the creationist position Can creationism be proved by scientific evidence Indeed how much weight should we give to scientific findings in relation to biblical teaching Professor Andrews contends that if our concept of the cosmos is to be a true one then the Christ of the Bible must be at the centre of our thinking Nay theory of origins whether scientific creationism or evolution that fails at this point is equally false Only in Christ the Creator and Sustainer of the universe can Christian faith find its ultimate and glorious fulfilment **Christ and the Cosmos** Jean-François Bonnefoy,1965 **The Biblical Cosmos** Robin A. Parry,2015-04-30 Welcome to the weird and wonderful world of the Bible When we read Scripture we often imagine that the world inhabited by the Bible s characters was much the same as our own We would be wrong The biblical world is an ancient world with a flat earth that stands at the centre of the cosmos and with a vast ocean in the sky chaos dragons mystical mountains demonic deserts an underground zone for the dead stars that are sentient beings and if you travel upwards and through the doors in the solid dome of the sky God s heaven the heart of the universe Robin Parry takes the reader on a guided tour of the biblical cosmos with the goal of opening up the Bible in its ancient world He then goes further and shows how this very ancient biblical way of seeing the world is still revelatory and can speak God s word afresh into our own modern worlds **Christ and the Universe: Teilhard de Chardin and the Cosmos** Robert Hale (OSB.),Robert F. Keenan, 2022-09-09 This is volume 2 of a wide ranging interfaith reading of the Letter to the Ephesians a New Testament text whose words have inspired and enhanced Christian spiritual life and liturgy over the centuries Unfortunately at the same time Ephesians has provided apparent scriptural support to those who would defend slavery patriarchy misogyny and the physical power of Christ over the cosmos How on earth are today's Christians to receive and understand such a text as this *Earthing the Cosmic Christ of Ephesians The Universe Trinity and Zhiyi's Threefold Truth* draws upon a broad array of scientific theological and philosophical thinkers who enable us both to marvel at today's ever expanding knowledge of our vast cosmos and to appreciate the importance of the Ephesian letter in the canon of our Christian scriptures even while we acknowledge the archaic geocentric cosmology that underlies its claims about the cosmic Christ and reject its accommodation to the patriarchal misogynistic and slaveholding norms of its first century culture Throughout this reading of Ephesians we look to Chinese Buddhist master Zhiyi and his threefold truth to enhance our understanding of trinity and the nascent trinitarian themes within this letter As a whole this work constitutes a new appreciation for Ephesians as well as a twenty first century apologetic for doctrinal humility and for theologizing within a global theological commons **The Biblical Cosmos** Robin A Parry, 2015-04-30 Welcome to the weird and wonderful world of the Bible Robin Parry takes the reader on a guided tour of the biblical cosmos with the goal of opening up the Bible in its ancient world He then goes further and shows how this very ancient biblical way of seeing the world is still revelatory and can speak God's word afresh into our own modern worlds **Christ and the Cosmos** Gordon Strachan, 1985

scientific views Cosmos and Revelation urges the Christian community to reimagine God's creation by engaging the data of science For if God has indeed brought forth an intelligible world for us to explore through scientific research those who profess this faith ought to as a minimum allow scientific findings to expand their theological horizon Drawing on his scientific qualification and academic background in theology Peter R Stork opens several windows on God's creation from galactic star nurseries to the wonderland of living cells After rereading Genesis 1 and 2 the author interlaces examples and reflections to present a coherent yet provocative sketch of the new landscape that spreads out before us leaving it to his readers to intuit for themselves the immensities Christians are challenged to embrace in the age of science **The Cosmos in the Light of**

Cosmos Reborn John Crowder, 2013-08-01 Take a grace centered look at regeneration the new creation and the new birth Christ cured the human condition John's new book explores the universal scope of the cross if one died for all then all died For God was in Christ reconciling the cosmos to Himself He has woven humanity into His divinity Dispel the myth of a dark schizophrenic god of religion This book makes a scandalous case that the Father of Jesus Christ is in a good mood Need a religious detox Have a dose of happy theology on the new creation Good news to liberate your life Though we opposed Him as enemies in our minds God never set Himself against us as our enemy Adam was breathed from the very life of God and it has always been the Creator's intent to restore humanity to the bliss and immortality of its divine origin In the incarnation death and resurrection of Jesus Christ God included you and absorbed the entire created order into Himself bringing an end to decay and corruption Mortality has been swallowed up by immortality Chaos Or Cosmos?
