Protest and Propaganda Amy Helene Kirschke,Phillip Luke Sinitiere,2019-01-01 In looking back on his editorship of Crisis magazine W E B Du Bois said We condensed more news about Negroes and their problems in a month than most colored papers before this had published in a year Since its founding by Du Bois in 1910 Crisis has been the primary published voice of the NAACP Born in an age of Jim Crow racism often strapped for funds the magazine struggled and endured all the while providing a forum for people of color to document their inherent dignity and proclaim their definitive worth as human beings As the magazine s editor from 1910 until 1934 Du Bois guided the content and the aim of Crisis with a decisive hand He ensured that each issue argued for civil rights economic justice and social equality always framing America s intractable color line in an international perspective Du Bois benefited from a deep pool of black literary and artistic genius whether by commissioning the visual creativity of Harlem Renaissance artists for Crisis covers or by publishing poems and short stories from New Negro writers From North to South from East to West and even reaching across the globe Crisis circulated its ideas and marshaled its impact far and wide Building on the solid foundation Du Bois laid subsequent editors and contributors covered issues vital to communities of color such as access to resources during the New Deal era educational opportunities related to the historic Brown decision the realization of basic civil rights at midcentury American aid to Africa and Caribbean nations and the persistent economic inequalities of today s global era Despite its importance little has been written about the historical and cultural significance of this seminal magazine By exploring how Crisis responded to critical issues the essays in *Protest and Propaganda* provide the first well rounded in depth look at the magazine s role and influence The authors show how the essays columns and visuals published in Crisis changed conversations perceptions and even laws in the United States thereby calling a fractured nation to more fully live up to its democratic creed They explain how the magazine survived tremendous odds document how the voices of justice rose above the clamor of injustice and demonstrate how relevant such literary journalistic and artistic postures remain in a twenty first century world still in crisis **The Ideas**

That Made America: A Brief History Jennifer Ratner-Rosenhagen,2019-01-03 Spanning a variety of disciplines from religion philosophy and political thought to cultural criticism social theory and the arts *The Ideas That Made America A Brief History* shows how ideas have been major forces in American history driving movements such as transcendentalism Social Darwinism conservatism and postmodernism [American Christian Programmed Quaker Ecclesiology](#) Derek Brown,2024-02-06 In *American Christian Programmed Quaker Ecclesiology* Derek Brown argues that American Christian Programmed Quakerism has inherited a practical and pragmatic ecclesiology at the expense of an ontological understanding of the church Inspired by the work of Gerben Heitink Brown proposes a normative deductive ontological ecclesiology based

on the biblical concept of koinonia which would act as a foundational model for future confessional empirical and practical efforts To help form the proposed ecclesiology Brown explores the ecclesiological views of George Fox and Robert Barclay the adoption of the pastoral system and the emergence of the Evangelical Friends Church The ecclesiological writings of Miroslav Volf Wolfhart Pannenberg Hans K ng Jennifer Buck and C Wess Daniels are also surveyed After The Passion is Gone J. Shawn Landres, Michael Berenbaum, 2004 Mel Gibson s *The Passion of the Christ* topped box office charts and changed the American religious conversation The controversies it raised remain unsettled In *After The Passion Is Gone* American Religious Consequences leading scholars of religion and theology ask what Gibson s film and the resulting controversy reveal about Christians Jews and the possibilities of interreligious dialogue in the United States Landres and Berenbaum s collection moves beyond questions of whether or not the film was faithful to the gospels too violent or antisemitic and explores why the debate focused on these issues but not others The public discussion of *The Passion* shed light on a wide range of American attitudes evangelical Protestant mainline Protestant Roman Catholic and Jewish about media and faith politics and history Jesus and Judaism fundamentalism and victimhood *After The Passion Is Gone* takes a unique view of vital points in Christian Jewish relations and contemporary American religion The Chance of Salvation Lincoln A. Mullen, 2017-08-28 The United States has a long history of religious pluralism and yet Americans have often thought that people s faith determines their eternal destinies The result is that Americans switch religions more often than any other nation Lincoln Mullen traces the history of the distinctively American idea that religion is a matter of individual choice *The Ties that Bind* Esther Kobel, Meredith Warren, Jo-Ann A. Brant, 2023-06-15 Friendship and other intimate but not always amicable relationships have received some attention in the greater field of research on early Judaism and Christianity though not as much as deserved This volume celebrates and builds upon the life long work of Adele Reinhartz covering the various permutations of relationships that can be found in the Gospel of John the wider corpus of early Jewish and Christian literature and cinematic re imaginings thereof While the issue of whether one can befriend the Fourth Gospel in light of the book s legacy of antisemitism is central to many of the essays in this volume others address other more or less likely friendships Pilate Paul Lazarus Judas or Mary Magdalene Likewise the bonds between ancient texts and contemporary retellings of their stories feature prominently with contributors asking what kinds of relationships filmmakers encourage their audiences to have with their subjects This volume explores some of the rich variety of relationships in the ancient world and unpacks the intricate and dynamic processes and interactions by which human relationships and societies are generated maintained and dissolved **Broken Hallelujah** Darren J. N. Middleton, 2007-01-01 Marking the fiftieth anniversary of Kazantzakis s death author Darren J N Middleton looks back on Kazantzakis s life and literary art to suggest that contrary to popular belief Kazantzakis and his views actually comport with the ideals of Christianity Christ is the Question Wayne A. Meeks, 2006-01-01 In this series of reflections on the mystery of Jesus and the questions that surround him noted New

Testament scholar Wayne Meeks redirects the course of the Jesus debates Insisting that we cease focusing on who the historical Jesus was and ask instead who is Christ Meeks demonstrates with electric and lucid prose that Jesus is not a permanent artifact whose precise nature can be traced back through history but rather a figure whose identity continues to emerge as contemporary persons engage him in their daily lives
