Jesus Was A Liberal Reclaiming Christianity For All:

Jesus Was a Liberal Scotty McLennan, 2025-03-14 For the millions of people who identify as liberal Christians In McLennan s bold call to reclaim ownership of Christianity he advocates a sense of religion based not on doctrinal readings of scripture but on the humanity behind Christ s teachings He addresses such topics as intelligent design abortion same sex marriage war torture and much much more As he says in the Preface We liberal Christians know in our hearts that there is much more to life than seems to meet the rational eye of atheists yet we find it hard to support supernatural claims about religion that fly in the face of scientific evidence Big Jesus Jimmy R. Watson, 2015-01-12 This may be the most honest book ever written about Jesus As a veteran pastor in the United Church of Christ Dr Watson shares his thoughts on the timeless topic of Christology the doctrine of Christ with new and creative insights informative and accessible theology personal anecdotes and lively wit Nothing is off limits in this no holds barred contribution to the Jesus genre Big Jesus is not another theological spin on the identity and nature of Jesus of Nazareth nor is it a sentimental fairytale for those who prefer their Christology to be served up on Sunday mornings with fluffy sheep little children and footprints in the sand This book is for Christian adults with a sense of humor Hijacking Jesus Jason Jimenez, 2023-09-12 Progressives have fabricated a new Jesus so different from the real Savior that their faith can hardly be called Christianity Progressive Christian leaders have abandoned the resurrected Savior of historical Christianity radically reinterpreting Him as a Jewish mystic or a man of God devoid of divine claims and miracles In the postmodern era remaking Jesus has become a deadly temptation The modern Jesus of progressives supposedly friendlier and more accepting than the Savior we know from the Gospels is gaining popularity and acceptance among self identified Christians But they don t realize that progressive Christianity rejects the biblical revelation of Jesus Christ the Word made flesh Hijacking Jesus addresses perennial questions about the nature of Christ and his teaching testing the historical and theological accuracy of progressive Christians Their Jesus is simply no match for the reliability of the four Gospels which are the most credible historical sources for Jesus s life teachings miracles death and resurrection Christians can accept no substitute for the witness of the Gospels and the theological doctrines of the church that Jesus Christ is Lord and Savior Historical Dictionary of Unitarian Universalism Mark W. Harris, 2018-08-31 The Unitarian Universalist religious movement is small in numbers but has a long history as a radical reforming movement within Protestantism coupled with a larger liberal social witness to the world Both Unitarianism and Universalism began as Christian denominations but rejected doctrinal constraints to embrace a human views of Jesus an openness to continuing revelation and a loving God who they believed wanted to be reconciled with all people In the twentieth century Unitarian Universalism developed beyond Christianity and theism to embrace other religious perspectives becoming more inclusive and multi faith Efforts to achieve justice and equality included civil rights for African Americans women and gays and lesbians along with strident support for abortion rights environmentalism and peace Today the Unitarian Universalist movement is a

world wide faith that has expanded into several new countries in Africa continued to develop in the Philippines and India while maintaining historic footholds in Romania Hungary England and especially the United States and Canada This second edition of Historical Dictionary of Unitarian Universalism contains a chronology an introduction an appendix and an extensive bibliography The dictionary section has over 400 cross referenced entries on people places events and trends in the history of the Unitarian and Universalist faiths including American leaders and luminaries important writers and social reformers This book is an excellent resource for students researchers and anyone wanting to know more about Unitarian Universalism

After the Election Ron Scott Sanders,2018-04-05 The role of Evangelical Christianity in American public life is controversial The mythology of America as a Christian nation and the promissory note of secularism have proved inadequate to cope with the increasing pluralism the resilience of spirituality and the wariness toward formal religion that mark our post secular age Christianity and democracy have a complex history together but is there a future where these two great traditions draw the best out of one another What does that future look like in a heterogeneous society Sanders argues that democracy is stronger when it allows all of its religious citizens to participate fully in the public sphere and Christianity is richer when it demonstrates the wisdom of God from the ground up rather than legislating it from the top down In this reality the Evangelical church must return to Christianity's prophetic roots and see itself as a community in exile where participation in the political is important but not ultimate where the substantive work of the church happens after the election

The Case of the Missing Person R. Earle Rabb,2009-01-01 A famous person is missing The human Jesus of Nazareth is missing from the creeds of the church missing from most of the New Testament and hidden within the four New Testament gospels It will take an exciting piece of detective work to find him and upon finding him there will be a big surprise He may not turn out to be the person the reader expects to find Finding Jesus of Nazareth can transform churches communities and individuals in unexpected ways Many people today are being drawn to the original message of Jesus apart from the image of Jesus proclaimed by the traditional church There is a hunger for the values Jesus proclaimed and practiced This book will help everyone religious or not discover the human Jesus and his original vision of new communities of equity social justice and shared resources as well as discover what that means in our modern world

Hawley, 2015-01-08 Examines strategies and best practices that effectively integrate LGBTQ areas of teaching and research with student life activities Many educational professionals agree that the time has come to expand their circle of inclusion and broaden their definition of diversity by increasing LGBTQ studies but the question of how to do so is still debated Although some colleges and universities have been incorporating LGBTQ studies for decades courses and programs continue to be pockets of innovation rather than models of inclusion for all of higher education Colleges and universities need to encourage faculty members to teach and research a wide range of LGBTQ topics as well as support student life professionals in building inclusive campus communities This book includes testimonies that alert educators to possible pitfalls and successes of their policies through an analysis of changing student attitudes Based on these case studies the contributors offer practical suggestions for the classroom and the provost s office demonstrating not only the gains that have been made by LGBTQ students and the institutions that serve them but also the tensions that remain *Expanding the Circle* is a comprehensive overview of issues facing LGBTQ students in higher education in the US and those seeking to queer the

academy through incorporating LGBTQ content into curricula It highlights problems we might not have imagined a closeted gay man being harassed by those who are more out and describes issues we would have hoped were history faculty and staff telling students not to list a certificate in LGBTQ studies on a resume This book presents proven strategies to create affirming institutions of higher learning in which students and faculty can be their full selves and study the contributions of LGBTQ people to the human experience Sean Cahill coauthor of *LGBT Youth in America's Schools* **Mind of State** Betty Teng, Jonathan Kopp, Thomas Singer, 2023-12-03 This compilation of conversations helps fit together the broken pieces of our American psycho political jigsaw puzzle These nuanced discussions offer insights and reflections from leading experts on psychology politics race religion and more to those of us struggling to make sense of our American political nonsense Drawn from the *Mind of State* podcast created by some of the co authors and contributors to the New York Times bestseller *The Dangerous Case of Donald Trump* this collection is as relevant now as it was when Apple Podcasts featured it as New and Noteworthy in 2019 **Problematizing Religious Freedom** Arvind Sharma, 2011-08-08 The concept of religious freedom is the favoured modern human rights concept with which the modern world hopes to tackle the phenomenon of religious pluralism as our modern existence in an electronically shrinking globe comes to be increasingly characterised by this phenomenon To begin with the concept of religious freedom as embodied in Article 18 of the Universal Declaration of Human Rights seems self evident in nature It is the claim of this book however that although emblematic on the one hand the concept is also problematic on the other and the implications of the concept of religious freedom are far from self evident despite the ready acceptance the term receives as embodying a worthwhile goal This book therefore problematizes the concept along legal constitutional ethical and theological lines and especially from the perspective of religious studies so that religious freedom in the world could be enlarged in a way which promotes human flourishing *Battered Women's Protective Strategies* Sherry Hamby, 2014 This provocative book presents a strengths based framework that challenges negative stereotypes about battered women The volume also outlines ways to improve research risk assessment and safety planning Stanford, 2009 *Divine Ecosystem* Christy Randazzo, 2025-10-14 In this book Randazzo develops new language to translate Quaker theological concepts which are rooted in the foundation of the tradition Quaker theology has since its beginnings relied heavily on metaphors of Divine human interdependence and particularly creation metaphors related to the foundational concept of all Quaker theology that of God within Coupled with this inherent ecological focus rooted deep within the tradition is the peculiarly Quaker practice of journals the vitally important practice of Quakers reflecting upon their own personal experiences in light of their theological import Randazzo's theological narrative of liberal Quakerism creates clarity and structure without compromising the capacious breadth and depth of this distinctive tradition Reflecting the traditional use of creation metaphors to express Quaker theological concepts Randazzo proposes a new metaphor of ecosystem new because the term was first used in 1935 to explain the interplay of the old threads underlying

Quaker theology In so doing Randazzo helps readers understand the hope filled richness of Quaker theology while offering space for the myriad ways Friends experience the sacred The sources of Quaker theology work as a complex ecosystem of overlapping elements where none is primary but all interact with each other in inexplicable and unexpected ways the individual and communal experience of the Divine the testimony of the practices which demonstrate the truth of this experience in the values and practices of the community Quaker interpretation of Divine revelation in both sacred stories as well as new ideas and concepts which evolve over time and the doctrines which emerge as Quakers explore the way that these elements all intersect in the lives and stories of our communities

The Scandal of the Evangelical College Martin Spence,2025-06-30 Despite heady claims about Christ centeredness Evangelical colleges are scandalously secular institutions in thrall to the regnant assumptions of the market economy and mainstream higher education Paradigms intended to integrate faith and learning often ironically fracture and distort Christianity Even the spiritual dimensions of the Christian college presumed to keep it safe from religious declension are prone to secularizing tendencies because the American Evangelical culture from which the college receives its spiritual cues and from which it accepts its donors money is itself captive to a set of sub biblical economic social and political assumptions This book argues that the cause of the scandal is the absence of the church in the imagination of the Evangelical college It therefore proposes that the mission and practice of the Evangelical college should be to summon equip and renew the people of God While this may sound like a return to an obsolete bible school model of Christian education the ecclesial vision only sounds narrow because we lack a robust understanding of the vocation of the church itself By simultaneously restricting our vision of the Evangelical college while broadening our understanding of the church a more fully evangelical educational endeavor might emerge

The Churches and the Third Reich Klaus Scholder,2018-05-04 This monumental comprehensive controversial study is the first volume of a definitive history of the churches in Germany between the wars It is especially significant in that it is based on a great deal of original research into both religious and political sources and is the first book to work on the presupposition that an accurate picture of the churches in the Third Reich demands that both Protestant and Roman Catholic churches are studied side by side since it was the rivalry between the churches that in some ways contributed to their downfall Contrary to what has often been asserted Professor Scholder argues that Hitler did have a plan for the churches over a long period Crucial to that plan on the Catholic side was his desire for a concordat parallel to that achieved by Mussolini keeping the clergy out of politics which the Vatican was over hasty to meet it was the attempt to treat the Protestant churches in a similar way to the Catholic church which led to the difficulties that ended in the church struggle There is also a realistic analysis of the Jewish question documenting the churches failure in this area with severity and scholarly rigor The first part covers developments up to Hitler s seizure of power the second is devoted to the year 1933 during which all the major issues were in fact decided

The Damnation of Tucker Tolliver Rev. Thomas O'Donnell,2007-05-18 Question What do you do with a reformed atheist

Answer You put him out to pastor So they did They put former attorney turned clergyman Tucker Tolliver out to pastor the Atherton Church of the Holy Covenant Second Question How do you drive a man of the cloth away from God Answer You put him in charge of the Atherton Church of the Holy Covenant a band of rag tag Christian misfits who put the dys in dysfunctional Then you wait Between church matriarch Agnes Hartnett Wanda Peterson The Duke of Cheswick and even part time sexton Jake Carlyle the merry miscreants known as Atherton CHC are doing their best to drive Pastor Tucker Tolliver out A man of the cloth on the outside day by day he is being stripped naked on the inside But it doesn't matter what they do He'll never walk away from God He can't Not for his sake For Sarah's If he ever abandons his church and his God it will be for one reason and one reason only Because of God

A Requiem for Hitler Klaus Scholder, 2008-10-29 Professor Scholder's book is a major contribution to our understanding of Christianity under the Nazi regime in some ways going beyond his definitive history of the German churches under the Third Reich The volume paints a vivid picture of the problems of living under any kind of totalitarian regime with a wealth of detailed evidence and insightful judgments A few illustrations from the book After the news of Adolf Hitler's death Cardinal Bertram of Breslau the senior German prelate drafted an order for a requiem mass to be said for Hitler throughout his churches Under the Hitler regime any resistance in both Protestant and Catholic churches came largely from individuals officially the churches were interested above all in maintaining their status quo When Germany entered the Spanish Civil War Hitler offered the churches support if they would join his battle against Bolshevism Students historians and the general reader will be captivated by Scholder's perceptive and challenging interpretations of the churches in Western Europe prior to and during the Second World War which still have relevance for us today

I Am Who I Am Rev. Thomas O'Donnell, 2006-10-04 Said God to Moses I am who I am Ever since questions about God abound Who what where when why Even how many In the Christian faith tradition what about all that trinitarian stuff the Father the Son the Holy Spirit Is it one God Three Gods What's up I AM WHO I AM is God's answer to all these questions and more For the first time ever God speaks out The God of the Holy Spirit the immanent God inside speaks out And all is good I AM WHO I AM is God's answer to all these questions and more For the first time ever God speaks out By overthrowing the hierarchical Trinity with the Father enjoying a view from the top and the Holy Spirit bringing up the rear and by replacing it with a circular Trinity having no beginning and no end for the first time ever God is free to speak God's mind The God of the Holy Spirit the immanent God inside speaks out And all is good The book is divided into six Parts as we all know on the seventh God rests After a general introduction in Part I Parts II-IV are devoted to each persona of the Trinity offering thoughts on anything and everything on Creation and the Creative Process on the mind of God on the need for an extreme make over when it comes to God and the Holy Trinity in contemporary society on the universality of the story of Jesus and so much more Speaking to the reader in no nonsense user friendly terms Part V addresses such theological topics as The Prayer of the Preyer S I N Satan Heaven Hell and everything in between The final part the Epilogue is a return of that
