Jesus And Temple Textual And Archaeological Explorations:

Jesus and Temple James H. Charlesworth, 2014 The New Testament provides abundant evidence that Jesus frequented the temple according to Acts so did his followers after his death But the Gospels also depict Jesus in conflict with temple authorities and questions about his attitude to the temple swirl around what the Gospels label false accusations from his opponents and around the dramatic but inconsistent accounts of Jesus cleansing the temple Jesus attitude toward the temple is at the center of current historical Jesus research yet those discussions are often not current with the latest archaeological and related findings regarding the temple and its history architecture liturgy and function James H Charlesworth here gathers essays from world renowned archaeologists and biblical scholars to address the current state of knowledge regarding the temple and to consider anew vital questions about its significance for Jesus for his followers and for New Testament readers today Back cover

The Multilingual Jesus and the Sociolinguistic World of the New Testament Hughson T. Ong, 2015-10-05 In *The Multilingual Jesus and the Sociolinguistic World of the New Testament* Hughson Ong provides a study of the multifarious social and linguistic dynamics that compose the speech community of ancient Palestine which include its historical linguistic shifts under different military regimes its geographical linguistic landscape the social functions of the languages in its linguistic repertoire and the specific types of social contexts where those languages were used Using a sociolinguistic model his study attempts to paint a portrait of the sociolinguistic situation of ancient Palestine This book is arguably the most comprehensive treatment of the subject matter to date in terms of its survey of the secondary literature and of its analysis of the sociolinguistic environment of first century Palestine

The Role of the Synagogue in the Aims of Jesus Jordan J. Ryan, 2017-11-15 Reviewing what we now know about actual synagogues in the land of Israel and their public role in Jewish life and culture Jordan J Ryan shows that Gospel narratives placed in synagogues accurately reflect the ancient synagogue setting He argues for the historical plausibility of the setting of these narratives and suggests that synagogue research must be a starting point for their interpretation He further argues that Jesus s efforts at the restoration of Israel were intentionally aimed at the synagogue as an institution of public and political life

Judea under Roman Domination Nadav Sharon, 2017-10-20 Investigate a relatively neglected but momentous period in Judean history Nadav Sharon closely examines a critical period in Judean history which saw the end of the Hasmonean dynasty and the beginning of Roman domination of Judea leading up to the kingship of Herod 67 37 BCE In this period renowned Roman figures such as Pompey the Great Julius Caesar Gaius Cassius a conspirator against Caesar and Mark Anthony led the Roman Republic on the eve of its transformation into an Empire each having his own dealings with and holding sway over Judea at different times This volume explores the impact of the Roman conquest on the authors of the Dead Sea Scrolls enhances the understanding of

later Judean Roman relations and the roots of the Great Revolt and examines how this early period of Roman domination had an impact on later developments in Judean society and religion Features Part one dedicating to reconstructing Judean history from the death of Alexander to the reign of King Herod Part two examining the effects of Roman domination on Judean society Maps illustrations and appendices Jerusalem Crucified, Jerusalem Risen Mark S. Kinzer, 2018-10-30 The good news euangelion of the crucified and risen Messiah was proclaimed first to Jews in Jerusalem and then to Jews throughout the land of Israel In Jerusalem Crucified Jerusalem Risen Mark Kinzer argues that this initial audience and geographical setting of the euangelion is integral to the eschatological content of the message itself While the good news is universal in concern and cosmic in scope it never loses its particular connection to the Jewish people the city of Jerusalem and the land of Israel The crucified Messiah participates in the future exilic suffering of his people and by his resurrection offers a pledge of Jerusalem s coming redemption Basing his argument on a reading of the Acts of the Apostles and the Gospel of Luke Kinzer proposes that the biblical message requires its interpreters to reflect theologically on the events of post biblical history In this context he considers the early emergence of Rabbinic Judaism and the much later phenomenon of Zionism offering a theological perspective on these historical developments that is biblically rooted attentive to both Jewish and Christian tradition and minimalist in the theological constraints it imposes on the just resolution of political conflict in the Middle East

The Final Days of Jesus Mark D. Smith, 2018-02-01 In *The Final Days of Jesus* Mark Smith brings his experience as a classical historian to bear on the life of the historical Jesus piecing together the volatile political context of first century Judaea as well as the lives of Pontius Pilate Annas and Joseph Caiaphas The claim that the Jews crucified Jesus has spawned a long and tragic history of Christian anti-Semitism Smith challenges this claim through detailed exploration of Roman Jewish and Christian written sources and a broad range of archaeological evidence such as the ossuary of Caiaphas the Hidden Gate and the rich vein of research devoted to the archaeology of ritual purity The result is an earthy and nuanced portrait of Jewish life under Roman rule From his discussion of the multiplicity and brutality of Roman executions to the intricate personal relationships among elites that provided the means of collaboration and redress Smith details the complex push pull of forces between Rome and the Temple as they collided in one history changing week

A Life of Psalms in Jewish Late Antiquity A. J. Berkovitz, 2023-06-20 The Bible shaped nearly every aspect of Jewish life in the ancient world from activities as obvious as attending synagogue to those which have lost their scriptural resonance in modernity such as drinking water and uttering one's last words And within a scriptural universe no work exerted more force than the Psalter the most cherished text among all the books of the Hebrew Bible *A Life of Psalms in Jewish Late Antiquity* clarifies the world of late ancient Judaism through the versatile and powerful lens of the Psalter It asks a simple set of questions Where did late ancient Jews encounter the Psalms How did they engage with the work And what meanings did they produce A J Berkovitz answers these queries by reconstructing and contextualizing a diverse set of religious practices performed with and on the Psalter such as handling a physical copy reading from it interpreting it exegetically singing it as liturgy invoking it as magic and reciting it as an act of piety His book draws from and contributes to the fields of ancient Judaism biblical reception book history and the history of reading

John within Judaism Wally V. Cirafesi, 2021-10-11 In *John within Judaism* Wally V Cirafesi offers a reading of the Gospel of John as an expression of the fluid and flexible nature of Jewish identity in Greco Roman antiquity While many have noted John's general Jewishness few have given it a seat at the ideologically congested table of ancient Jewish practice and belief By interrogating the concept of Judaism in relation to the complex categories of religion and ethnicity Cirafesi argues that John negotiates Jewishness using strategies of ethnic identity formation paralleled in other Jewish sources from the Second Temple and early rabbinic periods In this process of negotiation including its use of high christology and critique of Ioudaioi John coalesces with other expressions of ancient Jewish identity and thus can be read within Judaism

the New Testament for themselves

The Body of Creation James B. Pendleton, 2020-05-15 In the modern period space has predominately been conceived of as a mere setting for human action ontologically separate from the body In Markan studies the result has been the multiplication of textual geographies that hide the spatiality of Jesus's narrativized and thus living body Rather than representing Jesus's body as replicating the spatial configurations of dominant scribal cartographic practice including imperial practice James B Pendleton shows that Mark portrays Jesus's body as a living production of space that troubles dominant maps Against readings of Mark that argue that Jesus is either an imperial or an anti imperial figure Pendleton argues that Mark presents Jesus's body and thus his spatiality as both inside as an insider and outside as an outsider simultaneously in what has more commonly been theorized recently as third spatiality or thirdspace Rather than an imperial or anti imperial economy of spatial production Pendleton argues Mark presents Jesus's body within a both and and more economy that is kenotic revealing God's own royal yet emptying body

Josephus, Paul, and the Fate of Early Christianity F. B. A. Asiedu, 2019-03-01 Flavius Josephus the priest from Jerusalem who was affiliated with the Pharisees is our most important source for Jewish life in the first century His notice about the death of James the brother of Jesus suggests that Josephus knew about the followers of Jesus in Jerusalem and in Judaea In Rome where he lived for the remainder of his life after the Jewish War a group of Christians appear to have flourished if 1 Clement is any indication Josephus however says extremely little about the Christians in Judaea and nothing about those in Rome He also does not reference Paul the apostle a former Pharisee who was a contemporary of Josephus's father in Jerusalem even though according to Acts Paul and his activities were known to two successive Roman governors procurators of Judaea Marcus Antonius Felix and Porcius Festus and to King Herod Agrippa II and his sisters Berenice and Drusilla The knowledge of the Herodians in particular puts Josephus's silence about Paul in an interesting light suggesting that it may have been deliberate In addition Josephus's writings bear very little witness to other contemporaries in Rome so much so that if we were dependent on Josephus alone we might conclude that many of those historical characters either did not exist or had little or no impact in the first century Asiedu comments on the state of life in Rome during the reign of the Emperor Domitian and how both Josephus and the Christians who produced 1 Clement coped with the regime as other contemporaries among whom he considers Martial Tacitus Pliny the Younger and others did He argues that most of Josephus's contemporaries practiced different kinds of silences in bearing witness to the world around them Consequently the absence of references to Jews or Christians in Roman writers of the last three decades of the first century including Josephus should not be taken as proof of their non existence in Flavian Rome
