Damian Grenfell, Paul James

Jewish Choices Jewish Voices War And National Security:

Jewish Choices, Jewish Voices: War and national security Elliot N. Dorff, Louis E. Newman, 2008 **Jewish Choices, Jewish Voices** Elliot N. Dorff, Danya Ruttenberg, Louis E. Newman, 2010 Is it morally acceptable to use surveillance and profiling to protect national security Should war only be used in self defense Is torture in times of war morally acceptable Contributors include scholar Noam Chomsky Lt Col Seth Milstein and political philosopher Michael Walzer The Oxford Handbook of Jewish Ethics and Morality Elliot N. Dorff, Jonathan K. Crane, 2016-01-23 For thousands of years the Jewish tradition has been a source of moral guidance for Jews and non Jews alike As the essays in this volume show the theologians and practitioners of Judaism have a long history of wrestling with moral questions responding to them in an open argumentative mode that reveals the strengths and weaknesses of all sides of a question The Jewish tradition also offers guidance for moral conduct by individuals communities and countries and shows how to motivate people to do the good and right thing The Oxford Handbook of Jewish Ethics and Morality is a collection of original essays addressing these topics historical and contemporary as well as philosophical and practical by leading scholars from around the world The first section of the volume describes the history of the Jewish tradition s moral thought from the Bible to contemporary Jewish approaches The second part includes chapters on specific fields in ethics including the ethics of medicine business sex speech politics war and the environment **Religion and War** Timothy J. Demy, Gina Granados Palmer Ph.D., 2022-10-18 Looking at topics across the spectrum of America s wars religious groups personalities and ideas this volume shows that even in an increasingly secular society religious roots and values run deep throughout American society and are elevated in times of war There is a long and deep relationship between religion politics and war in U S history While there is a constitutional and legal separation of religion and the state in American society religion has been and remains a potent force in American culture and politics affecting many aspects of life including perspectives on war and peace and the experience of war in U S history From the American Revolution to the wars of the 21st century religious values have informed and influenced American attitudes toward war and peace and have provided rationale for support and non support of American participation in conflicts An overview essay surveys the background and significance of religion in American culture and provides historical context for discussions of contemporary topics A timeline highlights key events related to wars and conflicts The volume then includes more than 50 topical essays that discuss specific wars as well as religious themes within culture and politics ultimately providing a detailed overview of the intersection of religion war and politics in contemporary America *Traumatic Imprints: Performance, Art, Literature and Theoretical Practice* , 2020-09-25 This ebook presents conference proceedings from the 1st Global Conference Trauma theory and practice held in Prague Czech Republic in March 2011 **Elliot N. Dorff: In Search of the Good Life** Hava Tirosh-Samuelson, Aaron W. Hughes, 2014-07-17 Rabbi Elliot N Dorff the Sol and Anne Dorff Distinguished Professor of Philosophy and Rector of American Jewish University in Los Angeles is one

of today's leading Jewish ethicists Writing extensively on the intersection of law morality science religion and medicine Dorff offers an authoritative and non Orthodox interpretation of Jewish law As a leader in the Rabbinical Assembly's Committee on Jewish Law and Standards he has shaped the religious practices of Conservative Jews In serving on national advisory committees and task forces he has helped to articulate a distinctive Jewish voice on contested bioethical and biomedical issues An analytic philosopher by training Dorff has endorsed pluralism arguing that Jewishness best flourishes in the context of American pluralism and he has worked closely with non Jews to advance religious pluralism in America

Ethics at the Center Elliot N. Dorff, 2024-03 Ethics at the Center culls the best of Rabbi Elliot N Dorff's pioneering thinking in Jewish ethics over nearly five decades Dorff shows that our response to moral issues depends ultimately on our conceptions of the nature of human beings and God how Jewish law theology prayer history and community should also define and motivate Jewish responses to moral issues and how the honorable and divergent stances of Western philosophy and other religions about moral living shed light on Judaism's distinctive standpoints From there Dorff applies Judaism's ethics to real life abortion post Roe v Wade sexual orientation and human dignity avoiding harm in communication playing violent or defamatory video games modern war ethics handling donations of ill gotten gain after the fact In conclusion he explores how Jewish family and community holidays and rituals theology study and law have moral import as well Dorff's personal introduction to each chapter reflects on why and when he wrote its contents its continuing relevance and if and if so how he would now change what he wrote earlier Readers will experience not only his evolving ethical thought but many facets of the person and the Jew that Dorff is today

Nurture the Wow Danya Ruttenberg, 2016-04-19 How our experiences as parents can become the path to transcendence

Jewish Choices, Jewish Voices, 6-Volume Set Elliot N. Dorff, Rector and Professor of Philosophy Elliot N Dorff, PhD, Louis E. Newman, 2010-07 This set includes all six volumes in the Jewish Choices Jewish Voices series for less than the cost of buying each book separately Included in the set are these volumes Jewish Choices Jewish Voices Body Jewish Choices Jewish Voices Money Jewish Choices Jewish Voices Power Jewish Choices Jewish Voices Sex and Intimacy and the two newest books in the series Jewish Choices Jewish Voices War and National Security and Jewish Choices Jewish Voices Social Justice Each volume in this series presents hypothetical cases on specific topics followed by traditional and contemporary sources Supplementing these are brief essays written by contributors of various ages backgrounds and viewpoints to provoke lively thought and discussion These voices from Jewish tradition and today's Jewish community present us with new questions and perspectives encouraging us to consider our own moral choices in a new light A Business Ethics MP3 Powerpoint presentation with Professor Elliot Dorff is available for purchase through workflowguaranteed.com

Civil Liberties, National Security and Prospects for Consensus Esther D. Reed, Michael Dumper, 2012-03-01 The idea of security has recently seen a surge of interest from political philosophers After the atrocities of 11 September 2001 and 7 July 2005 many leading politicians justified encroachments on international legal standards and

civil liberties in the name of security and with a view to protecting the rights of the people Suggestions were made on both sides of the Atlantic to the effect that the extremism of terrorism required the security of the many to be weighed against the liberties of other citizens In this collection of essays Jeremy Waldron Conor Gearty Tariq Modood David Novak Abdelwahab El Affendi and others debate how to move beyond the false dichotomy whereby fundamental human rights and international standards are conceived as something to be balanced against security They also examine the claim that this aim might better be advanced by the inclusion in public debate of explicitly religious voices

Routledge Handbook of Transnational Terrorism Nicolas Stockhammer, 2023-08-17 This handbook provides contributions by some of the world leading experts in the field on recent phenomena and trends in transnational terrorism Based on the methodological approach of a trend and key factor analysis of transnational terrorism and processed on the virtual platform Foresight Strategy Cockpit FSC the volume seeks to examine what potential future variants of transnational terrorism may evolve Focusing on the latest structural developments in the sphere of politically or religiously motivated violence the handbook considers the tactical strategic and not least the systemic dimension of terrorism Divided into seven thematic sections the handbook s contributions cover a wide range of issues dealing among others with strategic and hybrid terrorism the systemic dimension of extremist violence prevalent actors counter narratives the crime terror nexus the role of digitalization and the spiral dynamic between Islamist and right wing terrorism The expert contributions provide a condensed overview of current developments structural linkages and important academic debates centering around transnational salafi jihadi terrorism but also right wing terrorism and counter terrorism A key objective of the work is to make the effects of prevention preemption de radicalization and non intervention both transparent and assessable As such it contributes well founded strategies feasible solutions and options for policy makers and counter terrorism experts This volume will be of great interest to students of terrorism and counter terrorism political violence and security studies

Joe Biden's Policies on Abortion and Immigration Jo Renee Formicola, 2023-10-30 The first part of Joe Biden s Policies on Abortion and Immigration examines the policy quandaries that arise from the fact that President Biden considers himself a liberal a Catholic and a Democrat That self identification has challenged aspects of his leadership and governance that have resulted in growing national controversies surrounding his abortion and immigration policies Thus this book articulates Catholic moral and social teachings on these issues the president s perceived religious beliefs that often clash with his personal views and values as well as his opposing political responses to them It also explains his partisan actions to abortion and immigration that include numerous executive orders appointments of individuals who are unable to help him develop solutions to such critical matters and his criticisms of the Congress the Supreme Court and previous administration officials The second part of this book then gives examples of how policy difficulties have been overcome by various government leaders who have also dealt with critical decision making and agenda options It provides historical models management methods communication strategies and religious principles

that can be utilized to create pragmatic solutions to the problems of immigration and abortion They can also be implemented by the president while also helping him to instill a sense of unity and justice on these policy issues in the United States

Choice ,2008 **Rethinking Insecurity, War and Violence** Damian Grenfell,Paul James,2008-07-25 Rethinking Insecurity War and Violence Beyond Savage Globalization is a collection of essays by scholars intent on rethinking the mainstream security paradigms Overall this collection is intended to provide a broad and systematic analysis of the long term sources of political military and cultural insecurity from the local to the global The book provides a stronger basis for understanding the causes of conflict and violence in the world today one that adds a different dimension to the dominant focus on finding proximate causes and making quick responses Too often the arenas of violence have been represented as if they have been triggered by reassertions of traditional and tribal forms of identity primordial and irrational assertions of politics Such ideas about the sources of insecurity have become entrenched in a wide variety of media sources and have framed both government policies and academic arguments Rather than treating the sources of insecurity as a retreat from modernity this book complicates the patterns of global insecurity to a degree that takes the debates simply beyond assumptions that we are witnessing a savage return to a bloody and tribalized world It will be of particular interest to students and scholars of international relations security studies gender studies and globalization studies **U.S. Army War College Guide to National Security Issues: Theory of war and strategy** J. Boone Bartholomees,Army War College (U.S.). Strategic Studies Institute,2012 This edition of the U S Army War College Guide to National Security Policy and Strategy continues to reflect the structure and approach of the core national security strategy and policy curriculum at the War College The 5th Edition is published in two volumes that correspond roughly to the Department of National Security and Strategy s core courses Theory of War and Strategy and National Security Policy and Strategy Like previous editions this one is based on its predecessor but contains both updates and new scholarship Over a third of the chapters are new or have undergone significant rewrites Many chapters some of which appeared for years in this work have been removed Nevertheless the book remains unchanged in intent and purpose Although this is not primarily a textbook it does reflect both the method and manner we use to teach strategy formulation to America s future senior leaders The book is not a comprehensive or exhaustive treatment of either strategic theory or the policymaking process Both volumes are organized to proceed from the general to the specific Thus the first volume opens with general thoughts on the nature and theory of war and strategy proceeds to look at the complex aspect of power and concludes with specific theoretical issues Similarly the second volume begins by examining the policy strategy process moves to a look at the strategic environment and concludes with some specific issues This edition continues the effort begun in the 4th Edition to include several short case studies to illustrate the primary material in the volume Encyclopedia of United States National Security Richard J. Samuels,2006 Covers the origin development and results of all major national security policies over the last seven decades A thoroughly

interdisciplinary work the encyclopedia views national security from a historical economic political and technological perspective Congressional Record United States. Congress,2003 The Congressional Record is the official record of the proceedings and debates of the United States Congress It is published daily when Congress is in session The Congressional Record began publication in 1873 Debates for sessions prior to 1873 are recorded in The Debates and Proceedings in the Congress of the United States 1789 1824 the Register of Debates in Congress 1824 1837 and the Congressional Globe 1833 1873 **Ethos Clash in Israeli Society** Eyal Lewin,2013-12-18 The question of whether Israel is capable of coping with long term warfare has long haunted scholars of Israel studies This book tackles the question through a thorough analysis of the Israeli national ethos The national ethos of a people is the integrating element that defines a nation s identity and bonds it into a coherent social group However in the Israeli case two competing forms of national ethos threaten to tear society apart and weaken it a republican ethos that cherishes the national group and a liberal ethos that puts the individual above all In creating an account of Israel s ability to fight possible future wars this book carefully examines these two competing forms of national ethos that create an ideological dichotomy in Israel Each ethos has its reasoning its inherent logic its historic origins and theories of social science that can explain the background for its development This book offers a comprehensive analysis of each ethos that takes account of the environment setting and circumstances through which it ought to be understood The deep inquiry into the dynamics of Israel s national ethos enables a new comprehension of the wobbliness of Israeli politics and leads to certain conclusions about the fatal question that this book set out to find whether Israel will eventually survive its international struggles or perish *Israel's Moment* Jeffrey Herf,2022-02-03 A new account of support for and opposition to Zionist aspirations in Palestine in the United States and Europe from 1945 to 1949 **The Crisis of Zionism** Peter Beinart,2012-03-27 Israel s next great crisis may come not with the Palestinians or Iran but with young American Jews A dramatic shift is taking place in Israel and America In Israel the deepening occupation of the West Bank is putting Israeli democracy at risk In the United States the refusal of major Jewish organizations to defend democracy in the Jewish state is alienating many young liberal Jews from Zionism itself In the next generation the liberal Zionist dream the dream of a state that safeguards the Jewish people and cherishes democratic ideals may die In *The Crisis of Zionism* Peter Beinart lays out in chilling detail the looming danger to Israeli democracy and the American Jewish establishment s refusal to confront it And he offers a fascinating groundbreaking portrait of the two leaders at the center of the crisis Barack Obama America s first Jewish president a man steeped in the liberalism he learned from his many Jewish friends and mentors in Chicago and Benjamin Netanyahu the Israeli prime minister who considers liberalism the Jewish people s special curse These two men embody fundamentally different visions not just of American and Israeli national interests but of the mission of the Jewish people itself Beinart concludes with provocative proposals for how the relationship between American Jews and Israel must change and with an eloquent and moving appeal for American Jews to defend the dream of a democratic Jewish state

before it is too late

Reviewing **Jewish Choices Jewish Voices War And National Security**: Unlocking the Spellbinding Force of Linguistics

In a fast-paced world fueled by information and interconnectivity, the spellbinding force of linguistics has acquired newfound prominence. Its capacity to evoke emotions, stimulate contemplation, and stimulate metamorphosis is truly astonishing.
