Poverty and Wealth in Judaism, Christianity, and Islam Nathan R. Kollar, Muhammad Shafiq, 2016-07-27 This book gathers scholars from the three major monotheistic religions to discuss the issue of poverty and wealth from the varied perspectives of each tradition It provides a cadre of values inherent to the sacred texts of Jews Christians and Muslims and illustrates how these values may be used to deal with current economic inequalities Contributors use the methodologies of religious studies to provide descriptions and comparisons of perspectives from Judaism Christianity and Islam on poverty and

Militant Buddhism Peter Lehr,2018-12-30 Against the backdrop of the ongoing Rohingya crisis this book takes a close and detailed look at the rise of militant Buddhism in Sri Lanka Burma and Thailand and especially at the issues of why and how around it We are well aware of Christian fundamentalism militant Judaism and Islamist Salafism Jihadism Extremist and violent Buddhism however features only rarely in book length studies on religion and political violence Somehow the very idea of Buddhist monks as the archetypical world renouncers exhorting frenzied mobs to commit acts of violence against

perceived enemies of the religion seems to be outright ludicrous Recent events in Myanmar Burma but also in Thailand and Sri Lanka however indicate that a militant strand of Theravada Buddhism is on the rise How can this rise be explained and what role do monks play in that regard These are the two broad questions that this book explores **Judaism's Encounter with Other Cultures** Jacob J. Schacter, 1997-05-01 The issue of Judaism's relationship to secular learning and wisdom is one of the most basic concerns of Jewish intellectual history The authors collected in this study discuss both sides of the issue and collectively offer an eloquent and convincing case for the perpetuation of Judaism's dialogue with the outside world The Martyrdom of a Moroccan Jewish Saint Sharon Vance, 2011-05-10 The martyrdom in 1834 of Sol Hachuel a Jewish girl from Tangier traumatized the Jewish community and inspired a literary response in Morocco and beyond This study focuses on works written in the first century after her death in Hebrew Judeo Arabic Judeo Spanish Spanish and French that tell her story and interpret its meaning The author places both the event and the texts that narrate it in their historical context and show how its significance changed in each language and literary setting The texts prose and poetic laments by North African rabbis and a romantic feuilleton from the Judeo Spanish press and their historical settings reveal the complex relations between Jews and Muslims in North Africa and the Ottoman Empire in the 19th century and the intersection between religious polemics and gender discourse *Israel at the Polls 2009* Shmuel Sandler, Manfred Gerstenfeld, Hillel Frisch, 2013-10-18 This book describes political and sociological developments in Israel before and after the February 2009 elections alongside an analysis of electoral trends It provides an effective analysis of contemporary political and sociological Israeli history Rather than focusing narrowly on electoral politics alone this book broadens its focus to make it relevant to undergraduate and graduate students in Middle Eastern Israeli and Jewish studies and the liberal arts *Israel at the Polls* has been updated and published annually for thirty years providing readers with up to date analysis and continuity of scholarship this book offers an expert long term assessment of Israeli politics This book was published as a special issue of *Israel Affairs* History of Jewish Philosophy Daniel Frank, Oliver Leaman, 2005-10-20 Jewish philosophy is often presented as an addendum to Jewish religion rather than as a rich and varied tradition in its own right but the *History of Jewish Philosophy* explores the entire scope and variety of Jewish philosophy from philosophical interpretations of the Bible right up to contemporary Jewish feminist and postmodernist thought The links between Jewish philosophy and its wider cultural context are stressed building up a comprehensive and historically sensitive view of Jewish philosophy and its place in the development of philosophy as a whole Includes Detailed discussions of the most important Jewish philosophers and philosophical movements Descriptions of the social and cultural contexts in which Jewish philosophical thought developed throughout the centuries Contributions by 35 leading scholars in the field from Britain Canada Israel and the US Detailed and extensive bibliographies The Philosopher-King in Medieval and Renaissance Jewish Political Thought Abraham Melamed, 2012-02-01 This original treatment of medieval and Renaissance Jewish thinkers expands the scope of Jewish

philosophy and adds new depth to our understanding of Jewish culture of the period While medieval Christian political philosophy was based on Aristotle's Politics Muslim and Jewish philosophy adhered to the Platonic tradition In this book Abraham Melamed explores a major aspect of this tradition the theory of the philosopher king as it manifested itself in medieval Jewish political philosophy tracing the theory's emergence in Jewish thought as well as its patterns of transmittal adaptation and absorption The Maimonidean encounter with the theory via al Farabi is also examined as is its influence upon later scholars such as Felaquera ibn Latif Narboni Shemtov ibn Shemtov Polkar Alemanno Abarbanel and others Also discussed is the influence of Averroes's commentary on Plato's Republic and the Machiavellian rejection of the theory of the philosopher king and its influence upon early modern Jewish scholars such as Simone Luzzatto and Spinoza who rejected it in favor of a so called Republican attitude

Maimonides in His World Sarah Stroumsa,2009 While the great medieval philosopher theologian and physician Maimonides is acknowledged as a leading Jewish thinker his intellectual contacts with his surrounding world are often described as related primarily to Islamic philosophy Maimonides in His World challenges this view by revealing him to have wholeheartedly lived breathed and espoused the rich Mediterranean culture of his time Sarah Stroumsa argues that Maimonides is most accurately viewed as a Mediterranean thinker who consistently interpreted his own Jewish tradition in contemporary multicultural terms Maimonides spent his entire life in the Mediterranean region and the religious and philosophical traditions that fed his thought were those of the wider world in which he lived Stroumsa demonstrates that he was deeply influenced not only by Islamic philosophy but by Islamic culture as a whole evidence of which she finds in his philosophy as well as his correspondence and legal and scientific writings She begins with a concise biography of Maimonides then carefully examines key aspects of his thought including his approach to religion and the complex world of theology and religious ideas he encountered among Jews Christians Muslims and even heretics his views about science the immense and unacknowledged impact of the Almohads on his thought and his vision of human perfection This insightful cultural biography restores Maimonides to his rightful place among medieval philosophers and affirms his central relevance to the study of medieval Islam
