Jihad Vs Mcworld Terrorisms Challenge To Democracy Paperback 1996 Author Benjamin Barber:

Jihad vs. McWorld Benjamin Barber, 2010-04-21 Jihad vs McWorld is a groundbreaking work an elegant and illuminating analysis of the central conflict of our times consumerist capitalism versus religious and tribal fundamentalism These diametrically opposed but strangely intertwined forces are tearing apart and bringing together the world as we know it undermining democracy and the nation state on which it depends On the one hand consumer capitalism on the global level is rapidly dissolving the social and economic barriers between nations transforming the world s diverse populations into a blandly uniform market On the other hand ethnic religious and racial hatreds are fragmenting the political landscape into smaller and smaller tribal units Jihad vs McWorld is the term that distinguished writer and political scientist Benjamin R Barber has coined to describe the powerful and paradoxical interdependence of these forces In this important new book he explores the alarming repercussions of this potent dialectic for democracy A work of persuasive originality and penetrating insight Jihad vs McWorld holds up a sharp clear lens to the dangerous chaos of the post Cold War world Critics and political leaders have already heralded Benjamin R Barber s work for its bold vision and moral courage Jihad vs McWorld is an essential text for anyone who wants to understand our troubled present and the crisis threatening our future **Balkan**

Fighters in the Syrian War Tanja Dramac Jiries, 2021-09-14 This book analyses the process of the recruitment of foreign fighters from the Western Balkans specifically Bosnia and Herzegovina and Kosovo to Syria and Iraq from 2012 to 2015 Utilizing in depth semi structured interviews with foreign fighters and their families as well as a number of relevant stakeholders it answers the question of what were the processes and circumstances leading up to the departure of foreign fighters from Bosnia and Herzegovina and Kosovo and what informed their agency The author draws on the theories of social movement approaches more specifically contentious politics literature and utilizes the specific concepts of triggering mechanisms which refer to the enabling circumstances that make the radicalization and departure possible and pleasure in agency to elaborate on individual motivation The book also shows how a wider state fragility within the context of the post Yugoslav wars and the transitional period that never ended aided radicalization and how an incomplete process of post war transition can fuel the process of political and religious radicalization creating a wider enabling web for recruitment It will be of interest to students and scholars of Southeast European politics and foreign policy post war democratic transition security policy and radicalization more broadly **The Crisis of the Holy** Alon Goshen-Gottstein, 2018-08-08 All the world s religions

are experiencing rapid change due to a confluence of social and economic global forces Factors such as the pervasive intrusion of globalizing political and economic developments polarized and morally equivalent presentations seen in the media and the sense of surety demanded in and promised by a culture dominated by science are some of the factors that have placed extreme pressure on all religious traditions This has stimulated unprecedented responses by religious groups ranging from fundamentalism to the syncretistic search for meaning As religion takes on new forms the balance between

individual and community is disrupted and reconfigured Religions often lose the capacity to recall their ultimate purpose or lead their adherents toward it This is the situation we call the crisis of the holy It is a confluence of threats challenges and opportunities for all religions This volume explores the contours of pressures changes and transformations and reflects on how all our religions are changing By identifying commonalities across religions as they respond to these pressures The Crisis of the Holy recommends ways religious traditions might cope with these changes and how they might join forces in doing so Contributors Vincent J Cornell Alon Goshen Gottstein Sidney H Griffith Maria Reis Habito B Barry Levy Deepak Sarma Michael von Br ck **The Eagle's Shadow** Mark Hertsgaard,2003-09-01 What America looks like to the rest of the world Americans rarely used to think about the outside world As the mightiest nation in history the United States could do as it pleased Now Americans have learned the hard way that what outsiders think matters When terror struck last September 11 author Mark Hertsgaard was completing a trip around the world gathering perceptions about America from people in fifteen countries Whether sophisticated business leaders starry eyed teenagers or Islamic fundamentalists his subjects felt both admiring and uneasy about the United States enchanted yet bewildered appalled yet envious This complex catalogue of impressions good bad but never indifferent is the departure point for a short pointed essay in the tradition of Common Sense and The Fate of the Earth How can the world s most open society be so proud of its founding ideals yet so inconsistent in applying them So loved for its pop culture but so resented for its high handedness Exploring such paradoxes Hertsgaard exposes uplifting and uncomfortable truths that force natives and outsiders alike to see America with fresh eyes Like it or not America is the future a European tells Hertsgaard In a world growing more American by the day The Eagle s Shadow is a major statement about and to the place everyone discusses but few understand *Borderlands Media* David E.
