Entrekin,2012-07-11 As indicated by the subtitle *The Real Story of the First MiGs in America* this is a collection of stories that offer for the first time a concise depiction of many first hand accounts of how these jets were acquired In addition to historical facts and figures dating to the inception of the Russian Mikoyan Gurevich design bureau substantial effort has been taken to expose myths and bring to light facts that are significant and important regarding how where when and why the MiG aircraft were obtained and who obtained them In addition to the history of the MiG jet s inception the modern day stories of the people in America that acquired them are no less intriguing As a bonus you ll learn of the experiences of the first person to own and operate a MiG in the United States and the free world including a peek into the arena of airshow flying **Parameters** ,1983 *President Reagan* Lou Cannon,2008-08-04 Hailed by the New Yorker as a superlative study of a president and his presidency Lou Cannon s *President Reagan* remains the definitive account of our most significant presidency in the last fifty years Ronald Wilson Reagan the first actor to be elected president turned in the performance of a lifetime But that performance concealed the complexities of the man baffling most who came in contact with him Who was the man behind the makeup Only Lou Cannon who covered Reagan through his political career can tell us The keenest Reagan watcher of them all he has been the only author to reveal the nature of a man both shrewd and oblivious Based on hundreds of interviews with the president the First Lady and hundreds of the administration s major figures *President Reagan* takes us behind the scenes of the Oval Office Cannon leads us through all of Reagan s roles from the affable cowboy to the self styled family man from the politician who denounced big government to the president who created the largest peace time deficit from the statesman who reviled the Soviet government to the Great Communicator who helped end the cold war **The Soviet Military** E.S. by treating defection primarily as a secretive matter best left to bureaucrats As a result defectors human rights have sometimes been violated and U S national security interests have been poorly served **Federal Government's Handling of Soviet and Communist Bloc Defectors** United States.
