Los Republicanos Why Hispanics And Republicans Need Each Other:

Los Republicanos Leslie Sanchez, 2025-06-25 Hispanics comprise one of America's largest business minded faith based culturally conservative entities and their numbers continue to grow Long assumed to be aligned with the Democrats Hispanics have been ignored by many Republicans Noted Hispanic marketing expert and political commentator Leslie Sanchez passionately argues that Hispanics after years of watching Democrats fail them need to shift their bets to Los Republicanos or risk gambling away their political future In her book Sanchez debunks the cultural and political myths about Hispanics and Republicans alike She also offers a look at today's changing Hispanic mindset and the new dynamic force that is rising National Party Organizations and Party Brands in American Politics Boris Heersink, 2023 A new assessment on the role influence and limitations of the Democratic and Republican National Committees in American political development Scholars have long debated the role and importance of the Democratic and Republican National Committees in American politics In National Party Organizations and Party Brands in American Politics Boris Heersink identifies a core DNC and RNC role that has thus far been missed creating national party brands Drawing on extensive historical case studies and quantitative analysis Heersink argues that the DNC and RNC have consistently prioritized their role of using publicity to inform voters about their parties policies and priorities from the beginning of the twentieth century onwards Both committees invested heavily in political communication tools with the goal of shaping voters perceptions of their parties As Heersink shows the DNC and RNC often have considerable freedom in determining what type of brands to promote placing them in the center of major intra party debates in the twentieth century including Prohibition civil rights foreign affairs and economic policy Analytically rigorous and marshaling a vast body of research on US elections between 1912 and 2016 this book highlights how important national party organizations are in setting the agenda in American politics **Mexicanos** Manuel G. Gonzales, 2009-08-20 Newly revised and updated Mexicanos tells the rich and vibrant story of Mexicans in the United States Emerging from the ruins of Aztec civilization and from centuries of Spanish contact with indigenous people Mexican culture followed the Spanish colonial frontier northward and put its distinctive mark on what became the southwestern United States Shaped by their Indian and Spanish ancestors deeply influenced by Catholicism and tempered by an often difficult existence Mexicans continue to play an important role in U S society even as the dominant Anglo culture strives to assimilate them Thorough and balanced Mexicanos makes a valuable contribution to the understanding of the Mexican population of the United States a growing minority who are a vital presence in 21st century America **Latino Spin** Arlene Dávila, 2008-10-01 Winner of the 2010 Distinguished Book Award in Latino Studies from the Latin American Studies Association Illegal immigrant tax burden job stealer Patriot family oriented hard worker model consumer Ever since Latinos became the largest minority in the U S they have been caught between these wildly contrasting characterizations leaving us to wonder Are Latinos friend or foe Latino Spin cuts through the spin about Latinos supposed values political

attitudes and impact on U S national identity to ask what these caricatures suggest about Latinos shifting place in the popular and political imaginary Noted scholar Arlene D vila illustrates the growing consensus among pundits advocates and scholars that Latinos are not a social liability that they are moving up and contributing and that in fact they are more American than the Americans But what is at stake in such a sanitized and marketable representation of Latinidad D vila follows the spin through the realm of politics think tanks Latino museums and urban planning to uncover whether they effectively challenge the growing fear over Latinos supposedly dreadful effect on the integrity of U S national identity What may be some of the intended or unintended consequences of these more marketable representations in regard to current debates over immigration With particular attention to what these representations reveal about the place and role of Latinos in the contemporary politics of race Latino Spin highlights the realities they skew and the polarization they effect between Latinos and other minorities and among Latinos themselves along the lines of citizenship and class Finally by considering Latinos in all their diversity including their increasing financial and geographic disparities D vila can present alternative and more empowering representations of Latinidad to help attain true political equity and intraracial coalitions

Mexicanos, Third Edition Manuel G. Gonzales, 2019-06-05 Responding to shifts in the political and economic experiences of Mexicans in America this newly revised and expanded edition of *Mexicanos* provides a relevant and contemporary consideration of this vibrant community Emerging from the ruins of Aztec civilization and from centuries of Spanish contact with indigenous people Mexican culture followed the Spanish colonial frontier northward and put its distinctive mark on what became the southwestern United States Shaped by their Indian and Spanish ancestors deeply influenced by Catholicism and often struggling to respond to political and economic precarity Mexicans play an important role in US society even as the dominant Anglo culture strives to assimilate them With new maps updated appendixes and a new chapter providing an up to date consideration of the immigration debate centered on Mexican communities in the US this new edition of *Mexicanos* provides a thorough and balanced contribution to understanding Mexicans history and their vital importance to 21st century America
