Interacting Francoism José M. Faraldo, Gutmaro Gómez Bravo, 2023-06-23 The book presents various investigation into 20th century European dictatorships with its focus on Franco's dictatorship and the Spanish Civil War Francisco Franco's dictatorship in Spain 1936 1939 1975 1978 was a modern form of authoritarianism with a strong totalitarian period like many other dictatorships of the time Francoism occupies a place in history alongside other different dictatorships of its age and a comparative analysis might prove to be a powerful tool in order to understand how in the middle of the 20th century such a repressive and authoritarian form of political control emerged One of the most forgotten fascisms which at the same time was influenced by and influenced other dictatorships there are many aspects of the transnational connections of Francoism that remain under researched Following this methodology thus an attempt is made to situate Francoism in the context of the other dictatorships of the time in an attempt to transcend explanations centered on the nation The chapters cover groundbreaking topics such as the Spanish Civil War as one of the first total wars or Spanish fascism in context as one of the main European totalitarianisms The chapters always have more than one dimension they speak of interrelation entanglement collaboration and diffusion and in general put the different dictatorships essentially Francoism diverse Fascisms and Communism in context and comparison

Medicine and Conflict Sebastian Browne, 2018-08-06 This book focuses on an important but neglected aspect of the Spanish Civil War the evolution of medical and surgical care of the wounded during the conflict Importantly the focus is from a mainly Spanish perspective as the Spanish are given a voice in their own story which has not always been the case Central

to the book is General Franco's treatment of Muslim combatants the anarchist contribution to health and the medicalisation of propaganda themes that come together in a medico cultural study of the Spanish Civil War Suffusing the narrative and the analysis is the traumatic legacy of conflict an untreated wound that a new generation of Spaniards are struggling to heal

Memories of the Spanish Civil War Ruth Sanz Sabido, 2016-07-25 The Spanish Civil War left a legacy of destruction resentment and deep ideological divisions in a country that was attempting to recover from economic stagnation and social inequality After Franco's victory the repression and purge that ensued immersed Spain in a spiral of fear and silence which continued long after the dictator's death through the pact of oblivion that was observed during the transition to democracy Memories of the Spanish Civil War Conflict and Community in Rural Spain attempts to break this silence by recovering the local memories of survivors of the Civil War and the early years of Franco's dictatorship Combining oral testimony gathered in one Andalusian village with archival research this ethnographic study approaches the expression of memory as an important site of socio political struggle

visión sin precedentes Podemos acercarnos a los campos de concentración nazis a través de las memorias de los supervivientes y de los estudios históricos Menos explorada es la vertiente de los aspectos sociales y psicológicos de la realidad de los Lager Este libro pretende con afán divulgativo acercarnos a ese terrible mundo saber cuáles eran los roles de sus actores SS y prisioneros y valorar las interacciones entre ellos así como desgranar los efectos psicológicos y psicosomáticos que padecieron los deportados Psicología del mal rastrea los espacios más oscuros del alma humana y la relación asimétrica que se da entre verdugos y víctimas en las que estas últimas no tienen más remedio que aceptar si es que quieren sobrevivir los cambios impuestos desde la brutalidad y la barbarie en el proceso de animalización al que son sometidos A lo largo de este libro vamos a recorrer desde sus orígenes el desarrollo de un proyecto que acabó deliberadamente con la vida de millones de personas Vamos a ver en detalle los procedimientos los lugares los tiempos en que se desarrolló El panorama es muy amplio los actores son muy numerosos y las situaciones que toca describir son extremadamente complejas Pero el autor lo hace mostrando un amplio conocimiento y también una sensibilidad que en mi opinión es también imprescindible en este proyecto del prólogo de Benito Bermejo
