The Midwestern Novel Nancy L. Bunge,2014-12-12 With Huckleberry Finn American fiction changed radically and shifted its setting to the middle of the country A focus on social issues replaced the philosophic and psychological explorations that dominated the work of Melville and Hawthorne Colloquial speech rather than elevated language articulated these fresh ideas while common folk rather than dramatic characters like Ahab and Hester Prynne played central roles This transformation of American literature has been largely ignored while during the 130 years since Huckleberry Finn the Midwest has continued to produce writers whose work like Twain s addresses injustice by portraying the decency of ordinary people Since the end of the 19th century Midwestern authors have dismissed the elite and celebrated those whom the power structure typically excludes children women African Americans and the lower classes Instead of wealth and power this literature values authenticity and compassion The book explores this literary tradition by examining the work of 30 Midwestern writers including F Scott Fitzgerald Willa Cather Ernest Hemingway Richard Wright Saul Bellow Toni Morrison Jonathan Franzen Jane Smiley and Louise Erdrich **Annual Report of the Quartermaster-General to the Secretary of**
