Gorday, 2018-09-14 By the time of his death in 1933 Henri Bremond priest and member of the elite Academie francaise had established himself in France and increasingly in England and the United States as a distinguished historian of Christian spirituality and as a Catholic modernist who helped to shake the church out of its dogmatic slumbers by embracing pure love artistic poetic expression and mystical prayer as the privileged manifestations of spiritual truth Drawing on substantial new scholarship in France that has resuscitated and reinterpreted Bremond s work for our own times and that sees Bremond as an important precursor of current trends in literary interpretation as well as spirituality Gorday surveys the entirety of Bremond s corpus of writing setting his work in its context of his personal struggles as well as the wider setting of French historical and cultural development **Wingbeats**

Reformation of Prayerbooks

Chaoluan Kao, 2017-11-13 In her study Chaoluan Kao offers a comprehensive investigation of popular piety at the time of the European Reformations through the study of sixteenth and seventeenth century Protestant prayerbooks. It pursues a historical contextual approach to spirituality by integrating social and religious history in order to yield a deeper understanding of both the history of Christian piety and of church history in general. The study explores seven prayerbooks by German authors and seventeen English prayerbooks from the Reformation and post Reformation as well as from Lutheran Anglican and Puritan traditions examining them as spiritual texts with social and theological significance that helped disseminate popular understandings of Protestant piety. Early Protestant piety required intellectual engagement emphasized a faithful and heartfelt attitude in approaching God and urged regular exercise in prayer and reading. Early Protestant prayerbooks modeled for their readers a Protestant piety that was a fervent spiritual practice solidly grounded in the social context and connections of its practitioners. Through those books Reformation could be understood as redefining the meanings of people's spiritual lives and re-discovering of a pious life. In a broader sense they functioned as a channel of historical and spiritual transition which not only tells us the transformation and transmission of Reformation historically but also signifies the development of Christian spirituality. The social historical study of the prayerbooks furthers our understanding of continuity change and inter-confessional influence in the Christian piety of early modern Europe.
