Good Bye Hegemony Power And Influence In The Global System

Michael Genovese

Good Bye Hegemony Power And Influence In The Global System:

Good-Bye Hegemony! Simon Reich, Richard Ned Lebow, 2014-03-23 Many policymakers, journalists and scholars insist that U.S. hegemony is essential for warding off global chaos. Good Bye Hegemony argues that hegemony is a fiction propagated to support a large defense establishment, justify American claims to world leadership, and buttress the self-esteem of voters. It is also contrary to American interests and the global order. Simon Reich and Richard Ned Lebow argue that hegemony should instead find expression in agenda setting, economic custodianship, and the sponsorship of global initiatives. Today these functions are diffused through the system with European countries, China, and lesser powers making important contributions. In contrast, the United States has often been a source of political and economic instability. Rejecting the focus on power common to American realists and liberals, the authors offer a novel analysis of influence. In the process, they differentiate influence from power and power from material resources. Their analysis shows why the United States, the greatest power the world has ever seen, is increasingly incapable of translating its power into influence. Reich and Lebow use their analysis to formulate a more realistic place for America in world affairs. Norms Without the Great Powers Adam Bower, 2017-02-09 Can multilateral treaties succeed in transforming conduct when they are rejected by the most powerful states in the international system? In the past two decades, coalitions of middle power states and transnational civil society groups have negotiated binding legal agreements in the face of concerted opposition from China, Russia, and most especially the United States. These instances of a so-called new diplomacy reflect a deliberate attempt to use the language of international law to bypass great power objections in establishing new global standards. Yet critics have frequently derided such treaties as utopian and counterproductive because they fail to include those states allegedly most capable of effectively managing complex international cooperation. Thus far, no study has offered a systematic comparative study of the promise and limits of multilateralism without the great powers. Norms Without the Great Powers addresses this gap through the presentation of a novel theoretical account and detailed empirical evidence regarding the implementation of two archetypal cases: the antipersonnel Mine Ban Treaty and the International Criminal Court. Both treaties have substantially reshaped expectations and behaviour in their respective domains, but with important variation in the extent and breadth of their impact. These findings provide the impetus for assessing the prospects for similar strategies on other topics of contemporary global concern. This book offers a timely addition to the dynamic and growing literature on the practice and consequences of international governance and should appeal to academics, civil society experts, and foreign policy practitioners working in fields such as security, human rights, and the environment. **Richard Ned Lebow: A Pioneer in International Relations Theory, History, Political Philosophy and Psychology** Richard Ned Lebow, Nathan Funk, 2016-09-13 This is the first of four volumes to be published as part of this book series on the life and work of Richard Ned Lebow. In a career spanning six decades, Richard Ned Lebow has made important contributions to the study of international relations, political and intellectual

history motivational and social psychology philosophy of science and classics He has authored coauthored or edited 30 books and almost 250 peer reviewed articles These four volumes are excerpts from this corpus The first volume includes an intellectual autobiography bibliography and assessments of Lebow s contributions to diverse fields by respected authorities It shows how a scholar s agenda evolves in response to world events and his efforts to grapple with them theoretically and substantively It elaborates pathways for addressing these events and their consequences in an interdisciplinary manner and offers new concepts and methods for doing so Richard Lebow s research bridges international relations psychology history classics political theory and philosophy of science He is author coauthor or editor of 34 books and almost 250 peer reviewed articles Contributors to the book are Simon Reich Mervyn Frost Janice Gross Stein Stefano Guzzini Markus Kornprobst Harald Müller Christian Wendt Robert English

Psychology of a Superpower Christopher Feltweis, 2018-05-15 With the collapse of the Soviet Union the United States was left as the world s sole superpower which was the dawn of an international order known as unipolarity The ramifications of imbalanced power extend around the globe including the country at the center What has the sudden realization that it stands alone atop the international hierarchy done to the United States In *Psychology of a Superpower* Christopher J Feltweis examines how unipolarity affects the way U S leaders conceive of their role make strategy and perceive America s place in the world Combining security strategy and psychology Feltweis investigates how the idea of being number one affects the decision making of America s foreign policy elite He examines the role the United States plays in providing global common goods such as peace and security the effect of the Cold War s end on nuclear weapon strategy and policy the psychological consequences of unbalanced power and the grand strategies that have emerged in unipolarity Drawing on psychology s insights into the psychological and behavioral consequences of unchecked power Feltweis brings new insight to political science s policy analysis toolkit He also considers the prospect of the end of unipolarity offering a challenge to widely held perceptions of American indispensability and asking whether the unipolar moment is worth trying to save *Psychology of a Superpower* is a provocative rethinking of the risks and opportunities of the global position of the United States with significant consequences for U S strategy character and identity

Rebranding China Xiaoyu Pu, 2019-01-08 China is intensely conscious of its status both at home and abroad This concern is often interpreted as an undivided desire for higher standing as a global leader Yet Chinese political elites heatedly debate the nation s role as it becomes an increasingly important player in international affairs At times China positions itself not as a nascent global power but as a fragile developing country Contradictory posturing makes decoding China s foreign policy a challenge generating anxiety and uncertainty in many parts of the world Using the metaphor of rebranding to understand China s varying displays of status Xiaoyu Pu analyzes a rising China s challenges and dilemmas on the global stage As competing pressures mount across domestic regional and international audiences China must pivot between different representational tactics *Rebranding China* demystifies how the state represents its global position by analyzing recent

military transformations regional diplomacy and international financial negotiations Drawing on a sweeping body of research including original Chinese sources and interdisciplinary ideas from sociology psychology and international relations this book puts forward an innovative framework for interpreting China's foreign policy Tokens of Power Ann Hironaka,2017-03-06

What motivates going to war This book reexamines how leaders make decisions based on appearances of power over military reality The Routledge Handbook of Soft Power Naren Chitty,Lilian Ji,Gary D Rawnsley,Craig Hayden,2016-11-03

The Routledge Handbook of Soft Power is the first volume to offer a comprehensive and detailed picture of soft power and associated forms of public diplomacy The terms soft power and public diplomacy have enormous currency in media and policy discourse yet despite all the attention the terms remain conceptually ambiguous for analysts of international influence The consequence is that the terms have survived as powerful yet criticized frames for influence Divided into two main parts Part I outlines theoretical problems methodological questions the cultural imperative and the technological turn within the study of soft power and Part II focuses on bringing the theory into practice through detailed discussion of key case studies from across the Americas Europe the Middle East Africa and Asia This innovative handbook provides a definitive resource for students and scholars seeking to familiarize themselves with cutting edge debates and future research on soft power and will be of interest to those studying and researching in areas such as international relations public diplomacy and international communication The Post-Heroic Presidency Michael A. Genovese,Todd L. Belt,2016-06-13

This book examines how presidents from Nixon to Obama have faced the challenges of global leadership in a dramatically changing world one with more limited resources and an increasing number of threatening challengers The immediate post World War II era was undeniably a period of American power and influence Even during the Cold War the United States was the leader of the West exerting wide ranging power internationally But beginning with the Vietnam War America began experiencing a series of setbacks and challenges to its power The Post Heroic Presidency Leveraged Leadership in an Age of Limits examines how U S presidents have attempted to reverse or contend with this new era of limited power in which presidential leadership is hamstrung due to an increasingly globalized and interdependent world one where power is more diffuse and the system of checks and balances bind a president in an age of hyper partisanship The book examines presidents of the 20th and 21st centuries explaining how the first U S president to confront this new age was Richard Nixon who along with Henry Kissinger developed a sophisticated approach to deal with the recalibration of American power It documents how other recent presidents have either tried to make peace with limited power Jimmy Carter reverse the decline Ronald Reagan ignore the implications of limits George W Bush or find ways to lead that were less ambitious more prudent and less unilateral George H W Bush Bill Clinton and Barack Obama In the cases of Clinton and Obama this shift to using soft power persuasion and multilateralism earned them criticism that they are weak thereby undermining their efforts to lead both at home and abroad

Challenge and Change Norma C. Noonan,Vidya Nadkarni,2016-11-11 This edited volume addresses how the state system

the organizing political institution in world politics copes with challenges of rapid change unanticipated crises and general turmoil in the twenty first century These disruptions are occurring against the background of declining US influence and the rising power of countries in Asia Africa and Latin America Traditional inter state security concerns coexist with new security preoccupations such as rivalries likely to erupt over the resources of the global commons the threat of cyber warfare the ever present threat of terrorism and the economic and social repercussions of globalization The contributors explore these key themes and the challenges posed by rapid change

Taming Sino-American Rivalry Feng Zhang, Richard Ned Lebow, 2020 Competition between America and China has intensified since 2009 creating even greater risks of conflict Why is this so and what can be done about it In Taming Sino American Rivalry Feng Zhang and Richard Ned Lebow reject the prevailing idea that competition between a dominant and a rising power must necessarily lead to conflict Rather they identify the mistakes that both countries have made and explain the causes and consequences of their missteps Drawing on international relations theory and lessons from history they develop a comprehensive approach to conflict management and resolution that balances deterrence reassurance and diplomacy A challenge to the prevailing pessimism Taming Sino American Rivalry is essential reading for anyone interested in understanding the world's most important bilateral relationship

The End of Western Hegemonies? Marie-Josée Lavallée, 2022 In the face of recent trends like growing authoritarianism and xenophobic nationalism the rise of the Far Right the explosion of economic and social inequalities heightened geopolitical contest and global capitalism's endless crisis and the impacts of shocks like the Covid 19 pandemic discourses about the decline of the West no more look like mere ruminations of a handful of cultural depressives and politically disillusioned they sound increasingly realistic This volume addresses this issue by mapping and analyzing the forms mechanisms strategies and effects in the past the present and the future of Western hegemonies namely asymmetrical relations that bring advantages or at least secure the superiority of Western state and non state actors in politics economics and culture broadly understood Over the past decades and centuries Westerners never ceased claiming supremacy in all these spheres A host of these relations were initiated through colonialism and imperialism and perpetuated through informal imperialism but there are other channels political interference inequalities between countries and attempts at affirming the supremacy of the so called Western way of life was also secured through the military might and economic power of great Western actors This book explores sites of Western hegemonies and contributes to understanding the mechanisms through which international hierarchies are formed and maintained Bringing together the research of scholars from various fields in the humanities and social sciences political science international relations political philosophy sociology history postcolonial studies criminology and linguistics this volume develops a multidisciplinary outlook on the issue of Western hegemonies that allows uncovering resemblances between various forms of asymmetrical relations and their mechanisms

(Un)avoidable Conflict in Ukraine Cristian Nitoiu, 2025-06-26 Taking a conceptual approach to European Russian relations in the post Cold War era

this book traces how each side's ideal self came into conflict with fault lines in international politics Russia's 2022 full scale invasion of Ukraine is not only a symptom of conflict taking over the European continent but also a point of no return that will be difficult to roll back Could the state of conflict on the European continent have been avoided To understand the nature and evolution of conflict with Russia this book presents a theoretically informed discussion of the way relations between the European Union EU and Russia deteriorated beyond repair during the more than three decades since the collapse of the Soviet Union First the book develops the concept of ideal self of states and international organisations like the EU which posits that a series of ideal perceptions about how the self should act in the world order drives the behaviour of states and their policymakers Second the book turns to the study of fault lines or spaces of divergence in the world order that harbour the potential for conflict With these two theoretical toolkits the book shows how leaders in the EU and Russia by February 2022 came to view conflict as a feasible preferable and possibly the only option available to them Even though neither the EU nor Russia had desired conflict both made little effort to avoid it As a result the European continent has sleepwalked into conflict with the potential for that conflict to spill over from Europe and escalate beyond a point of no return between the West and its global challengers

Ethics and International Relations Richard Ned Lebow, 2020-10-01 Lebow

demonstrates that foreign policies consistent with generally accepted ethical norms are more likely to succeed and those at odds with them to fail Constructing original data sets and analyzing multiple case studies Lebow makes an empirical case for ethics in international relations His approach looks to create a productive dialogue between those who ask primarily ought questions and those who pose is questions The former want to establish appropriate criteria for the behaviour of state and non state actors and the discourses that lead to their policy decisions whereas scholars who pose is questions are concerned with how political actors behave and the principles and assumptions that might explain their behaviour Lebow bridges the gap between is and ought questions by making an instrumental argument in favour of ethical foreign policy He examines policymaking as well as policy offering ethical guidelines for policymaking that are likely to result in more successful policies

Between Peace and War Richard Ned Lebow, 2020-08-31 This is an updated edition of the now classic original of the same title It has three new substantial chapters a prologue a chapter on new evidence on World War I and an epilogue The updated edition contains the now famous typology of international crisis the original critique of deterrence the emphasis on agency and the turn to political psychology to explain sharp departures from rational policy making The new chapters update and reevaluate these arguments and approach a critical hindsight assessment in light of post Cold War developments

The Quest for Knowledge in International Relations Richard Ned Lebow, 2022-04-14 What do we mean by theory in international relations What kinds of knowledge do theories seek How do they stipulate it is found How should we evaluate any resulting knowledge claims What do answers to these questions tell us about the theory project in IR and in the social sciences more generally Lebow explores these questions in a critical evaluation of the positivist and interpretivist

epistemologies He identifies tensions and problems specific to each epistemology and some shared by both and suggests possible responses By exploring the relationship between the foundations of theories and the empirical assumptions they encode Lebow's analysis enables readers to examine in greater depth the different approaches to theory and their related research strategies This book will be of interest to students and scholars of international relations theory and philosophy of social science

War and Its Causes Jeremy Black, 2019-01-21 This interdisciplinary book provides an invaluable perspective on the causes of war drawing on a thoughtful consideration of what war actually is the key foundation for an analysis of its causes Jeremy Black assesses the three main types of war between cultures within cultures and civil emphasizing the social and cultural factors leading to conflict He argues that cultural factors have always been the key element especially aggression in the shape of a willingness to kill and be killed which alters rational assumptions of risk and overcomes deterrence He assesses the predisposition of ideologies to think and act in terms of conflict the functional dynamics of international relations systems and the strengths and failures of diplomacy Drawing on research from history political science and international relations Black marshals global examples spanning the fifteenth century to the present Contrasting wars within cultures and wars between cultures he considers the implications for ongoing and future conflict

Polycentric World Order in the Making Andrey Baykov, Tatiana Shackleina, 2023-03-02 The world order is evolving toward polycentricity producing its winners and losers and driving up the global and regional demand for governance security justice and ethics The book offers a perspective of key Russian experts in international affairs on these transformations On the global level it touches upon the issues of global governance state transformation phenomenology of globalization international security and international political economy On the regional level it deals with issues of economic integration energy security cyber security nuclear proliferation viewed from a perspective of Pacific Asia East Asia Latin America Middle East Post Soviet Area

Global Turkey in Europe III Senem Aydin-Düzgit et al., 2015-06-16 Global Turkey in Europe's third volume sheds light on four key areas in EU Turkey relations foreign relations democracy the Kurdish question and economic and trade issues Building on its two preceding collective volumes Global Turkey in Europe III intends to contribute to a comprehensive discussion on shaping a common Turkish European future with an eye to key domestic regional and global challenges and opportunities facing both the EU and Turkey

Presidential Leadership in an Age of Change Michael Genovese, 2017-09-08 The American public hungers for a heroic leader From John F Kennedy to George W Bush every American president has left office either under a cloud or as a failed leader Michael A Genovese argues that presidents are set up for failure it is not specific presidents but the presidency itself that is the problem The presidency was designed to prevent tyranny through a system of separation of powers that inhibits presidents from exercising sufficient power to meet the demands and expectations that developed over time Each new president dreams of success only to be crushed by the paralytic weight of vetoes and roadblocks As they fail to meet expectations Americans turn on them making their already

precarious position much worse Given the perilous nature of the office Genovese examines the skills required to achieve success and the roles of power and persuasion He also examines how globalization and the rapid pace of change contribute to the decline of presidential power This accessible synthesis of scholarship is geared toward an audience that is hungry to unravel the dilemmas of presidential leadership Students of the presidency will find it insightful general readers will find it illuminating

Europe in the Caucasus, Caucasus in Europe Thomas Makarychev, Andrey Krüssmann, 2019-09-30 The book series European Studies in the Caucasus offers innovative perspectives on regional studies of the Caucasus By embracing the South Caucasus as well as Turkey and Russia as the major regional powers it moves away from a traditional viewpoint of European Studies that considers the countries of the region as objects of Europeanization This first volume emphasizes the movements of ideas in both directions from Europe to the Caucasus and from the Caucasus to Europe This double track frame illuminates new aspects of a variety of issues requiring reciprocity and intersubjectivity including rivalries between different integration systems in the southern and eastern fringes of Europe various dimensions of interaction between countries of the South Caucasus and the European Union in a situation of the ongoing conflict with Russia and different ways of using European experiences for the sake of domestic reforms in the South Caucasus Topics range from identities to foreign policies and from memory politics to religion

As recognized, adventure as without difficulty as experience about lesson, amusement, as without difficulty as understanding can be gotten by just checking out a books **Good Bye Hegemony Power And Influence In The Global System** next it is not directly done, you could assume even more as regards this life, a propos the world.

Good Bye Hegemony Power And Influence In The Global System Introduction

In the digital age, access to information has become easier than ever before. The ability to download Good Bye Hegemony Power And Influence In The Global System has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Good Bye Hegemony Power And Influence In The Global System has opened up a world of possibilities. Downloading Good Bye Hegemony Power And Influence In The Global System provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Good Bye Hegemony Power And Influence In The Global System has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Good Bye Hegemony Power And Influence In The Global System. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Good Bye Hegemony Power And Influence In The Global System. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Good Bye Hegemony Power And Influence In The Global System, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the

legitimacy of the websites they are downloading from. In conclusion, the ability to download Good Bye Hegemony Power And Influence In The Global System has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Good Bye Hegemony Power And Influence In The Global System Books

1. Where can I buy Good Bye Hegemony Power And Influence In The Global System books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Good Bye Hegemony Power And Influence In The Global System book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
4. How do I take care of Good Bye Hegemony Power And Influence In The Global System books? Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.
5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of books for borrowing. Book Swaps: Community book exchanges or online platforms where people exchange books.
6. How can I track my reading progress or manage my book collection? Book Tracking Apps: Goodreads, LibraryThing, and Book Catalogue are popular apps for tracking your reading progress and managing book collections. Spreadsheets: You can create your own spreadsheet to track books read, ratings, and other details.
7. What are Good Bye Hegemony Power And Influence In The Global System audiobooks, and where can I find them? Audiobooks: Audio recordings of books, perfect for listening while commuting or multitasking. Platforms: Audible, LibriVox, and Google Play Books offer a wide selection of audiobooks.

8. How do I support authors or the book industry? Buy Books: Purchase books from authors or independent bookstores. Reviews: Leave reviews on platforms like Goodreads or Amazon. Promotion: Share your favorite books on social media or recommend them to friends.
9. Are there book clubs or reading communities I can join? Local Clubs: Check for local book clubs in libraries or community centers. Online Communities: Platforms like Goodreads have virtual book clubs and discussion groups.
10. Can I read Good Bye Hegemony Power And Influence In The Global System books for free? Public Domain Books: Many classic books are available for free as they're in the public domain. Free E-books: Some websites offer free e-books legally, like Project Gutenberg or Open Library.
