Christian Advocate and Journal and Zion's Herald ,1910 [The Christian Advocate](#) ,1910 **The World Situation and the Direction of the Lord's Move** Witness Lee,1991-06-01 It is a historical fact that the world situation has always been the indicator of the Lord s move on earth Some have said that the Bible is a history of the Jews This understanding however is not entirely correct It is correct to say that the history in the Bible is centered around Israel but the Bible is not just a history of the Jews The Bible is a history of God s economy Israel has been the center of the carrying out of God s economy on earth God is not interested merely in the history of the Jews His interest is in His economy which is being carried out by Him on earth The carrying out of His economy has much to do with the world situation *Reinhold Niebuhr in Theory and Practice* Peter B. Josephson,R. Ward Holder,2018-12-05 American public life is gripped by a tumult that it has not experienced in at least half a century Resentment distrust despair fear envy and outrage are the passions of the day Yet it was not long ago that political scientists and theologians could speak of a Niebuhr renaissance marked by an appreciation of moral paradox ethical nuance and a recognition of the irony of American history American political leaders from Barack Obama and Hillary Clinton to George Bush and John McCain referenced Reinhold Niebuhr as an important influence on their political understandings Columnists like David Brooks commented on the political condition of contemporary America and scholars from Gary Dorrien and Daniel Rice to Richard Crouter developed academic accounts of Niebuhr s political realism From an insistence on political purity to a wariness of international institutions and the claims of expertise to a rejection of whole categories of public goods it would be difficult to find a more significant shift from the principles that shaped statecraft and public policy during Niebuhr s prime to those that are foundational in the age of Trump Reinhold Niebuhr in Theory and Practice Christian Realism and Democracy in America in the Twenty First Century explains the collapse of the Niebuhrian

renaissance in public life and the ascendance of the children of light and the children of darkness in the 2016 election Our focus is Niebuhr himself and what the encounter between his own theology and his practical political experience might reveal in our contemporary situation Niebuhr tells us that he does not offer precise policy prescriptions But Niebuhr was a prolific author and his works offer insights both into what realistic and Christian public policies would look like and perhaps more importantly into how citizens should think for themselves about the political challenges of our times Our aim then is to reassert the possibility of a distinctly Niebuhrian public intellectualism and a distinctly Niebuhrian political practice in the wake of the 2016 election

The SBC and the 21st Century Jason K. Allen, 2019-05-15 This volume not only promotes meaningful dialogue it calls leaders throughout the SBC into action Extensive thought research assessment and wisdom from some of the SBC's brightest minds have been poured into this volume with the intent of rendering a helpful contribution to SBC life that will propel forward the collective work of Southern Baptists well into the 21st century

The Future Shape of Christian Proclamation Cleophus J. LaRue, Luiz C. Nascimento, 2020-08-03 Christianity is turning brown and moving south The Christianity the West has known is in recession and has all but dwindled out of recognition in the opening years of the twenty first century Well over half of the world's Christians now live in the Global South Africa Asia and Latin America They are according to Aberdeen missiologist Andrew Walls the new Representative Christians What they think about Christianity will matter more and more and what North America thinks about Christianity will matter less and less This massive shift in geography and theological point of departure will have a major impact on Christian preaching now and into the future The Future Shape of Christian Proclamation seeks to begin the conversation about how preaching in the Global South will inform the whole of Christian preaching in the coming years

The Social Gospel Today Christopher Hodge Evans, 2001-01-01 The contributors explore how the theological tradition of the Social Gospel born within the social and cultural dislocations of late 19th century America relates to the dislocations of the current American scene The contributors argue that America's only indigenous theological tradition remains powerfully relevant to mainline churches and to the scholars who work out of these institutions

Reforming America Jeffrey A. Johnson, 2017-03-20 Presenting a detailed look at the individuals themes and moments that shaped this important Progressive Era in American history this valuable reference spans 25 years of reform and provides multidisciplinary insights into the period During the Progressive Era influential thinkers and activists made efforts to improve U S society through reforms both legislative and social on issues of the day such as working conditions of laborers business monopolies political corruption and vast concentrations of wealth in the hands of a few Many Progressives hoped for and tirelessly worked toward a day when all Americans could take full advantage of the economic and social opportunities promised by U S society This two volume work traces the issues events and individuals of the Progressive Era from approximately 1893 to 1920 The entries and primary sources in this set are grouped thematically and cover a broad range of topics regarding reform and innovation across the period with special attention paid to important topics of race

Jensen, 2012-09-20 Sydney's evangelical Anglicans have been the focus of a great deal of controversy and criticism in the Anglican world Their blend of conservatism towards doctrine and radicalism towards the institutional church has made them something of an enigma to other Anglicans But what makes them really tick Michael Jensen provides a unique insider's view into the convictional world of Sydney Anglicanism He responds to a number of the common misunderstandings about Sydney Anglicanism and challenges Sydney Anglicans to see themselves as making a positive contribution to the wider church and to the city they inhabit *Evangelical America* Timothy J. Demy, Paul R. Shockley Ph.D., 2017-09-21 An essential new reference work for students and general readers interested in the history dynamics and influence of evangelicalism in recent American history politics and culture What makes evangelical or born again Christians different from those who identify themselves more simply as Christian What percentage of Americans believe in the Rapture How are evangelicalism and Baptism similar What is the influence of evangelical religions on U S politics Readers of *Evangelical America* An Encyclopedia of Contemporary American Religious Culture will learn the answers to these questions and many more through this single volume work's coverage of the many dimensions of and diversity within evangelicalism and through its documentation of the specific contributions evangelicals have made in American society and culture It also illustrates the Evangelical movement's influence internationally in key issues such as human rights environmentalism and gender and sexuality **The Social Gospel in American Religion** Christopher H. Evans, 2017-04-04 A remarkable history of the powerful and influential social gospel movement The global crises of child labor alcoholism and poverty were all brought to our attention through the social gospel movement Its impact on American society makes it one of the most influential developments in American religious history

Christopher H Evans traces the development of the social gospel in American Protestantism and illustrates how the religious idealism of the movement also rose up within Judaism and Catholicism Contrary to the works of previous historians Evans demonstrates how the presence of the social gospel continued in American culture long after its alleged demise following World War I Evans reveals the many aspects of the social gospel and their influence on a range of social movements during the twentieth century culminating with the civil rights movement in the 1950s and 1960s It also explores the relationship between the liberal social gospel of the early twentieth century and later iterations of social reform in late twentieth century evangelicalism *The Social Gospel in American Religion* considers an impressive array of historical figures including Washington Gladden Emil Hirsch Frances Willard Reverdy Ransom Walter Rauschenbusch Stephen Wise John Ryan Harry Emerson Fosdick A J Muste Georgia Harkness and Benjamin Mays It demonstrates how these figures contributed to the shape of the social gospel in America while arguing that the movement s legacy lies in its profound influence on broader traditions of liberal progressive political reform in American history *A.
