- i) Which way do you think provides safety to the person disposing garbage?
ii) What are the dangers of collecting garbage in the manner shown in the first photograph?
iii) Why do you think that proper ways of disposing garbage are not available to those who work in municipalities?

Answers: i) The second photograph shows the safe way of disposing garbage.
ii) In the first photograph, the workers may get injured. He may get infected and may fall sick.
iii) This can be because of two reasons. First reason is lack of fund to buy proper equipments. The second reason is lack of awareness among workers as well as among the officers.

Q7 Several poor people in the city work as domestic servants as well as work for the Corporation, keeping the city clean. Yet the slums in which they live are quite filthy. This is because these slums seldom have any water and sanitation facilities. The reason often given by the Municipal Corporation is that the land in which the poor have set up their homes does not belong to them and that slum-dwellers do not pay taxes. However people living in middle class neighbourhoods pay very little in taxes compared to the amount of money the corporation spends on them in setting up parks, street lighting facilities, regular garbage collection etc. Also as you read in this chapter, the property taxes collected by the Municipality makes up only 25-30 per cent of its money. Why do you think it is important that the Corporation should spend more money on slum localities? Why is it important that the Municipal Corporation provide the poor in the city with the same facilities that the rich get?

Answers: Slums are also integral part of a city. The slum dwellers contribute immensely. They provide various services to the middle class people. Moreover, if an epidemic spreads in a slum it will also affect the middle class locality. So maintenance of cleanliness in slums is as important as in middle class locality.

Q8 Look at the image below:

The Government of India launched the Swachh Bharat Mission on 2 October 2014 to promote cleanliness in both rural and urban areas all over the nation. Under the "Swachh Bharat, Swachh Vidyalaya" campaign, many activities are also being carried out in schools to generate awareness on sanitation and hygiene amongst students. Observe the ways in which "Swachh Bharat Abhiyan" is being implemented by municipality / panchayat in your locality. Prepare a poster and display it in your school.

Outlook, 1970 **Resources for Teaching Elementary School Science** National Science Resources Center of the National Academy of Sciences and the Smithsonian Institution, 1996-03-28 What activities might a teacher use to help children explore the life cycle of butterflies? What does a science teacher need to conduct a leaf safari for students? Where can children safely enjoy hands on experience with life in an estuary? Selecting resources to teach elementary school science can be confusing and difficult but few decisions have greater impact on the effectiveness of science teaching. Educators will find a wealth of information and expert guidance to meet this need in *Resources for Teaching Elementary School Science*. A completely revised edition of the best selling resource guide *Science for Children*. *Resources for Teachers* this new book is an annotated guide to hands on inquiry centered curriculum materials and sources of help in teaching science from kindergarten through sixth grade. Companion volumes for middle and high school are planned. The guide annotates about 350 curriculum packages describing the activities involved and what students learn. Each annotation lists recommended grade levels accompanying materials and kits or suggested equipment and ordering information. These 400 entries were reviewed by both educators and scientists to ensure that they are accurate and current and offer students the opportunity to Ask questions and find their own answers. Experiment productively. Develop patience persistence and confidence in their own ability to solve real problems. The entries in the curriculum section are grouped by scientific area Life Science Earth Science Physical Science and Multidisciplinary and Applied Science and by type core materials supplementary materials and science activity books. Additionally a section of references for teachers provides annotated listings of books about science and teaching directories and guides to science trade books and magazines that will help teachers enhance their students science education. *Resources for Teaching Elementary School Science* also lists by region and state about 600 science centers museums and zoos where teachers can take students for interactive science experiences. Annotations highlight almost 300 facilities that make significant efforts to help teachers. Another section describes more than 100 organizations from which teachers can obtain more resources. And a section on publishers and suppliers give names and addresses of sources for materials. The guide will be invaluable to teachers principals administrators teacher trainers science curriculum specialists and advocates of hands on science teaching and it will be of interest to parent teacher organizations and parents **Science**
