Spitzer, 2023 In *The Gun Dilemma* Robert J. Spitzer examines this gun rights 20 movement in the light of a host of gun controversies assault weapons ammunition magazines silencers public gun brandishing and display and the emergent Second Amendment sanctuary movement Given the importance of actual gun law history to this debate Spitzer draws from the historical record to illuminate several contemporary and emergent gun controversies that may well make their way to the Supreme Court Revealing and illuminating as that history is he argues that we should not be straitjacketed by that history but rather informed by it as the nation struggles with how to frame its gun policies *Standard Catalog of Military Firearms, 9th Edition* Philip Peterson, 2020-03-31 The No 1 guide to pricing and identification of military arms and accessories from around the world Now in its 9th Edition *Standard Catalog of Military Firearms* is the undisputed best source available for pricing and identification of military handguns rifles and shotguns as well as Class III automatic firearms and accessories such as bayonets clips magazines and holsters Author Phillip Peterson a renowned expert in military history and firearms has completely updated the pricing of the more than 2 000 models of military firearms manufactured since 1870 From Mauser 98s to M1 Garands and Russian guns weaponry from 32 countries is represented here Identification advice and more than 1 700 photos help the buyer seller trader or collector make wise decisions Also included is a special 16 page color section featuring rare and collectible pieces from recent U S auctions

Standard Catalog of Military Firearms is the trusted source for the legions of militaria fans who know the value of having expert knowledge at their fingertips as they study the weapons that have shaped our world's history Gunfight Ryan Busse, 2021-10-19 A former firearms executive pulls back the curtain on America's multibillion dollar gun industry exposing how it fostered extremism and racism radicalizing the nation and bringing cultural division to a boiling point As an avid hunter outdoorsman and conservationist all things that the firearms industry was built on Ryan Busse chased a childhood dream and built a successful career selling millions of firearms for one of America's most popular gun companies But blinded by the promise of massive profits the gun industry abandoned its self-imposed decency in favor of hardline conservatism and McCarthyesque internal policing sowing irreparable division in our politics and society That drove Busse to do something few other gun executives have done he's ending his 30 year career in the industry to show us how and why we got here Gunfight is an insider's call out of a wild secretive and critically important industry It shows us how America's gun industry shifted from prioritizing safety and ethics to one that is addicted to fear conspiracy intolerance and secrecy It recounts Busse's personal transformation and shows how authoritarianism spreads in the guise of freedom how voicing one's conscience becomes an act of treason in a culture that demands sameness and loyalty Gunfight offers a valuable perspective as the nation struggles to choose between armed violence or healing *The Gun Digest Book of the Tactical Rifle* Patrick Sweeney, 2011-03-21 The Master Blaster is back in the Gun Digest Book of the Tactical Rifle Ever feel like burning up some ammo Well so does Pat Sweeney In the Gun Digest Book of the Tactical Rifle America's favorite black rifle expert puts today's hottest tactical rifles through their paces It's a fun and fact-filled exploration of high volume shooting at its finest From AKs to M14s from AUGs to SCARS Pat gives practical real world advice on tactical rifles from around the world It's a great go to book for shooters collectors and hobbyists in fact for anyone with an interest in tactical rifles and their uses It pays to try before you buy So let Pat Sweeney try them out for you in Gun Digest Book of the Tactical Rifle **The NRA** Frank Smyth, 2020-03-31 For the first time the definitive account of America's most powerful most secretive and most controversial nonprofit and how far it has strayed from its origins The National Rifle Association is unique in American life Few other civic organizations are as old or as large None is as controversial It is largely due to the NRA that the U.S. gun policy differs so extremely some would say so tragically from that of every other developed nation But as Frank Smyth shows the NRA has evolved from an organization concerned above all with marksmanship and which supported most government efforts around gun control for a hundred years to one that resists all attempts to restrict guns in any way At the same time the organization has also buried its own remarkable history Here is that story from the NRA's surprising roots in post Civil War New York City to the defining event that changed its culture forever the so-called Cincinnati Revolt of 1977 to the present day where President Donald Trump is the most ardent champion in the White House the NRA has ever had For anyone who has looked at access to guns in our society and asked Why this is an unmatched account of how we got here and who got us here The

Peterson, 2017-01-05 Your No 1 Guide for Military Firearms Values **Tragedy in Aurora** Tom Diaz, 2019-10-31 Tragedy in Aurora is about the 2012 murder of budding sports journalist Jessica Jessi Redfield Ghawi in a public mass shooting and the widening circle of pain it inflicted on her family friends police medical first responders and others The book is at the same time a deep examination of the causes and potential cures of the quintessential 21st century American sickness public mass shootings At the heart of that examination is an unpacking of America s deep polarization and political gridlock It addresses head on the question of why Why is American gun violence so different from other countries Why does nothing seem to change The Parkland kids inspired hope of change But the ultimate questions stubbornly remain what should what can and what will Americans do to reduce gun violence Tragedy in Aurora argues that the answer lies in a conscious cultural redefinition of American civic order Over recent decades America has defined a cultural new normal about guns and gun violence Americans express formalistic dismay after every public mass shooting But many accept gun violence as an inevitable even necessary and to some laudable part of what it means to be American Although Americans claim to be shocked with each new outrage so far they have failed to coalesce around an effective way to reduce gun death and injury The debate is bogged down in polarized and profoundly ideological political and cultural argument Meanwhile America continues to lead the globe in its pandemic levels of gun deaths and injuries Combined with the cynical learned helplessness of its politicians the result is gridlock and a growing roll of victims of carnage Is there a path out of this cultural and political gridlock Tragedy in Aurora argues that if America is to reduce gun violence it must expand the debate and confront the fundamental question of who are we Tom Diaz gives a new understanding of American culture and the potential for change offered by the growing number and ongoing organization of victims and survivors of gun violence Without conscious cultural change the book argues there is little prospect of effective laws or public policy to reduce gun violence in general and public
