Terminator series and more recently The Matrix Limitless Her and Transcendence However as its adherents hint at in their own publications transhumanism is an occult project rooted in Rosicrucianism and Freemasonry and derived from the Kabbalah which asserts that humanity is evolving intellectually towards a point in time when man will become God Modeled on the medieval legend of the Golem and Frankenstein they believe man will be able to create life itself in the form of living machines or artificial intelligence Spearheaded by the Cybernetics Group the project resulted in both the development of the modern computer and MK Ultra the CIA s mind control program MK Ultra promoted the mind expanding potential of psychedelic drugs to shape the counterculture of the 1960s based on the notion that the shamans of ancient times used psychoactive substances equated with the apple of the Tree of Knowledge And as revealed in the movie Lucy through the use of smart drugs and what transhumanists call mind uploading man will be able to merge with the Internet which is envisioned as the end point of Kabbalistic evolution the formation of a collective consciousness or Global Brain That awaited moment is what Ray Kurzweil a director of engineering at Google refers to as The Singularity By accumulating the total of human knowledge and providing access to every aspect of human activity the Internet will supposedly achieve omniscience becoming the God of occultism or the Masonic All Seeing Eye of the reverse side of the American dollar bill

Modernity and the Construction of Sacred Space Aaron French, Katharina Waldner, 2024-07-01 This volume focuses on the connection between modern design and architectural practices and the construction of sacred spaces Not only language and ritual but space place and architecture play a significant role in constructing special or religious spaces However this concept of a constructed sacred space remains undertheorized in religious studies and the history of art and architecture in general This volume therefore revisits the question of a modern sacred space from an interdisciplinary perspective focusing on religion space and architecture during the emergence of the modern period and up until contemporary times Revisiting the ways in which modern architects and artists have endeavored to create sacred spaces and buildings for the modern world will address the underlying questions of how religious ideas especially those related to esotericism and to alternative religiosities have transformed the way sacred spaces are conceptualized today

Линдер,2023-09-25 **The British National Bibliography** Arthur James Wells,2009 The Chaos Protocols Gordon White,2025-08-05 The years since the financial crash have seen the realization dawn that the great promise of modern civilization will go unfulfilled Study hard work hard buy a house retire happy It s all a lie spun for the benefit of a tiny elite The richest eighty five people on earth have as much wealth as the poorest 3 5 billion Each month the numbers change but they never improve Magical and spiritual discourse has failed to keep up with this new reality The Chaos Protocols aims to fix that Join Gordon White as he shows you how to use chaos magic not only to navigate these trying times but to triumph as well Discover how to become invincible through initiation and wage the mind war that will keep you moving toward what you really want From sigil magic to working with spiritual allies The Chaos Protocols helps you act on the unwavering belief that

your life should matter and you're not going to let something as trifling as the apocalypse get in the way of it. Praise Gordon White gives a master class on the hard economic realities and the kind of low down and dirty magic for which he has become famous. Pragmatic, sharp and funny. The Chaos Protocols is a treasure of a book. Peter Grey, author of Apocalyptic Witchcraft, takes two parts Magick Without Tears, a measure of The Wealth of Nations, a pinch of Ian Fleming and a dash of Noel Coward and you have this almost promiscuously readable text. Whoever said books on magick can't be fabulously entertaining as well as eminently practical has obviously not read up on their Gordon White. Remedy that situation. Chris Knowles, author of The Secret History of Rock n Roll and Our Gods Wear Spandex. Chaos Magick Seth Cardorra, 2023-10-23. How will you change the world? Warning: This is a heavy duty grimoire full of magick, abstract magical theory, paradigm modeling and subversive ideas. A collection of occult texts including Blood Magick, Post Modern Magick and Tactical Magick, in addition to more spells, projects, history and other writings. Liber Null & Psychonaut Peter J. Carroll, 2022-06-01. The most original and probably the most important writer on Magick since Aleister Crowley. Robert Anton Wilson, author of the Prometheus Rising and other works. Peter Carroll's classic work has been of profound influence on the Western magical world and on the practice of chaos magick, in particular. In Liber Null and Psychonaut, Carroll presents an approach to the practice of magic that draws on the foundations of shamanism and animism as well as that found in the Greek magical papyri, the occult works of Eliphas Levi and Aleister Crowley and the esoteric meditative practices of classical India and China. Also very much at work in the text are 20th century scientific ideas of quantum physics and chaos theory. The result is a profoundly original work of magical studies that also includes a selection of extremely powerful rituals and exercises for committed occultists with instructions that lead the reader through new concepts and practices to achieve Carroll's definition of magic itself: the raising of the whole individual in perfect balance to the power of infinity. This Weiser Classics edition is a thoroughly revised republication of Liber Null and Psychonaut, first published by Weiser in 1987 and includes a new foreword by Ronald Hutton, a leading authority on modern witchcraft and paganism. Magick and Prosperity: a Guide to Using Chaos Magic Oliver Hart, 2015-02-09. Harness The Power Of Magic and The Occult For Prosperity. Magick And Prosperity: A Guide To Using Chaos Magic provides a practical framework for the application of Chaos Magick. Oliver P Hart, a practitioner of new thought and the occult for over two decades, shares his views and experiences as a proud practicing Chaoite for prosperity, self improvement and spiritual expression. Craft spells and use tools through the fascinating world of occultism and Chaos Magic in an empowering way. This magick manual strips the dogma, misconception and plain misinformation on a wicca, paganism and the chaos magick idea that in reality utilizes the amazing power of your human mind. This takes a look at the different levels of consciousness, the nature of humanity, cosmic power and more, all from a magical perspective. Become the master of the universe with Chaos Magick. **The Chaonomicon** Jaq D Hawkins, 2018-06-26. What is chaos magic? Nearly forty years after its beginnings, Pagans and magicians are still asking the question or finding conflicting information online. Jaq D
