Alan Watts, 2018-07-17 Deep down most people think that happiness comes from having or doing something Here in Alan Watt's groundbreaking second book originally published in 1940 he offers a more challenging thesis authentic happiness comes from embracing life as a whole in all its contradictions and paradoxes an attitude that Watts calls the way of acceptance Drawing on Eastern philosophy Western mysticism and analytic psychology Watts demonstrates that happiness comes from accepting both the outer world around us and the inner world inside us the unconscious mind with its irrational desires lurking beyond the awareness of the ego Although written early in his career The Meaning of Happiness displays the

hallmarks of his mature style the crystal clear writing the homespun analogies the dry wit and the breadth of knowledge that made Alan Watts one of the most influential philosophers of his generation

A Field Guide to Happiness Linda Leaming, 2014-10-01 In the West we have everything we could possibly need or want except for peace of mind So writes Linda Leaming a harried American who traveled from Nashville Tennessee to the rugged Himalayan nation of Bhutan sometimes called the happiest place on Earth to teach English and unlearn her politicized and polarized energetic and impatient way of life In Bhutan if I have three things to do in a week it s considered busy In the U S I have at least three things to do between breakfast and lunch After losing her luggage immediately upon arrival Leaming realized that she also had emotional baggage a tendency toward inaction a touch of self absorption and a hundred other trite stupid embarrassing and inconsequential things that needed to get lost as well Pack up ideas and feelings that tie you down and send you lead footed down the wrong path Put them in a metaphorical suitcase and sling it over a metaphorical bridge in your mind Let the river take them away Forced by circumstance and her rustic surroundings to embrace a simplified life Leaming made room for more useful beliefs The thin air and hard climbs of her mountainous commute put her deeply in touch with her breath helping her find focus and appreciation The archaic glacially paced bureaucracy of a Bhutanese bank taught her to go with the flow and take up knitting The ancient ritual of drinking tea brought tranquility friendship and eventually a husband Each day and each adventure in her adopted home brought new insights and understandings to take back to frantic America where she now practices the art of simulating Bhutan This collection of stories impressions and suggestions is a little nudge a push a leg up into the rarefied air of paradise of bright sunlight and beautiful views
