David McCullough

Jefferson The Virginian Jefferson And His Time University Of Virginia Press:

Jefferson and His Time: Jefferson the Virginian Dumas Malone, 1948 Jefferson the Virginian Dumas Malone, 2006-02 Dumas Malone's classic six volume biography Jefferson and His Time was awarded the Pulitzer Prize in history and became the standard work on Jefferson's life This first volume explores the early phases of Jefferson's life from his youth education legal career and marriage to the building of Monticello writing of the Declaration of Independence and his highly contentious governorship Publisher's website **Jefferson and His Time: Jefferson the President, first term, 1801-1805** Dumas Malone, 1970 Jefferson and His Time: Jefferson the Virginian Dumas Malone, 2005 **Thomas Jefferson's Philosophy of Education** M. Andrew Holowchak, 2014-05-30 Thomas Jefferson had a profoundly advanced educational vision that went hand in hand with his political philosophy each of which served the goal of human flourishing His republicanism marked a break with the conservatism of traditional non representative governments characterized by birth and wealth and in neglect of the wants and needs of the people Instead Jefferson proposed social reforms which would allow people to express themselves freely dictate their own course in life and oversee their elected representatives His educational vision aimed to instantiate a progressive social climate only dreamed of by utopists such as Thomas More James Harrington and Louis S bastian Mercier This book offers a critical articulation of the philosophy behind Jefferson's thoughts on education Divided into three parts chapters include an analysis of his views on elementary and higher education an investigation of education for both the moral sense and rational faculty and an examination of education as lifelong learning Jefferson's educational rationale was economic political and philosophical and his systemic approach to education conveys a systemic economic approach to living with strong affinities to Stoicism Thomas Jefferson's Philosophy of Education will be key reading for philosophers historians and postgraduate students of education the history of education and philosophy

The War on History Jarrett Stepman, 2019-10-01 The War on Our History Confederate memorials toppled Columbus statues attacked with red paint They started with slave owning Confederate generals but they're not stopping there The vandals are only pretending to care about the character of particular American heroes In reality they hate what those heroes represent the truths asserted in the Declaration of Independence and embodied in the Constitution And they are bent on taking America down and replacing our free society with a socialist utopia All that stands in their way is Americans reverence for our history of freedom Which is why that history simply has to go Now Jarrett Stepman editor at The Daily Signal and host of Right Side of History exposes the true aims of the war on our history The war on America World history is full of conquests and suffering indigenous peoples Why target Christopher Columbus What they really want to tear down is America The war on Thanksgiving World history is full of colonists Why target the Pilgrims What they really want to tear down is American freedom and prosperity The war on the Founding World history is full of slavery Why target Thomas Jefferson What they really want to tear down are the rights endowed by our Creator The war on the common man World history is full of

victorious generals and populist politicians Why target Andrew Jackson What they really want to tear down is democracy The war on the South World history is full of civil strife Why target Confederate heroes like Robert E Lee What they really want to tear down is respect for America s past and the reconciliation that renewed our Union The war on patriotism World history is full of national pride Why target Teddy Roosevelt What they really want to tear down is the idea of American greatness The war on the American century World history is full of bloody wars What they really want to tear down is America s defeat of totalitarianism If America is to survive this assault we must rally to the defense of our illustrious history The War on History is the battle plan

The Praeger Handbook of Faith-Based Schools in the United States, K-12 Thomas C. Hunt, James C. Carper, 2012-08-06 Exploring a subject that is as important as it is divisive this two volume work offers the first current definitive work on the intricacies and issues relative to America s faith based schools The Praeger Handbook of Faith Based Schools in the United States K 12 is an indispensable study at a time when American education is increasingly considered through the lenses of race ethnicity gender and social class With contributions from an impressive array of experts the two volume work provides a historical overview of faith based schooling in the United States as well as a comprehensive treatment of each current faith based school tradition in the nation The first volume examines three types of faith based schools Protestant schools Jewish schools and Evangelical Protestant homeschooling The second volume focuses on Catholic Muslim and Orthodox schools and addresses critical issues common to faith based schools among them state and federal regulation and school choice as well as ethnic cultural confessional and practical factors Perhaps most importantly for those concerned with the questions and controversies that abound in U S education the handbook grapples with outcomes of faith based schooling and with the choices parents face as they consider educational options for their children

How Journalism Uses History Martin Conboy, 2013-09-13 How Journalism Uses History examines the various ways in which journalism uses history and historical sources in order to better understand the relationships between journalists historians and journalism scholars It highlights the ambiguous overlap between the role of the historian and that of the journalist and underlines that there no longer seems to be reason to accept that one begins only where the other ends With Journalism Studies as a developing subject area throughout the world journalism history is becoming a particularly vivacious field As such How Journalism Uses History argues that if historical study of this kind is to achieve its full potential there needs to be a fuller and more consistent engagement with other academics studying the past political social and cultural historians in particular but also scholars working in politics sociology literature and linguistics Contributors in this book discuss the core themes which inform history s relationship with journalism from a wide range of geographical and methodological perspectives They aim to create more ambitious conversations about using journalism both as a source for understanding the past and for clarifying ideas about its role as constituent of the public sphere in using discourse and tradition to connect contemporary audiences with history This book was originally published as a special issue of Journalism Practice

Irreconcilable Founders David

Johnson,2021-05-12 Virginians dominate the early history of the United States with Washington Jefferson Madison Monroe Patrick Henry George Mason George Wythe and John Marshall figuring prominently in that narrative Fellow Virginian Spencer Roane 1762 1822 an influential jurist and political thinker was in many ways their equal Roane is nonetheless mostly absent in accounts of early America The lack of interest in Roane is remarkable since he was the philosophical leader of the Jeffersonians architect of states rights doctrine a legislator essayist and for twenty seven years justice of the Virginia Supreme Court He was the son in law of Henry a confidant of Jefferson founder of the influential Richmond Enquirer and head of the Richmond Junto Roane s opinions established judicial review of legislative acts ten years before Supreme Court Chief Justice Marshall did the same in Marbury v Madison Roane also brought down Virginia s state sponsored church His descent into historical twilight is even more curious given his fierce criticism both from the bench and in the Richmond Enquirer of Marshall s nationalistic decisions Indeed the debate between these two judges is perhaps the most comprehensive discussion of federalism outside of the arguments that raged over the ratification of the United States Constitution In Irreconcilable Founders David Johnson uses Roane s long lasting conflict with Marshall as ballast for the first ever biography of this highly influential but largely forgotten justice and political theorist Because Roane s legal opinions gave way to those of Marshall historians have tended to either dismiss him or cast him as little more than an annoying gadfly Equally to blame for his obscurity is the comparative inaccessibility of Roane s life no single archive houses his papers no scholars have systematically reviewed his legal opinions and no one has methodically examined his essays Bringing these and other disparate sources together for the first time Johnson precisely limns Roane s career personality and philosophy He also synthesizes the judge s wide ranging jurisprudence and analyzes his predictions about the dangers of unchecked federal power and an activist Supreme Court Although contemporary jurists and politicians disregarded Roane s opinions many in today s political and legal arenas are unknowingly echoing his views with increasing frequency making this reappraisal of his life and reassessment of his opinions timely and relevant **Virginia's American Revolution** Kevin R. C.

Gutzman,2007-01-01 Virginia s American Revolution focuses on the remaking of colonial Virginia into a republican society It considers this topic with a focus on particular episodes such as the Richmond Ratification Convention of 1788 and the adoption of the Virginia Resolutions of 1798 that brought the question What does it mean to be republican to the fore

Displacing Jesus Charles A. Wilson,2024-01-22 Displacing Jesus studies the inner workings of Thomas Jefferson s editing and shortening of the Gospels of the New Testament The Life and Morals of Jesus of Nazareth It uncovers the immanent moves of his editorial project and shows how he makes judgments on what to include and exclude from the Gospels As the book analyzes Jefferson s gospel it reconstructs his cut and paste project as a displacing of the biblical story of Jesus into a war on Jewish authorities Ignoring nearly all traditional religious themes the new gospel reframes the story into a battle against the narrow and hypocritical morality of the leaders of Second Temple Judaism Surprisingly Jefferson s editing does

provide a robust if not traditional theology and a Christology centered in the passion of the Shepherd Sage who performs his death for Wisdom Displacing Jesus ends by connecting Jefferson's creation in The Life and Morals with theological themes with the history of his views on religion and with comments on how new insights into Jefferson's gospel can inform contemporary Jefferson research

Mr. Jefferson's Lost Cause Roger G. Kennedy, 2003-03-06 Thomas Jefferson advocated a republic of small farmers free and independent yeomen And yet as president he presided over a massive expansion of the slaveholding plantation system particularly with the Louisiana Purchase squeezing the yeomanry to the fringes and to less desirable farmland Now Roger G Kennedy conducts an eye opening examination of the gap between Jefferson's stated aspirations and what actually happened Kennedy reveals how the Louisiana Purchase had a major impact on land use and the growth of slavery He examines the great financial interests such as the powerful land companies that speculated in new territories and the British textile interests that beat down slavery's many opponents in the South itself Native Americans African Americans Appalachian farmers and conscientious opponents of slavery He describes how slaveholders cash crops first tobacco then cotton sickened the soil and how the planters moved from one desolated tract to the next Soon the dominant culture of the entire region from Maryland to Florida from Carolina to Texas was that of owners and slaves producing staple crops for international markets The earth itself was impoverished in many places beyond redemption None of this Kennedy argues was inevitable He focuses on the character ideas and ambitions of Thomas Jefferson to show how he and other Southerners struggled with the moral dilemmas presented by the presence of Indian farmers on land they coveted by the enslavement of their workforce by the betrayal of their stated hopes and by the manifest damage being done to the earth itself Jefferson emerges as a tragic figure in a tragic period Mr Jefferson's Lost Cause was a CHOICE Outstanding Academic Title for 2003

John Adams David McCullough, 2001-05-22 The Pulitzer Prize winning bestselling biography of America's founding father and second president that was the basis for the acclaimed HBO series brilliantly told by master historian David McCullough In this powerful epic biography David McCullough unfolds the adventurous life journey of John Adams the brilliant fiercely independent often irascible always honest Yankee patriot who spared nothing in his zeal for the American Revolution who rose to become the second president of the United States and saved the country from blundering into an unnecessary war who was learned beyond all but a few and regarded by some as out of his senses and whose marriage to the wise and valiant Abigail Adams is one of the moving love stories in American history This is history on a grand scale a book about politics and war and social issues but also about human nature love religious faith virtue ambition friendship and betrayal and the far reaching consequences of noble ideas Above all John Adams is an enthralling often surprising story of one of the most important and fascinating Americans who ever lived

Rain Cynthia Barnett, 2015-04-21 Rain is elemental mysterious precious destructive It is the subject of countless poems and paintings the top of the weather report the source of the world's water Yet this is the first book to tell the story of rain Cynthia Barnett's Rain begins four

billion years ago with the torrents that filled the oceans and builds to the storms of climate change It weaves together science the true shape of a raindrop the mysteries of frog and fish rains with the human story of our ambition to control rain from ancient rain dances to the 2 203 miles of levees that attempt to straitjacket the Mississippi River It offers a glimpse of our founding forecaster Thomas Jefferson who measured every drizzle long before modern meteorology Two centuries later rainy skies would help inspire Morrissey's mopes and Kurt Cobain's grunge Rain is also a travelogue taking readers to Scotland to tell the surprising story of the mackintosh raincoat and to India where villagers extract the scent of rain from the monsoon drenched earth and turn it into perfume Now after thousands of years spent praying for rain or worshipping it burning witches at the stake to stop rain or sacrificing small children to bring it mocking rain with irrigated agriculture and cities built in floodplains even trying to blast rain out of the sky with mortars meant for war humanity has finally managed to change the rain Only not in ways we intended As climate change upends rainfall patterns and unleashes increasingly severe storms and drought Barnett shows rain to be a unifying force in a fractured world Too much and not nearly enough rain is a conversation we share and this is a book for everyone who has ever experienced it

The Declaration of Independence

John R. Vile, 2018-11-26 This A to Z encyclopedia surveys the history meaning and enduring impact of the Declaration of Independence by explaining its contents and concepts profiling the Founding Fathers and detailing depictions of the Declaration in art music and literature A comprehensive resource for understanding all aspects of the Declaration of Independence which marked the formal beginning of the colonies march toward the creation of the United States of America this encyclopedia contains more than 200 entries examining various facets of the Declaration of Independence and its enduring impact on American law politics and culture It details key concepts principles and intellectual influences that informed the creation of the document reviews charges leveled in the Declaration against the British crown summarizes the events of the first and second Continental Congresses profiles influential architects and signers of the Declaration discusses existing copies of the Declaration explains the document's influence on other governments nations covers historic sites related to the document and discusses depictions of the document and its architects in American art music and literature over time

Story, Not Study: 30 Brief Lessons to Inspire Health Researchers as Writers Lorelei

Lingard, Christopher Watling, 2021-04-26 Many researchers dread writing They find it laborious even painful to put their scholarly work into words They get bogged down in the study and lose track of the story And they produce uninspiring papers that fail to resonate with readers or reviewers This book offers an antidote to this problem brief accessible lessons that guide researchers to write clear and compelling scientific manuscripts The book is divided into three sections Story Craft and Community The Story section offers advice on getting the balance of study and story just right introducing strategies for tackling each section of a scientific manuscript The Craft section considers the grammatical and rhetorical tools of the trade showing how they can be wielded for maximum impact And the Community section offers suggestions for

writing collaboratively supporting other writers and navigating peer review Each section features multiple short and pragmatic lessons peppered with illustrative examples Readers can use the chapters collectively to build holistic writing skills or dip in and out to refine specific elements of the craft Rooted in a coaching philosophy we aim to unlock our readers potential as writers through instruction reflection and example And we hope to inspire researchers to face writing with joy This work is clearly written and easily understandable Its many practical examples tools and exercises make an effective toolbox of support for scholarly writers This will be invaluable to new scholars and help established scholars as well The inclusion of examples specific to the health arena and the clear elegantly simple explanations add strength and relevance to this work Toni Ungaretti Johns Hopkins School of Education Baltimore MD USA This book is the most original perspective I have ever read about the craft of writing As its title suggests it is inspiring Brownie Anderson NBME Philadelphia PA USA

Without Precedent Joel Richard Paul, 2019-02-19 From the author of *Unlikely Allies* and *Indivisible* comes the remarkable story of John Marshall who as chief justice statesman and diplomat played a pivotal role in the founding of the United States No member of America's Founding Generation had a greater impact on the Constitution and the Supreme Court than John Marshall and no one did more to preserve the delicate unity of the fledgling United States From the nation's founding in 1776 and for the next forty years Marshall was at the center of every political battle As Chief Justice of the United States the longest serving in history he established the independence of the judiciary and the supremacy of the federal Constitution and courts As the leading Federalist in Virginia he rivaled his cousin Thomas Jefferson in influence As a diplomat and secretary of state he defended American sovereignty against France and Britain counseled President John Adams and supervised the construction of the city of Washington D C This is the astonishing true story of how a rough cut frontiersman born in Virginia in 1755 and with little formal education invented himself as one of the nation's preeminent lawyers and politicians who then reinvented the Constitution to forge a stronger nation *Without Precedent* is the engrossing account of the life and times of this exceptional man who with cunning imagination and grace shaped America's future as he held together the Supreme Court the Constitution and the country itself *David McCullough American Presidents E-Book Box Set* David McCullough, 2011-05-24 From America's most beloved biographer David McCullough *Time* a collection of his bestselling biographies of American Presidents This ebook box set features David McCullough's award winning biographies of American Presidents John Adams is the magisterial Pulitzer Prize winning biography of the independent irascible Yankee patriot one of our nation's founders and most important figures who became our second president *Mornings on Horseback* is the brilliant National Book Award winning biography of young Theodore Roosevelt's metamorphosis from sickly child to a vigorous intense man poised to become a national hero and then president Truman is the Pulitzer Prize winning biography of Harry Truman the complex and courageous man who rose from modest origins to make momentous decisions as president from dropping the atomic bomb to going to war in Korea Including a special bonus *The Course of Human Events* In this

Jefferson Lecture in the Humanities David McCullough draws on his personal experience as a historian to acknowledge the crucial importance of writing in history s enduring impact and influence and he affirms the significance of history in teaching us about human nature through the ages

The Friendships of John Adams, 1774-1801 Jamie Macpherson, 2024-07-22

This book presents the first extended analysis of the friendship network of John Adams forged during his lengthy public career from 1774 1801 While scholars have considered historic friendships this monograph examines Adams s friendship network within a generation of revolutionaries The six friendships explored exemplify the diversity of political interaction primary friendship Abigail intimate confidence Rush political alliance Gerry emergent rivalry Jefferson the politics of personal difference Mercy Otis Warren and idolised revolutionary Samuel Adams This work positions friendship at the heart of the historian s craft reconstructing historic relationships and considering the evolution of each dyad to examine the tensions candour intimacy and forms of alliance in each Adams s impassioned epistles present a window into his private ruminations John Adams s expectation of friendship changed at each stage of his career Through 1774 1801 Adams entreated support from friends debated issues pertaining to politics diplomacy and the national interest sought comfort from intimates and lamented divisions from former friends For John Adams friendship represented the art of politics This volume will be of value to students and scholars alike interested in American history political history and social and cultural history
