**Jeremiah's New Covenant** Joshua N. Moon,2011-06-30 The struggle to read Jeremiah 31 31 34 as Christian Scripture has a long and divided history cutting across nearly every major locus of Christian theology Yet little has been done either to examine closely the varieties of interpretation in the Christian tradition from the post Nicene period to the modern era or to make use of such interpretations as helpful interlocutors This work begins with Augustine s interpretation of Jer 31 31 34 as an absolute contrast between unbelief and faith rather than the now standard reading found in Jerome of a contrast between two successive religio historical eras one that governed Israel the old covenant and a new era and its covenant inaugurated in the coming of Christ Augustine s absolute contrast loosened the strict temporal concern so that the faithful of any era were members of the new covenant The study traces Augustine s reading of an absolute contrast in a few key moments of Christian interpretation Thomas Aquinas and high medieval theology then the 16th and 17th century Reformed tradition The thesis aims at a constructive reading of Jer 31 31 34 and so the struggle identified in these moments in the Christian tradition is brought into dialogue with modern critical discussions from Bernhard Duhm to the present Finally the author turns to an exegetical argument for an Augustinian reading of the contrast of the covenants **The Inner Vision** Edward B.

McLean,2006 The concepts of liberty and responsibility have been dealt with extensively from the perspectives of economics political theory philosophy and religion But a special kind of insight into man s exercise of liberty and acceptance of responsibility is possible through the device of literature Literature allows one to consider reflect on and attempt to understand the meaning of such abstractions as liberty and responsibility by presenting their dramatic unfolding This way of approaching classic texts offers a way to connect the world of absolute and particulars and to appreciate how they meet and interact in the interiority of human existence In this collection of essays prominent scholars explore the themes of liberty and responsibility as they are intertwined in the great works of Twain Dostoevsky James Warren Johnson Shakespeare and others

**Interpretive Adventures** Phillip Michael Garner,2017-06-27 Interpretive Adventures displays a written synthesis of the biblical scholar and the practicing missionary The first chapters offer theological originality on the Exodus Story

deconstructs the story of Solomon's wisdom challenges traditional readings of Ananias and Sapphira and reads stories from Samuel as examples of the construction for a nation state The chapter on a feminist reading of Judges stands out as a formidable challenge for improved gender relations A careful study of the female characters reveals an important theological concern of God and makes a statement about humanity's treatment of women in relation to violence From the vociferous Achsah to the final character the silent concubine the decline of the female voice coincides with the escalation of violence The final theological statement uncovers male treatment of women as a precursor to genocide It can be said that Judges teaches us that once the female voice is silenced in a given society then that society is subject to committing acts of genocide The author's experience as a teacher and missionary contribute to the final chapters that provide the reader with liberative missional practices for various communities of need in the Philippines A few brief stories highlight the author's experiences

*Robert Penn Warren* Charles H. Bohner, 1981 Provides in depth analysis of the life works career and critical importance of Robert Penn Warren **Jeremiah's Revenge** Sandra Brannan, 2018-06-05 Sandra Brannan has once again masterfully delivered on her latest compelling installment in the Liv Bergen Mystery Series Liv has recently returned to work at the FBI from a forced leave of absence after witnessing the brutal murder of her boyfriend Jack Linwood As she painfully emerges from her grief Liv comes face to face with two facts She did not truly love Jack and she does love her long time colleague and mentor Streeter Pierce But she wonders if she can find the courage to let him know or just how much longer she can hide her feelings As Streeter and Liv are drawn together and a tender relationship begins a gritty and often shocking set of events is unraveling around them And while fans of the series have long waited to know the truth about his past Streeter's honest revelations lead to nothing but fear and his worst nightmare where Liv is put within inches of losing her life The title of the book an evil twist referencing admonitions from the Bible's Book of Jeremiah sends a warning to the steadfast agent's fans they won't soon forget *Earth Story in the Psalms and the Prophets* Norman C. Habel, 2001-11-01 In this volume scholars from around the world read the story of Earth in key texts from the Psalms and the Prophets Their readings challenge popular understandings of the Chaoskampf myth the theophany of Psalm 29 and the New Earth in Isaiah 65 Re readings of Ezekiel expose the cruelty of divine justice extended to the natural world Several articles by indigenous writers sensitive to the voice of Earth bring new insights to the potential meaning of texts like Psalm 104 Contributors include Lloyd Geering Russell Nelson William Urbrock Laurie Braaten Keith Carley Anne Gardner John Olley Gunther Wittenberg Kalinda Stevenson Peter Trudinger Arthur Walker Jones Norman Charles Howard Wallace Geraldine Avent Madipoane Masenya and Abotchie Ntrel *The Art of God and the Religions of Art* David Thistlethwaite, 2008-04-01 The Art of God traces the progressive loss in the West of contact with or faith in a real created order and discusses the manifestations of this loss in fine art Making detailed reference to specific artists and works Thistlewaite shows how the diversity of four responses to modern art as well as that of previous centuries inescapably raises the question of truth This readable and thought provoking

book breaks new ground as it links the pleasures of art to the dynamic character of God and asks what happens to creativity and to artists when the appreciation of God is absent It thus offers readers a fresh perspective from which to appreciate art

FROM THE AUTHOR June 23 2009 All art historians must find a way of explaining the gap between the traditional art and modern Older art answered questions such as what was Henry VIII like The new is not so much about the world as about the breakdown in perceiving the world But some histories are still written as if art has followed a path of inevitable progress Others as if all beliefs that produce genuine art however weird are equally valid In my book I argue that modernism has produced a genuine art that grapples with perceived reality but that its real lack of content is disastrous When we see objects that are essentially blank or empty and start to find them significant and powerful we ought to be getting worried To explain this I have developed an account of art which sees it as a given and delightful form of knowing that equips us for living in God's world But when the art area becomes part of the human agenda for unbelief independence and defining ourselves in the cosmos it ceases to be a window on reality It starts to function as a totem replacing thought a sub human icon for humanity However towards the end of the book I focus on the dynamism of the living God and the transformative power of his grace that can turn any modern form however desolate into a vehicle of truth and meaning When modernism plunges into the depths of not knowing it can seldom go so far that real humanity and truth are not discovered in the unlikely places

*Twayne's United States Authors Series* Charles H. Bohner, 1964      **Understanding Robert Penn Warren** James A. Grimshaw, 2001 Grimshaw examines the writer's views about the primacy of self knowledge and explores the painful and arduous path his protagonists must follow to gain such knowledge and the interrelationship of his artistic endeavors which were woven together by common thematic concerns history time truth responsibility love hope and endurance      *Prophetic Tradition and Radical Rhetoric in America* James Darsey, 1999-09 This expansive volume traces the rhetoric of reform across American history examining such pivotal periods as the American Revolution slavery McCarthyism and today's gay liberation movement At a time when social movements led by religious leaders from Louis Farrakhan to Pat Buchanan are playing a central role in American politics James Darsey connects this radical tradition with its prophetic roots Public discourse in the West is derived from the Greek principles of civility diplomacy compromise and negotiation On this model radical speech is often taken to be a symptom of social disorder Not so contends Darsey who argues that the rhetoric of reform in America represents the continuation of a tradition separate from the commonly accepted principles of the Greeks Though the links have gone unrecognized the American radical tradition stems not from Aristotle he maintains but from the prophets of the Hebrew Bible

Recent Research on the Major Prophets Alan J. Hauser, Schuyler Kaufman, 2008 Given the many new methods and approaches for interpreting biblical literature that have appeared in the past several decades it is hardly surprising that our understanding of the prophets Isaiah Jeremiah and Ezekiel has expanded and diversified at a rapid pace Historical critical understandings and perspectives have been challenged and often dramatically altered New approaches

such as social scientific criticism rhetorical criticism feminist criticism reader response criticism literary analysis anthropological analysis structuralist criticism ideological criticism and deconstructionist criticism have both challenged old approaches and shed new light on the texts being studied In this volume Alan Hauser presents eleven articles each with an extensive bibliography that survey the variety and depth of recent and contemporary scholarship on these three prophets Five of them are new to this volume All are written by experts in each area of scholarship including Marvin Sweeney Paul Kim Roy Melugin Robert P Carroll Peter Diamond Katheryn Pfisterer Darr and Risa Levitt Kohn Hauser introduces the volume with a comprehensive summary and overview of the articles

**The Theology of Romantic Love** Mary McDermott Shideler, 2005-12-01 The Theology of Romantic Love is the first comprehensive presentation of the thought of one of the most gifted novelists and original theologians of the twentieth century Drawing together the recurrent themes and proving insights scattered through his many books Mrs Shideler sets forth with clarity and understanding Williams versatile use of imagery his key ideas his revaluation of basic Christian doctrines and his approach to personal and social ethics Readers will find in these pages a vivid new appreciation of the experience of love in the life of faith

*Romantic Prophecy and the Resistance to Historicism* Christopher M. Bundock, 2016-01-01 Romantic writers invoked prophecy throughout their work However the failure of prophecy to materialize didn't deter them Why then do Romantic writers repeatedly invoke prophecy when it never works The answer to this question is at the heart of *Romantic Prophecy and the Resistance to Historicism* In this remarkably erudite work Christopher Bundock argues that the repeated failure of prophecy in Romantic thought is creative and enables a renewable potential for expression across disciplines By focusing on new readings of canonical Romantic authors as well as their more obscure works Bundock makes a bold intervention into major concepts such as Romantic imagination historicity and mediation *Romantic Prophecy and the Resistance to Historicism* glides across Kant's Swedenborgian dreams to Mary Shelley's *Last Man* and reveals how Romanticism reinvents history by turning prophecy inside out
