Reiter, 2008-05-26 The book deals with the role of Jerusalem as a central religious political symbol and with the processes by which symbols of faith and sanctity are being employed in a political struggle It examines the current Islamic ethos towards Jerusalem and the affinity between this religious ethos and the political aspirations of the Palestinians and other Arab and Islamic groups It also compares current Jewish and Muslim narratives and processes of denial and de legitimizing the affiliation of the other to the holy city and its sacred shrines and addresses the question whether religious outlook forms a major barrier for achieving peace in the Israeli Arab arena

**Jerusalem and Its Role in Islamic Solidarity** Y. Reiter, 2015-11-08 The book deals with the role of Jerusalem as a central religious political symbol and with the processes by which symbols of faith and sanctity are being employed in a political struggle *The Struggle for Jerusalem's Holy Places* Wendy Pullan, Maximilian Sternberg, Lefkos Kyriacou, Craig Larkin, Michael Dumper, 2013-11-20 The Struggle for Jerusalem's Holy Places investigates the role of architecture and urban identity in relation to the political economy of the city and its wider state context seen through the lens of the holy places Reflecting the broad disciplinary backgrounds of the authors this book provides perspectives from architecture urbanism and politics and provides in depth investigations of historical ethnographic and policy related case studies The research is substantiated by fieldwork carried out in Jerusalem over the past ten years as part of the ESRC Large Grants project Conflict in Cities By analysing new dynamics of radicalisation through land seizure the politicisation of parklands and tourism the strategic manipulation of archaeological and historical narratives and material culture and through examination of general appropriation of Jerusalem's varied rituals memories and symbolism for factional uses the book reveals how possibilities of co existence are seriously threatened in Jerusalem Shedding new light on the key role played by everyday urban life and its spatial settings for any future political agreements about the city and its religious sites this book is a useful reference work for students and scholars of Middle East Studies Architecture Religion and Urban Studies Islam, Jews and the Temple Mount Yitzhak Reiter, Dvir Dimant, 2020-07-09 This study presents the first comprehensive survey of the abundant early Islamic sources that recognize the historical Jewish bond to the Temple Mount Masjid al Aqsa and Jerusalem Analyzing these sources in light of the views of contemporary Muslim religious scholars thinkers and writers who in the context of the Arab Israeli conflict deny any Jewish ties to the Temple Mount and promote the argument that no Jewish Temple ever stood on the Temple Mount The book describes how this process of denying Jewish ties to the site has become the cultural rationale for UNESCO decisions in recent years regarding holy sites in Jerusalem Bethlehem and Hebron which use Muslim Arabic terminology and overlook the Jewish and Christian history and sanctification of these sites Denying the Jewish ties to the Temple Mount for political purposes inadvertently undermines the legitimacy of Islam's sanctification of Al Aqsa and the Dome of the Rock as well as the credibility of the most important sources in Arabic which constitute the classics of Islam and

Breger, Yitzhak Reiter, Leonard Hammer, 2013-06-19 Religion and religious nationalism have long played a central role in many ethnic and national conflicts and the importance of religion to national identity means that territorial disputes can often focus on the contestation of holy places and sacred territory Looking at the case of Israel and Palestine this book highlights the nexus between religion and politics through the process of classifying holy places giving them meaning and interpreting their standing in religious and civil law within governmental policy and within international and local communities Written by a team of renowned scholars from within and outside the region this book follows on from Holy Places in the Israeli Palestinian Conflict Confrontation and Co existence to provide an insightful look into the politics of religion and space Examining Jerusalem s holy basin from a variety of perspectives and disciplines it provides unique insights into the way Jewish Christian and Muslim authorities scholars and jurists regard sacred space and the processes grass roots and official by which spaces become holy in the eyes of particular communities Filling an important gap in the literature on Middle East peacemaking the book will be of interest to scholars and students of the Middle East conflict conflict resolution political science urban studies and history of religion **Modernity, Minority, and the Public Sphere** ,2016-07-18 Modernity Minority and the Public Sphere Jews and Christians in the Middle East explores the many facets associated with the questions of modernity and minority in the context of religious communities in the Middle East by focusing on inter communal dialogues and identity construction among the Jewish and Christian communities of the Middle East and paying special attention to the concept of space This volume draws examples of these issues from experiences in the public sphere such as education public performance and political engagement discussing how religious communities were perceived and how they perceived themselves Based on the conference proceedings from the 2013 conference at Leiden University entitled

Common Ground Changing Interpretations of Public Space in the Middle East among Jews Christians and Muslims in the 19th and 20th Century this volume presents a variety of cases of minority engagement in Middle Eastern society With contributions by T Baarda A Boum S R Goldstein Sabbah A Massot H M ller Sommerfeld H L Murre van den Berg L Robson K Sanchez Summerer A Schlaepfer D Schroeter and Y Wallach      **The Organization of Islamic Cooperation** Turan Kayaoglu,2015-05-22 The Organization of Islamic Cooperation OIC is the world s leading international Islamic organization Turan Kayaoglu provides the first accessible and concise introduction and overview of this important organization This book details the OIC s struggle to address popular Muslim demands balanced against the member states reluctance to support the OIC politically and materially Despite this predicament the organization has made itself increasingly relevant over the last decade through increasing its visibility as the representative body of Muslim unity and promoting its role as a reliable interlocutor on behalf of Muslims in global society Outlining the history workings and goals of the OIC the book also highlights key issues that may influence the OIC s ability to realize its potential in the future This will be of great interest to students and scholars of international relations international organizations and islamic studies      Nationalism and the Haram al-Sharif/Temple Mount Erik Freas,2017-07-12 This book examines the manner in which the Haram al Sharif Temple Mount has been appropriated by both Palestinians and Israelis as a nationalist symbol legitimizing respective claims to the land From the late nineteenth century onward the site s significance became reconfigured within the context of modern nationalist discourses yet despite the originally secular nature of Palestinian and Israeli nationalisms the holy site s importance to Islam and Judaism respectively has gradually altered the character of both in a manner blurring the line between religious and national identities      The Politics of Sacred Places Nimrod Luz,2023-09-07 The Politics of Sacred Places is a study of the socio political dimensions of sacred sites in Israel Palestine drawing on over 20 years of in depth ethnographic research which introduces cutting edge theories on secularization struggles for recognition and diversity issues This book focuses on contemporary sacred sites and their socio political meanings for minorities within a hegemonic and a secularizing state system It argues that sacred places provide a space that is less scrutinized by the state and where alternative visions of the socio political may be produced A plethora of sites and case studies are examined including the rural shrine of Maqam abu al Hijja in the lower Galilee the Mosque of Hassan Bek in the heart of Tel Aviv Jaffa and the most disputed sacred place in the region the Haram al Sharif in Jerusalem These sites are explored through mostly a phenomenological lens and in various contexts from the individual body to the global This book offers a critical analytical study of the socio political aspects of sacred sites in contemporary societies within the broader understanding of scale and the spatial turn in the study of religion      **Contested Holy Places in Israel-Palestine** Yitzhak Reiter,2017-04-07 Over the last twenty years there has been a growing understanding that conflicts in or over holy places differ from other territorial conflicts A holy site has a profound meaning involving human beliefs strong emotions sacred values and core identity self

perceptions therefore a dispute over such land differs from a regular dispute over land In order to resolve conflicts over holy sites one must be equipped with an understanding of the cultural religious social and political meaning of the holy place to each of the contesting groups This book seeks to understand the many facets of disputes and the triggers for the outbreak of violence in and around holy sites It analyses fourteen case studies of conflicts over holy sites in Palestine Israel including major holy sites such as Al Haram al Sharif the Temple Mount the Western Wall and the Cave of the Patriarchs Al Ibrahimi Mosque in Hebron in addition to disputes over more minor sites It then compares these conflicts to similar cases from other regions and provides an analysis of effective and ineffective conflict mitigation and resolution tools used for dealing with such disputes Furthermore the book sheds light on the role of sacred sites in exacerbating local and regional ethnic conflicts By providing a thorough and systematic analysis of the social economic and political conditions that fuel conflicts over holy sites and the conditions that create tolerance or conflict this book will be a key resource for students and scholars of conflict resolution political science and religious studies

*The Palgrave Handbook of the Hashemite Kingdom of Jordan* P. R. Kumaraswamy, 2019-11-30 This Handbook presents a broad yet nuanced portrait of the Hashemite Kingdom of Jordan its socio political rifts economic challenges foreign policy priorities and historical complexities The Hashemite Kingdom of Jordan has traditionally been an oasis of peace and stability in the ever turbulent Middle East The political ambitions of regional powers often expressed in the form of territorial aggrandisement have followed the Hashemites like an inseparable shadow The scarcity of natural resources especially water has been compounded by the periodic influx of refugees from its neighbours As a result many Arab and non Arab alike have questioned the longevity and survival of Jordan These uncertainties were compounded when the founding ruler King Abdullah I became involved in the nascent Palestinian problem at the end of World War II The annexation of the eastern part of Mandate Palestine or the West Bank in the wake of the 1948 War transformed the Jordanian demography and sowed the seeds of an uneasy relationship with the Palestinian component of its population citizens residents and refugees Though better natural resources and stronger leaders have not ensured political stability in many Arab and non Arab countries Jordan has been an exception Indeed since its formation as an Emirate by the British in 1921 the Kingdom has seen only four rulers a testimony to the sagacity and political foresight of the Hashemites The Hashemites have managed to sustain the semi rentier model primarily through international aid and assistance which in turn inhibits Jordan from pursuing rapid political and economic reforms Though a liberal multi religious and multicultural society Jordan has been hampered by social cleavages especially between the tribal population and the forces of modernization

**Israel/Palestine in World Religions** S. Ilan Troen,2024-04-24 The struggle over Israel Palestine is not just another contest by competing nationalisms or an instance of geopolitical competition It is also about control of sacred territory that involves local Jews Muslims and Christians as well as worldwide faith communities each with their own interests and stake in what transpires This balanced introduction to a complex subject presents the multiple positions within the great monotheistic traditions It demonstrates that the secular discourses in the public square concerning ownership privileges historical precedence political rights and justice that have allegedly replaced religious claims actually coexist with and often complement the theological It explores the century long tangle of secular and theological debates about Israel s legitimacy Whether readers support a Jewish state or are resolutely opposed the serious and substantial scholarship of this well reasoned and innovative book will contribute to a nuanced and better informed understanding of this persistent issue that has entered its second century on the international agenda Totality, Charisma, Authority Mihai Murariu,2016-10-24 This interdisciplinary endeavour portrays the central features of militant movements which hold totality as an important part of their doctrinal core Revisiting the importance of modernity utopianism eschatology charisma psychology and the history of ideas Mihai Murariu pursues a reconstruction of the historical requirements for the emergence of such movements Making a central use of the concept of totalitarianism the work establishes a conceptual bridge from antiquity to the contemporary period whilst also arguing for the suitability of the term in comparison to totalitarianism or political religion The author also proposes a distinct taxonomy for structural elements variants and development phases which may be encountered in totalitarian movements *International Organizations and the Implementation of the Responsibility to Protect* Daniel Silander,Don Wallace,2015-04-17 This book seeks to understand the obligation of the international community to implement the principles of the Responsibility to Protect R2P With a focus on the humanitarian crisis in Syria the volume examines what formal responsibility and actual capability international institutions have to protect and prevent civilians from systematic mass atrocities and presents an analysis of several prominent international organizations IOs Each chapter focuses on a specific organization and explores their formal responsibilities and how these pertain to the obligations of the R2P Existing capabilities and actual abilities to address the challenges of R2P are analysed by looking at these issues before during and after the occurrence of the humanitarian crisis in Syria With the UN not fully engaged in the Syrian conflict the systematic human rights abuses have engendered greater attention on other organizations This volume argues that if the UN Security

Council's inactions result in an abdication of responsibilities under the UN Charter there should not only be a discussion of how the UN must alter its approach but also an examination of whether there are alternative R2P paths for other MNOs to take in the name of international peace and human security This book will be of much interest to students of R2P humanitarian intervention international organisations Middle Eastern politics and security studies Menachem Begin and the Israel-Egypt Peace Process Gerald M.
