Jesus For The Non Religious:

Jesus for the Non-Religious LP John Shelby Spong, 2007-05-22 Writing from his prison cell in Nazi Germany in 1945 Dietrich Bonhoeffer a young German theologian sketched a vision of what he called religionless Christianity In this book John Shelby Spong puts flesh onto the bare bones of Bonhoeffer s radical thought The result is a strikingly new and different portrait of Jesus of Nazareth a Jesus for the non religious Spong challenges much of the traditional understanding that has for so long surrounded the Jesus of history from the tale of his miraculous birth to a virgin to the account of his cosmic ascension into the sky at the end of his life Spong questions the historicity of the ideas that Jesus was born in Bethlehem that he had twelve disciples and that the miracle stories were meant to be descriptions of supernatural events He also speaks directly to those contemporary critics of Christianity who call God a delusion and who write letters to a Christian nation and describe how Christianity has become evil and destructive Spong invites his readers to look at Jesus through the lens of both the Jewish scriptures and the liturgical life of the first century synagogue Dismissing the dispute about Jesus nature that consumed the church s leadership for the first 500 years of Christian history as irrelevant Spong proposes a new way of understanding the divinity of Christ as the ultimate dimension of a fulfilled humanity Traditional Christians who still cling to dated concepts of the past will not be comfortable with this book however skeptics of the twenty first century will not be quite so certain that dismissing Jesus is the correct pathway to walk Jesus for the Non Religious may be the book that finally brings the pious and the secular into a meaningful dialogue opening the door to a living Christianity in the post Christian world

Re-Claiming The Bible For A Non-Religious World John Shelby Spong, 2013-11-26 For over 200 years scholars have been debating analyzing and exploring one of the most important books ever written The Bible and overturning much of what we know about this sacred library of books However a large group of people who actually use this book mainly lay Christians aren t aware of this larger deeper conversation It is for these people that Spong writes Re Claiming the Bible for a Non Religious World a primer on the history and significance of the Bible In this informal and accessible survey Spong moves book by book through the Scriptures introducing their themes and messages by examining the sweep of history in which these books were originally written What has history taught us How should we read these stories today What does it mean for how we live our lives And why do people tenaciously hold on to so many myths associated with The Bible There is a vast audience of religiously hungry people eager to explore a meaningful journey into the Bible and Spong is leading the way with this book

Following Jesus Dave Roberts, 2004 What does a relationship with Christ look like Why is it so hard to find in Christian culture Following Jesus takes a provocative look at what following Jesus means today It will help readers clarify how they can be gracious compassionate wise joyous creative biblical and balanced And it will bring them back again and again from perspectives they may never have considered to the life of Christ Following Jesus a non religious discipleship manual for the spiritually challenged

Jesus for the non-religious , Sermon Gary A. Kowalski, First Unitarian

Universalist Society (Burlington, Vt.),2008 Non Religious God Who Forgives ,Heals ,Prosper ,Delivers CK Sasidharan Nair ,2021-08-23 Many people who are religious and righteous end up in bad experiences in life and wonder why God is not helping them Whereas we see ungodly and wicked flourish This book is to give an answer to it God is not in religion and self righteousness We need to relate to God non religiously and without going into self performance and righteousness **The Myth of the Non-Christian** Luke Cawley,2016-02-12 Evangelism is not one size fits all In this book Luke Cawley shows how we can contextualize the gospel in different ways to connect with three key demographics the spiritual but not religious committed atheists and nominal Christians Filled with real life stories of changed lives this book is a practical and hopeful resource for helping people to encounter God Religious and Non-Religious Perspectives on Happiness and Wellbeing Sharada Sugirtharajah,2022-04-25 This book explores the theme of happiness and well being from religious spiritual philosophical psychological humanistic and health perspectives Taking a non binary approach it considers how happiness in particular has been understood and appropriated in religious and non religious strands of thought The chapters offer incisive insight from a variety of perspectives including humanism atheism and major religions such as Christianity Islam Buddhism Hinduism and Judaism Together they demonstrate that although worldviews might vary substantially there are concurrences across religious and non religious perspectives on happiness that provide a common ground for further cross cultural and interreligious exploration What the book makes clear is that happiness is not a static or monolithic category It is an ongoing process of being and becoming striving and seeking living ethically and meaningfully as well as arriving at a tranquil state of being This multifaceted volume makes a fresh contribution to the contemporary study of happiness and is valuable reading for scholars and students from religious studies and theology including those interested in interreligious dialogue and the psychology of religion as well as positive psychology Believing Is Seeing Michael Guillen, PhD,2021-09-07 Is your worldview enlightened enough to accommodate both science and God at the same time Dr Michael Guillen a best selling author Emmy award winning journalist and former physics instructor at Harvard used to be an Atheist until science changed his mind Once of the opinion that people of faith are weak small minded folks who just don t understand science Dr Guillen ultimately concluded that not only does science itself depend on faith but faith is actually the mightiest power in the universe In Believing Is Seeing Dr Guillen recounts the fascinating story of his journey from Atheism to Christianity pulling back the curtain on the mystery of faith as no one ever has by citing the latest discoveries in Neuroscience Physics Astronomy Mathematics Is it true that seeing is believing Or is it possible that reality can be perceived most clearly and logically through the eyes of faith and religion and that truth is bigger than proof Let Dr Guillen be your apologetics guide as he brilliantly argues for a large and enlightened worldview consistent with both God and modern science Self Love and Christian Ethics Darlene Fozard Weaver,2002-10-17 Self love is an inescapable problem for ethics yet much of contemporary ethics is reluctant to offer any normative moral anthropologies Instead secular ethics and contemporary culture promote a

norm of self realization which is subjective and uncritical Christian ethics also fails to address this problem directly because it tends to investigate self love within the context of conflicts between the self's interests and those of her neighbors Self Love and Christian Ethics argues for right self love as the solution of proper self relation that intersects with love for God and love for neighbor Darlene Fozard Weaver explains that right self love entails a true self understanding that is embodied in the person's concrete acts and relations In making this argument she calls upon ethicists to revisit ontological accounts of the self and to devote more attention to particular moral acts

Recognizing the Non-religious Lois Lee,2015 This is an investigation of what it's like to be not religious in secular Britain today It draws attention to the ways in which the not religious engage with religious matters i.e. what it means to live and die weddings and funerals and identifying with or against people according to their religious or non religious views and cultures *The Christian Way* David W. Durgin III,2011 What are the Seven Dynamics of Christianity What are the five levels of Christians What are the four tracks of Christianity How is the Soul defined What is meant by the Articles of Christian Conversion Who is the Christian Witness and how does he operate What does the Bible contain and what does it not contain What are the seven facts concerning the Devil AND MUCH MORE *Shaking the Fundamentals* Jan van Lin,2016-08-09 The issue central to this study can be considered one of the most pressing facing the World Council of Churches today and in the decades to come and is much greater than that which confronted the International Mission Council in the years 1910 to 1938 The question answered in this study is what significance can the theology of religions as it developed between 1910 Edinburgh and 1938 Tambaram have for present day endeavours to develop a more common understanding and vision within the ecumenical movement as regards the theological problem of religious plurality This significance becomes clear in the conclusions and suggestions in the final chapter One of these conclusions is that classic Trinitarian theology and Pneumatology will be incapable of drawing the theology of religions out of the present impasse as long as traditional Christological models continue to exist within them A commemoration of the Edinburgh meeting will undoubtedly be organized in 2010 and in view of this commemoration Dr van Lin suggests considering the possibility of starting a process of reflection on the World Council of Churches theology of religions similar to those on Baptism Eucharist and Ministry and Towards the Common Expression of the Apostolic Faith Today Given the fact that the study of religious plurality shakes the ecumenical movement to its foundations within the foreseeable futures serious thought has to be given to placing the study of the theology of religions on the agenda of Faith and Order within the World Council of Churches *Tensions Within and Between Religions and Human Rights* Johannes A. van der Ven,Hans-Georg Ziebertz,2012-03-02 This volume contains four theoretical and four empirical articles that aim at conceptual clarification and descriptive and causal exploration on data from 14 countries about historical and current tensions within and between religions Christianity and Islam and human rights in various contexts **The Joy of Religious Pluralism** Phan, Peter C.,2017-02-16 *I Don't Have Enough Faith to Be an Atheist (Foreword by David Limbaugh)* Norman

L. Geisler, Frank Turek, 2004-03-12 Geisler and Turek argue that Christianity requires the least faith of all worldviews because it is the most reasonable. A valuable aid to those interested in examining the reasonableness of the Christian faith.

Hijacking Jesus Jason Jimenez, 2023-09-12 Progressives have fabricated a new Jesus so different from the real Savior that their faith can hardly be called Christianity. Progressive Christian leaders have abandoned the resurrected Savior of historical Christianity radically reinterpreting Him as a Jewish mystic or a man of God devoid of divine claims and miracles. In the postmodern era, remaking Jesus has become a deadly temptation. The modern Jesus of progressives supposedly friendlier and more accepting than the Savior we know from the Gospels is gaining popularity and acceptance among self-identified Christians. But they don't realize that progressive Christianity rejects the biblical revelation of Jesus Christ, the Word made flesh. Hijacking Jesus addresses perennial questions about the nature of Christ and his teaching, testing the historical and theological accuracy of progressive Christians. Their Jesus is simply no match for the reliability of the four Gospels, which are the most credible historical sources for Jesus's life, teachings, miracles, death, and resurrection. Christians can accept no substitute for the witness of the Gospels and the theological doctrines of the church that Jesus Christ is Lord and Savior.

Expanding Religion Miklós Tomka, 2011-01-27 Reiterated international comparative surveys offer evidences about developments of religion-related scene in Central and Eastern Europe. The present volume is the first one which presents an extensive and detailed cross-national analysis of sociological data comparing extensively countries, regions, and denominations in the past two decades. It displays achievements and shortages of a religious revival in the post-communist region as well as religion's role in family life, social responsibility, and public commitment. It proves the combination of de-Christianization based on previous persecution of religion and an ongoing modernization and the rise and the transformation of religion. In some countries, popular religiosity of traditional social strata is dominant. In other countries, there is a visible transition from old and low strata religiosity to a more restricted but socially more influential religiosity of young middle and upper strata groups. In final outcome, the volume substantiates the growing public role of religion in Eastern and Central Europe as well as the distinct impact of religiosity on individual behaviour. These results contradict the idea of an overwhelming secularization but argue for a more complex process overcoming the communist past. **The Cross of**

Reality H. Gaylon Barker, 2015-09-01 The Cross of Reality investigates Bonhoeffer's interpretation and use of Luther's theology in shaping his Christology. In this essay, H. Gaylon Barker uses the theology of the cross as a key to understanding the characteristic elements that make up Bonhoeffer's theology; he also shows how Bonhoeffer's conversation with his teachers and contemporaries, Karl Holl and Karl Barth, in particular, develops Bonhoeffer's thought. What was indeed radical and revolutionary but it was so precisely because of its adherence to the classical traditions of the church, especially Luther's theologia crucis. **Karl Barth's Theology as a Resource for a Christian Theology of Religions** Sven

Ensminger, 2014-08-28 This book uses Karl Barth's theology as a resource for Christian theology of religions. For this purpose

it examines Barth's theology under the doctrinal aspects of revelation, religion, theological anthropology and election, addressing questions such as the possibility of and context for revelation, Barth's understanding of religion, the theological approach to the human being and soteriology. Furthermore, Barth's thought is put into conversation with other approaches in the field of theology of religions, notably Karl Rahner's inclusivism and John Hick and the pluralist paradigm. It is shown that Barth's theological system as a whole can serve as a resource for the Christian approach to and interaction with those of other faiths or no faith at all. This is achieved through maintaining a balance between the commitment to the own faith and the openness to the sovereignty of God impacting the whole of creation. Central to Barth's approach is the challenge to the Christian community to see their presuppositions challenged in the most unexpected circumstances while looking beyond human categories to affirm the dignity bestowed upon all of humanity through the divine Yes in the person Jesus Christ. Barth's theology, with its starting point in the person of Jesus Christ, is advocated as a framework for the members of the Christian community as they live alongside those with a different faith from their own.
