**My Jesus, Pure and Simple** Robert Sosa, 2017-06-15 The author explores Jesus words and deeds from a perspective rarely found in traditional Bible studies His aim is to reveal the essential Jesus the Jesus he believes is obscured by layers of arcane doctrines uncertain traditions misconceptions and even errors In his search for the essential Jesus he explores challenging questions such as Who is God Is the Bible the word of God Is there a purpose to God s creation Who is Jesus Was he fully human Was he God in the flesh or was he the son of God His quest reveals Jesus humanity in surprising ways and draws a stark contrast between the God portrayed in the Old Testament and the God that shines through Jesus Christ His earnest hope is that the simple portrait of Jesus he draws will reaffirm the faith of those who believe in him and persuade some who harbor doubts about his true nature to open their minds and hearts and accept him as friend counselor and savior

The Living Age ,1910 *The Incredible Births of Jesus* Edward Reaugh Smith,1998-10 It is a simple but essential principle education aims at the future at a time that we as educators do not yet know and cannot foresee The challenges that will confront the children in the future are not those of the past of our past of our life story and our horizon Times change so do the realities of life and in our times they change quickly and dramatically Education aims at the future and that puts us as educators in a difficult situation this future is not or is only to an extent identical with our past with our life experiences My youth your youth they are not identical with the adolescent constitution and life reality toward which we currently have to direct our educational efforts Yet educate we must and educating means preparing for a future Peter Selg from the book *Schools reflect the state of society* If society is materialistic competitive egoistic technological and without concern for human values and long term thinking our schools will tend to reflect those values However what if education were about something else What if education were about the future What if education were about nurturing a new generation of human beings integrated in body soul and spirit and able to think for themselves and have the capacity to love Perhaps the world would change The Waldorf school initiated and guided in 1919 by Rudolf Steiner was conceived with precisely such an end in view In this passionate inspiring and moving book Peter Selg speaks from a deep knowledge of Anthroposophy and from his extensive experience as a child psychiatrist He returns to the original impulses behind the first Waldorf school to show their continuing validity and how they still respond to what we need From this view Waldorf education is future oriented based on

a holistic worldview and cosmology that is humanistic scientific and spiritual and develops through a curriculum and a teacher student relationship based on love Its focus is the miracle of the developing human being Recognizing the equal importance of thinking feeling and willing Waldorf education works through bodily movement and art as well as through intellect and mind Waldorf Education is not a theory but a living reality and Selg brings this reality to life before us through the biography of the first Waldorf school Thus we learn to see it in a new way in its essence as a healing model of what education might become if the primary relationship the inner core of a school is the free relationship between teacher and student As Steiner wrote It is our task as teachers and educators to stand in awe of the individuality of the student and offer our help so that it can follow the laws of its own development We are merely called upon to remove any obstacles in body or soul that might hinder the individuality from realizing its potential freely A verse given at the dedication of a building at the Waldorf School in Stuttgart expresses the essence of Waldorf Education in poetic form May there reign here spirit strength in love May there work here spirit light in goodness Born from certainty of heart And from steadfastness of soul So that we may bring to young human beings Bodily strength for work inwardness of soul and clarity of spirit The Essence of Waldorf Education is a translation from German of Der geistige Kern der Waldorfschule Verlag Ita Wegman Institut 2009 **The Dial** Margaret Fuller,Ralph Waldo Emerson,George Ripley,1841 A magazine for literature philosophy and religion **The life and teaching of Jesus Christ [ed. by H.J.
