The Incarnate Christ and His Critics Robert M. Bowman Jr., J. Ed Komoszewski, 2024-11-12 A current comprehensive and clear defense of the deity of Christ The central theological claim of Christianity that Jesus is God incarnate finds eager detractors across a wide spectrum from scholars who interpret Jesus as a prophet angel or guru to adherents of progressive Christianity and non-Christian religions and philosophies Yet thorough biblical scholarship strongly supports the historic Christian teaching on the deity of Christ Authors Robert M Bowman Jr and J Ed Komoszewski follow the approach of their landmark 2007 study on the same topic Putting Jesus in His Place They focus on five pillars of New Testament teaching using the acronym HANDS and demonstrate what both Jesus and the earliest believers recognized namely that Jesus shares in the Honors that are due God Attributes of God Names of God Deeds that God does Seat of God's eternal throne The Incarnate Christ and His Critics engages objections to the divine identity of Jesus from Jehovah's Witnesses Mormons progressive Christians Muslims Unitarians and others Bowman and Komoszewski show how biblical

scholarship cannot reasonably ignore the enduring wide ranging and positive case for the deity of Christ **Living Belief**
Douglas F. Ottati, 2022-06-07 A leading theologian's concise guide to the beliefs, commitments, and practices of Christianity
What do Christians believe? But also what do they do? And feel? With decades of experience teaching the essentials of Christian faith, Douglas Ottati still finds these questions and more like them dynamic and compelling. In *Living Belief*, he moves beyond trite answers, drawing from the deep well of tradition to offer up wisdom from the Apostles' Creed, the Ten Commandments, the Sermon on the Mount, and the Lord's Prayer. In so doing, Ottati explores key Christian themes such as creation, redemption, and love of neighbor, enemy, and the weak and dependent. Concise and approachable, *Living Belief* makes no claims to be a definitive account of Christianity but rather attempts to introduce a faith that remains a source of meaning and direction that orients, that encourages, and assures that supplies moral standards and calls for contrition and that furnishes grounds for perseverance and hope. In connection with each chapter, Ottati includes questions for discussion so that readers, those revisiting the core components of their Christian faith and those learning about it for the first time, can together continue the work begun here of understanding the multifaceted life of devotion that is Christianity Retrieving Apologetics Glenn B. Siniscalchi, 2016-01-07 Given the pope's recent statements of their desires to implement the New Evangelization, it is imperative that Catholic theologians and other intellectually engaged laypersons retrieve the vital discipline of apologetics. For the New Evangelization places particular emphasis on repropounding the Gospel to those who have experienced a crisis of faith due to secularization. One salient method of Catholic apologetics used to be characterized by three demonstrations, each of which assumes the conclusions established in the previous step. Some might think that this classical method of apologetics has been abandoned in the postconciliar Church, but Siniscalchi's book updates it. Unlike the classical apologetics of the preconciliar era, Siniscalchi engages contemporary scholarship in a variety of academic disciplines such as philosophy, history, biblical studies, sociology, and theology to develop the steps that are necessary for showing the reasonableness of faith.

A Freedom Budget for All Americans Paul Le Blanc, Michael D. Yates, 2013-08-01 While the Civil Rights Movement is remembered for efforts to end segregation and secure the rights of African Americans, the larger economic vision that animated much of the movement is often overlooked today. That vision sought economic justice for every person in the United States regardless of race. It favored production for social use instead of profit, social ownership, and democratic control over major economic decisions. The document that best captured this vision was the *Freedom Budget for All Americans: Budgeting Our Resources 1966-1975 To Achieve Freedom from Want*, published by the A. Philip Randolph Institute and endorsed by a virtual who's who of U.S. left liberalism and radicalism. Now two of today's leading socialist thinkers return to the *Freedom Budget* and its program for economic justice. Paul Le Blanc and Michael D. Yates explain the origins of the *Freedom Budget*, how it sought to achieve freedom from want for all people, and how it might be reimagined for our current moment. Combining historical perspective with clear-sighted economic proposals, the authors make a concrete case for reviving the

spirit of the Civil Rights Movement and building the society of economic security and democratic control envisioned by the movement's leaders a struggle that continues to this day *A Faith Worth Living* Chuck Queen, 2011-03-03 What does a Christianity constructed upon and pervaded by a theology of God's unconditional love look like Aimed at a wide audience *A Faith Worth Living* provides one portrait Chuck Queen weaves together biblical interpretations theological reflections and spiritual observations drawn from stories movies literature and common life experiences in his argument for an inclusive Christianity In a simple though scholarly informed style he addresses Christians students of religion and spiritual seekers Key elements of the presentation include a transformative faith holistic and non dualistic God's dream for the world kingdom theology Jesus nonviolent atonement the church as a kingdom community universal salvation judgment and the cosmic Christ acceptance of other religious traditions and the dynamics of a radical discipleship to the way of Jesus **Sick Religion or Healthy Faith?** Ryan Ahlgrim, 2016-05-10 Is it time to get rid of religion Not so fast says Ryan Ahlgrim It's time for us to define and demand healthy faith Despite the dysfunction and divisiveness seen too often in religion we continue to need a community of love and we yearn for a transcendent encounter that can heal us So instead of abandoning religion Ahlgrim outlines twelve characteristics of a healthy religious community and describes what a healthy Christian community of faith believes and practices Along the way he reveals the power of story the genius of Jesus and the path to wholeness In the end we are faced with the most daring and fulfilling choice of all to embrace a community of love that trusts in God **God Is Just Love** Ken Whitt, 2021-02-02 How can people of faith foster love and resilience in our children while building sustainable diverse communities That's the big question Ken Whitt answers in light of the many threats looming in our world Through wisdom he has gleaned from scientists scholars and lots of real families Ken shows how God's love is a hopeful compass in our lives He encourages enjoying stories songs and explorations of the natural world with children and closes with 100 Things Families Can Do To Find Hope and Be Love Because Ken has years of experience working with multi generational groups his book encourages reflections and activities with our families that he knows will be both fun and faithful The cover of his book illustrates a central story he shares about the wonderment families discover when they look up into the starry night sky with their children Ken Whitt offers care to weary souls in this book It is not just his words but the spirit that manifests through the words Ken says that love is at the heart of reality and love is what he gently breathes on us here Christian ethicist David Gushee author of *Changing Our Mind* writes in the book's Foreword As you read this wise and joyful book I know you will feel both instructed and delighted and you will agree that your life has been enriched by adopting Ken Whitt as a literary pastor mentor and friend Brian McLaren best selling author of more than 20 books writes in the Preface In extensive dialog with scientists and theologians Ken shows the delightful and enriching complementarity of faith and science Both can feed us mentally and emotionally and both are needed to move us in constructive and creative ways in the face of the global perils we face writes Daniel Buttry author of *Blessed Are the Peacemakers* and the former Global Consultant for

Christianity as Distinct Practices Jan-Olav Henriksen, 2019-01-10 Jan Olav Henriksen reconstructs and analyzes Christianity as a cluster of practices that manifest a distinct historically and contextually shaped mode of being in the world Henriksen suggests that these practices imply a complicated relationship between the tradition in which they originate the community that emerges from and is constituted by that tradition and the individuals who appropriate the tradition that these communities mediate through their practices Thus to think of Christianity simply in terms of belief is misleading and represents an underdetermination of its distinct character Henriksen further argues this

relationship needs to be described primarily as practices aimed at orientation and transformation His analysis points to Christianity's similarity to other religions in regard to the functional or pragmatic dimensions it displays Examining facets such as prayer the use of scripture preaching and doctrine Henriksen emphasizes that the element that makes a practice distinctively Christian is how it relates to and is informed by the Jesus story

Christian Faith in Our Time Paul Jersild, 2016-12-19 Jersild responds to a fundamental issue in the theology of the church what is the nature of our language in addressing the mysteries of our faith such as speaking of God or of the incarnation Advocating a modest theology in facing the mystery of God and acknowledging the impact of postmodern sensibilities he lifts up the metaphorical language of Jesus as the key to a responsible theology Jersild makes his case for a faith based imagination centering on the life death and resurrection of Jesus as God's man who brings a divine redemptive love to the human story Theology does not give us a line in the sand that divides the saved from the lost nor is it the truth that makes all other religions false This is a book for seekers as well as many church members who harbor questions and doubts about the church's theology

Christobiography Craig S. Keener, 2019-08-27 Are the canonical Gospels historically reliable The four canonical Gospels are ancient biographies narratives of Jesus's life The authors of these Gospels were intentional in how they handled historical information and sources Building on recent work in the study of ancient biographies Craig Keener argues that the writers of the canonical Gospels followed the literary practices of other biographers in their day In *Christobiography* he explores the character of ancient biography and urges students and scholars to appreciate the Gospel writers method and degree of accuracy in recounting the life and ministry of Jesus Keener's *Christobiography* has far reaching implications for the study of the canonical Gospels and historical Jesus research He concludes that the four canonical Gospels are historically reliable ancient biographies

Combining deep learning in texts and traditions with astute awareness of contemporary questions and patterns of thought and life he asks what does it mean in our time to understand the God of the Bible as Creator and Redeemer Distilling the content of Christian faith into seventy concise propositions he explains each in lucid cogent prose A Theology for the Twenty First Century will be an essential textbook for those training for ministry in our current climate a wise guide for contemporary believers who wonder how best to understand and communicate their faith and an inviting and intelligent resource for serious inquirers who wonder whether the way of Jesus might help them grasp the real world while remaining open to the transcendent Spiritual Care Reflections from a Hospice Chaplain Jr. Charles J Lopez, 2015-10-13 From the good sisters and monks of the 11th century hospice care grew through the passions of 20th century people like Dame Cecily Saunders and Elizabeth Kubler Ross and into the recognized modality it is today of compassionate and palliative care for those who are on their final journey from this world Pastor Lopez rightly fills this name as he reaches out not only to patients and their families but the team of nurses doctors social workers and caregivers who offer their hands and hearts to those in need Within these pages you will find practical and compassionate words along with hands and a heart that knows the pain of loss and feet that are willing to accompany the reader on their journey
