Jesus And Politics Confronting The Powers:

Jesus and Politics Alan Storkey, 2005 Committed to moving beyond many misunderstandings Alan Storkey examines the politics of Jesus reading out from the life and work of Christ instead of reading into the New Testament with a predisposed agenda Jesus and Politics presents a thorough narrative reading of the Gospels with far reaching implications moving into issues of political philosophy principle and practice BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved

The Global Politics of Jesus Nilay Saiya, 2022 A unique timely and wide ranging book that formulates and applies an ethic of Jesus to the realm of global politics Since the fourth century Christians have wrestled with how they should interact with political authority The most common view holds that while their ultimate loyalty rightfully belongs to God Christians also have allegiance to their countries and a moral responsibility to transform their political systems In The Global Politics of Jesus Nilay Saiya provides a normative critique of this conventional view and advances an alternative approach While it may seem natural for the church to fervently engage in political life and cultivate a close relationship with the state Saiya argues that such beliefs result in a paradox of privilege As he shows when the church yields to the seduction of political power when enjoying the benefits of an alliance with the state it struggles to adhere to its tenets and when it resists the allure of state power it does its best work This unique and wide ranging book examines the paradox of privilege in some of the most important areas of global politics and considers its implications for the church itself

The Church and Politics Bernard Boyo, 2021-05-10 The Church and Politics offers an introduction to African political theology that is thorough practical and deeply powerful From traditional power structures to the political ramifications of colonialism Dr Bernard Boyo provides a foundation for understanding Africa s contemporary political concerns in their cultural and historical context Alongside this overview of African political history Boyo traces the impact of Western missionaries evangelicals liberation theology and African theologians on the church s understanding of itself and its role within society This book critiques the emphasis on individual salvation that has so often led the church into abdicating its societal responsibilities and provides an exegetical analysis that firmly roots political engagement within a scriptural framework The church we are reminded has a mandate to bring justice and righteousness into every aspect of human experience As we follow Christ it is not just our personal lives that should be transformed but our communities and even our nations

Jesus and the Gospels, Third Edition Craig L. Blomberg, 2022-11-15 In Jesus and the Gospels New Testament scholar Craig Blomberg immerses the reader in the historical and cultural world of Gospel narratives for them to better understand and appreciate their focal point Jesus of Nazareth

Christ and Culture Revisited D. A. Carson, 2012-01-31 Called to live in the world but not to be of it Christians must maintain a balancing act that becomes more precarious the further our culture departs from its Judeo Christian roots How should members of the church interact with such a culture especially as deeply enmeshed as most of us have become In this award winning book now in paperback and with a new preface D A Carson

applies his masterful touch to that problem After exploring the classic typology of H Richard Niebuhr with its five Christ culture options Carson offers an even more comprehensive paradigm for informing the Christian worldview More than just theoretical Christ and Culture Revisited is a practical guide for helping Christians untangle current messy debates about living in the world

Colonial Transformation and Asian Religions in Modern History David W. Kim, 2018-10-12 The localisation of a region group or culture was a common social phenomenon in pre modern Asia but global colonialism began to affect the lifestyle of local people What was the political condition of the relationship between insiders and outsiders The impact of colonial authorities over religious communities has not received significant attention even though the Asian continent is the home of many religions including Hinduism Buddhism Confucianism Taoism Islam Shintoism and Shamanism Colonial Transformation and Asian Religions in Modern History presents multi angled perspectives of socio religious transition It uses the cultural religiosity of the Asian people as a lens through which readers can re examine the concepts of imperialism religious syncretism and modernisation The contributors interpret the growth of new religions as another facet of counter colonialism This new approach offers significant insight into comprehending the practical agony and sorrow of regional people throughout Asian history

Soteriology and the End of Animal Sacrifice Giosuè Ghisalberti, 2018-08-24 Soteriology and the End of Animal Sacrifice traces the historically sustained critique of animal sacrifice in both the Jewish prophets and Greek philosophers and offers a reinterpretation of the fundamental expression of piety in both cultures The Jewish prophets such as Isaiah and Greek philosophers beginning with Pythagoras provided not only an unequivocal denunciation of animal sacrifice as a religious ritual Equally important they also offered an alternative conception of piety in and through a language dedicated to the therapeutic health and well being of others In the philosophies of Socrates and Epicurus in the Greek world and in the teaching and healing of Jesus in the Jewish world of first century Palestine we reach a decisive moment in the revolution of religion in the ancient world The practice of animal sacrifice in the temples of Greece and Jerusalem begins to be reconceived and eventually abolished and replaced by a soteriology or healing wholly dedicated to the well being of individuals no less than entire societies The replacement of animal sacrifice with soteriological speech is the single most important revolution in the religions of antiquity

Worship Beyond Nationalism Rob Hewell, 2012-02-01 The church in the United States faces a dilemma How is it possible for Christ s followers to worship faithfully in a nationalistic environment where religion and politics enjoy a vigorous affiliation while the separation of church and state is celebrated as the standard for the relationship between nation and faith When nationalism propagates itself through a cross pollination of the stories symbols and celebrations of the nation state and religious groups the stage is set for a national history bearing the character of sanctified legend Such resulting civil religious activity is likely to create dissonance for Christ s followers between what they understand to be biblically faithful and what nationalistic practices may endorse as religiously valid Worship Beyond Nationalism explores faithful worship as a political act by which Christians declare their

allegiance to God in Christ rather than to worldly empires enabling congregations to enact the reality of God's kingdom and embody the gospel for the glory of God and for the sake of the world *God's Apocalyptic Insurrection* Richard D.

Crane,2024-10-15 What if our inherited theologies of salvation are distorted by a sinful history that includes white supremacy slavery and colonial conquest What if we perpetuate this distortion by continuing to imagine salvation as a legal transaction by which we are saved by God from divine punishment If salvation merely rectifies the individual's standing before God justice and human flourishing are viewed as peripheral to the gospel This book begins with a bit of deconstruction But the real need is construction or perhaps the discovery of another soteriological imagination To be saved is to be drawn into union with Jesus Messiah the bringer of the now and future reign of God where all things are rectified Jesus's life death and resurrected body are the space where a disordered creation is put right Jesus is God's apocalyptic insurrection against every power that dehumanizes harms and destroys human persons We are saved by the triune God by God's gracious acceptance that cannot be earned But we are saved for participation in the invasion of God's reign of justice healing and transformation Salvation has everything to do with caring for refugees resisting systemic racial and other injustices food for the hungry and valuing human persons as Christ incognito **An Exposition of Galatians, Third Edition** Don Garlington,2007-04-15 The

present commentary seeks to be a kind of halfway house between highly technical and popular treatments of Galatians Its purpose is to make the exposition as user friendly as possible with only as many technicalities as necessary to accomplish that end The emphasis of the work is decidedly theological with attention focused on the salvation historical argument of Paul's letter Its main target audience includes pastors students and Pauline scholars The exposition assumes a modified form of the New Perspective on Paul and Second Temple Judaism as its framework of interpretation and for this reason a premium has been placed on the letter's historical context as attested by the literature of Second Temple Judaism as well as the Greco Roman environment However far from being inimical to the foundational concerns of the Reformation this reading of the Galatian letter is fully supportive of the great mottoes of the Reformers themselves Sola Scriptura Sola Fide and especially Solus Christus and all the more as the present work endeavors to honor an oft neglected slogan of the Reformation Ad Fontes to the sources The previous subtitle A New Perspective Reformational Reading has now been changed to A Reading from the New Perspective in order to underscore the author's appreciation of what has been learned from such scholars as J D G Dunn N T Wright and numerous others **Building a Better Bridge** Michael Ipgrave,2008-11-10 Building a Better Bridge is a

record of the fourth Building Bridges seminar held in Sarajevo in 2005 as part of an annual symposium on Muslim Christian relations cosponsored by Georgetown University and the Archbishop of Canterbury This volume presents the texts of the public lectures with regional presentations on issues of citizenship religious believing and belonging and the relationship between government and religion both from the immediate situation in Bosnia Herzegovina and from three contexts further afield Britain Malaysia and West Africa Both Christian and Muslim scholars propose key questions to be faced in addressing

the issue of the common good How do we approach the civic sphere as believers in particular faiths and as citizens of mixed societies What makes us who we are and how do our religious and secular allegiances relate to one another How do we accommodate our commitment to religious values with acknowledgment of human disagreement and how can this be expressed in models of governance and justice How are we mandated by scriptures to be caretakers to respond to the current ecological and economic disorder of our world Michael Ipgrave and his contributors do not claim to provide definitive answers to these questions but rather they further a necessary dialogue and show that while Christian and Islamic understandings of God may differ sharply and perhaps irreducibly the acknowledgment of one another as people of faith is the surest ground on which to build trust friendship and cooperation

Jesus Made in America Stephen J. Nichols, 2010 Jesus is as American as baseball and apple pie But how this came to be is a complex story one that Stephen Nichols tells with care and ease Beginning with the Puritans he leads readers through the various cultural epochs of American history showing at each stage how American notions of Jesus were shaped by the cultural sensibilities of the

The Gospel According to the Blues Gary W. Burnett, 2014-10-27 The Gospel According to the Blues dares us to read Jesus's Sermon on the Mount in conversation with Robert Johnson Son House and Muddy Waters It suggests that thinking about the blues the history the artists the songs provides good stimulation for thinking about the Christian gospel Both are about a world gone wrong about injustice about the human condition and both are about hope for a better world In this book Gary Burnett probes both the gospel and the history of the blues as we find it in the Sermon on the Mount to help us understand better the nature of the good news which Jesus preached and its relevance and challenge to us

An Introduction to the New Testament Charles B Puskas, C Michael Robbins, 2012-08-30 This second edition of An Introduction to the New Testament provides readers with pertinent material and a helpful framework that will guide them in their understanding of the New Testament texts Many new and diverse cultural historical social scientific sociorhetorical narrative textual and contextual studies have been examined since the publication of the first edition which was in print for twenty years The authors retain the original tripartite arrangement on 1 The world of the New Testament 2 Interpreting the New Testament and 3 Jesus and early Christianity An appropriate book for anyone who seeks to better understand what is involved in the exegesis of New Testaments texts today

Different Eyes Steve Chalke, Alan Mann, 2010-04-06 We have a need today to free up the Church in its ability think through and debate its ethical responses to contemporary issues How do we think about and respond to the issues of crime punishment and rehabilitation consumerism money banks economics and bonuses war and peace making euthanasia and assisted dying same sex relationships etc We can only act within the world we can envision We do not come to see merely by looking but must develop disciplined skills through initiation into that community that attempts to live faithfully to the story of God by learning to be faithful disciples we are more able to see the world as it is Stanley Hauerwas The Peaceable Kingdom Ethics provide the cultural and moral framework in which we live our whole lives Our ethics are like

the air we breathe and though for the most part they go unnoticed our lives and communities depend on them But Christian ethics are distinctive They are not just anyone s ethics Indeed if the Christian vision is not distinct from other moral frameworks then what is so special about Christ and our story For many Jesus has simply become nothing more than a personal and private motivator to the same common ideals which are shared by all So how do we live distinctively in a time of uncertainty How do we see the world through the eyes of Christ What tools do we need for the complex choices that confront us in order to live well to live Christ centred lives in the 21st century This book provides this kind of help in a clearly written accessible style with discussion questions making this useful for small group use **Subversive Meals** R. Alan

Streett,2013-06-27 Subversive Meals examines the Lord s Supper within the sociopolitical context of first century Roman domination and concludes that it was an anti imperial praxis Although the Christian communal meal looked much like a typical Roman banquet in structure with a deipnon and a symposion it was essentially different The Roman meal supported the empire s ideology honored Caesar and the gods reinforced stratification among the masses and upheld Rome s right to rule the world The Christian meal on the other hand included hymns that extolled Jesus as Lord prophecies that challenged Rome s ideological claims and letters read aloud that promoted egalitarianism and instructed believers on how to live according to kingdom of God principles Hence the Christian banquet was an act of nonviolent resistance or what James C Scott calls a hidden transcript Faith and Politics After Christendom Jonathan Bartley,2013-08-01 This groundbreaking book examines the anarchic aspects of Jesus message and suggests that the demise of the church as pillar of social order gives it a fresh opportunity to exercise its prophetic role challenging injustice shaking institutions and undermining some of the central values and norms on which post Christian society is built *Christian Political Witness* George Kalantzis,Gregory

W. Lee,2014-02-28 George Kalantzis and Gregory W Lee edit twelve essays that explore the topic of Christian political witness originally presented at the 2013 Wheaton Theology Conference Contributors include Stanley Hauerwas Mark Noll William Cavanaugh Peter Leithart and Scot McKnight Indian and Christian Cornelis Bennema,Paul Joshua

Bhaskar,2011-11-09 Indian and Christian Changing Identities in Modern India is a collection of essays from the 1st SAIACS Consultation that took place during November 2010 at SAIACS Bangalore Who am I is a question that every human needs to ask themselves In this book this question is looked at from a dual perspective Indian and Christian Can one be both Indian and Christian in the modern world Should one have a single identity or can one have multiple identities The book attempts to address these issues with clarity and conviction through sixteen articles covering areas of Biblical Studies Theology Philosophy Religion Culture and Pastoral Theology Psychology Issues Facing Christians Today Dr. John R.W. Stott,John Wyatt,2011-04-19 Terrorism Same sex marriage Debt cancellation The AIDS pandemic These are just some of the critical contemporary issues addressed in this book Issues Facing Christians Today helps thinking Christians sift through and respond to a sweeping array of complex and pressing topics Thoroughly revised and updated by Roy McCloughry and fully

endorsed by John Stott this fourth edition continues a two decades plus legacy of bringing important current issues under the lens of biblically informed thinking Combining a keen global awareness with a gift for penetrating analysis the authors examine such vital topics as Pluralism and Christian witness Cohabitation environmentalism and ecological stewardship War and peace Abortion and euthanasia And much more An entirely new chapter on bio engineering has been contributed by Professor John Wyatt of University College London Including a study guide Issues Facing Christians Today is essential reading for Christians who wish to engage our culture with insight passion and faith knowing that the gospel is as relevant and deeply needed today as at any time in history As the culture wars continue this book will remain a critical contribution helping to define Christian social and ethical thinking in the years ahead
