## **Jesus Christ Peacemaker A New Theology Of Peace:**

**Jesus Christ, Peacemaker** Terrence J. Rynne, 2014-08-01 This path breaking book shows how the early church took seriously the hard sayings of the Sermon on the Mount put them into practice even in the teeth of violent repression and as a result of imitating Jesus lifestyle converted much of the Roman Empire

**Jesus Christ, Peacemaker** Rynne, Terrence J., 2014-06-30 *Put Away Your Sword* Michael L. Budde, 2024-03-11 What does it mean to follow the Prince of Peace in a world plagued by war violence and killing Can the foundational convictions of Christianity and the experiences of Christians around the world contribute to a more adequate practice of the faith in contemporary times on matters of war violence and peacemaking This volume addresses these important questions with contributions from Christian scholars and practitioners from across the Majority World including El Salvador Brazil Kenya and the Philippines and from the United States and Europe They include proponents of Christian pacifism and just war theory advocates for varieties of just peacemaking frameworks and people pursuing slow modest steps toward reconciling enemies without the use of overarching theoretical frameworks What holds them together is a sense that the world and the church would benefit from a robust and gospel based commitment to nonviolence as an alternative to lethal business as usual in addressing conflicts great and small The topics they consider include constructive aspects of a Christian theology of nonviolence case studies of gospel nonviolence and pastoral work from violent conflicts around the world women as victims of violence and makers of peace and theopolitical questions of just war armed intervention and Christian nonviolence

**The Gospel of Peace** Dear, John, 2023-11-10 A comprehensive commentary of the synoptic gospels from the perspective of nonviolence

**Youth Ministry as Peace Education** Elizabeth W. Corrie, 2021-07-13 Young people can be peacebuilders citizens who address the root causes of hatred and abuse of power to build more just and peaceful communities Indeed young people are already leading movements to change policy and culture most prominently the students of Marjory Stoneman Douglas High School the Climate Strikers and the originators of the Standing Rock protests and Black Lives Matter movement Yet churches are notably absent among those who support and mentor such leaders Drawing on the deep wisdom of Christian tradition and practice and the latest insights in educating for peace and civic engagement Youth Ministry as Peace Education offers clergy students and practitioners a new approach to youth ministry a way to equip young people to transform violence and oppression as part of their Christian vocation In this theologically robust and pedagogically innovative and tested resource Elizabeth W Corrie takes seriously the capacity of young people and shows how to integrate new tools and insights into the typical facets of congregational youth ministry building community learning theology reading scripture going on mission and service trips engaging in worship and prayer The final chapter suggests an additional facet of congregational youth ministry needed for young people to overcome silence and transform violence preparing and planning for engaging the world nonviolently Youth are not the future they are the present Youth are not meant to accept injustice and violence passively Like all of us they are

meant to work actively to establish God's shalom peace justice and well being on earth as it is in heaven     The Possibility of Satan Alan McGill, 2021-05-04 Can we know that Satan exists as a particular disembodied spirit Current Catholic teaching insists that Satan exists as a person a fallen angel who has instigated the Fall of humanity continues to influence humans today and constitutes a singular nemesis to God How one might ask could human beings know such a thing with certainty In response this book seeks to rescue the mythical language in which the doctrine of Satan is rooted so that it is freed from the unreasonable expectation that it affirms the existence of a particular creature and can instead express theological truth that is of relevance to all free willed creatures In doing so it addresses thorny questions concerning the interpretation of Scripture the relationship between God and evil between doctrine and truth between the Church and modernity and between the condemnatory impulses apparent in Christian thought and the doctrine of an omnipresent God of infinite mercy The book detects in the doctrine of Satan the expression of fundamental truths concerning the Creator creature relationship truths that are too easily obfuscated in current formulations that invite either fundamentalism or incredulity     The (De)Legitimization of Violence in Sacred and Human Contexts Muhammad Shafiq, Thomas Donlin-Smith, 2021-01-21 This book provides a multidisciplinary commentary on a wide range of religious traditions and their relationship to acts of violence Hate and violence occur at every level of human interaction as do peace and compassion Scholars of religion have a particular obligation to make sense out of this situation tracing its history and variables and drawing lessons for the future From the formative periods of the religious traditions to their application in the contemporary world the essays in this volume interrogate the views on violence found within the traditions and provide examples of religious practices that exacerbate or ameliorate situations of conflict     *Choosing Peace* Dennis, Marie, 2018 Contributions by leading peacemakers such as Lisa Sowle Cahill Terrence J Rynne John Dear and Ken Utican Rose Marie Berger and Maria J Stephan advance the conversation about the practice of nonviolence in a violent world Jesus and nonviolence traditional Catholic teaching on nonviolence and reflections on the future of Catholic teaching The book concludes with Pope Francis's historic Message for World Peace Day in 2017     Practicing Peace Michael John Wood, 2022-04-07 This book is about the practice of peace in daily life Although most of us want peace we often struggle to live it Someone annoys us and we find ourselves in a vortex of conflict When we care deeply about something it can be easy to burn relationships if we encounter people whose values differ from ours We may ask ourselves How can we make a positive difference in the world without diminishing others or ourselves Michael Wood explores the practice of peace through the lenses of theology contemplation and action Containing numerous real life anecdotes thought provoking questions and practical tools this is a useful resource for anyone who wants to foster peace in their family workplace or community     *A Pilgrim People* Gerald W Schlabach, 2019-10-28 Recent decades have seen a steady trend in Roman Catholic teaching toward a commitment to active nonviolence that could qualify the church as a peace church As a moral theologian specializing in social ethics Schlabach explores how this trend in Catholic social teaching will

need to take shape if Catholics are to follow through Globalization he argues is an invitation to recognize what was always supposed to be true in Catholic ecclesiology Christ gives Christians an identity that crosses borders To become a truly catholic global peace church in which peacemaking is church wide and parish deep Catholics should recognize that they have always properly been a diaspora people with an identity that transcends tribe and nation state **Competing**

**Fundamentalisms** Sathianathan Clarke,2017-03-29 Why do certain groups and individuals seek to do harm in the name of God While studies often claim to hold the key to this frightening phenomenon they seldom account for the crucial role that religious conviction plays not just in radical Islam but also in the fundamentalist branches of the world s two other largest religions Christianity and Hinduism As the first book to examine violent extremism in all three religions together Competing Fundamentalisms draws on studies in sociology psychology culture and economicswhile focusing on the central role of religious ideasto paint a richer portrait of this potent force in modern life Clarke argues that the forces of globalization fuel the aggression of these movements to produce the competing feature of religious fundamentalisms which have more in common with their counterparts across religious lines than they do with the members of their own religions He proposes ways to deescalate religious violence in the service of peacemaking Readers will gain important insights into how violent religious fundamentalism works in the world s three largest religions and learn new strategies for promoting peace in the context of contemporary interreligious conflict War No More Michael K. Duffey,2021-07-16 In the twentieth and early

twenty first centuries nonviolent movements for justice have succeeded where violent campaigns have failed This book examines fourteen cases eleven movements that succeeded and three that have until now failed and shows why nonviolent strategies work drawing on the thought of practitioners and theorists Later chapters examine violent U S interventions abroad and at home as well as citizen movements for nonviolent conflict resolution As an introduction to nonviolent movements this text engages students in recent events from the news as well as the history of modern warfare Bringing in philosophical and religious texts from a diverse set of traditions author Michael K Duffey offers a multifaceted argument for embracing nonviolent solutions to conflict The Death of the Messiah and the Birth of the New Covenant Michael J.

Gorman,2014-06-27 In this groundbreaking book Michael Gorman asks why there is no theory or model of the atonement called the new covenant model since this understanding of the atonement is likely the earliest in the Christian tradition going back to Jesus himself Gorman argues that most models of the atonement over emphasize the penultimate purposes of Jesus death and the mechanics of the atonement rather than its ultimate purpose to create a transformed Spirit filled people of God The New Testament s various atonement metaphors are part of a remarkably coherent picture of Jesus death as that which brings about the new covenant and thus the new community promised by the prophets which is also the covenant of peace Gorman therefore proposes a new model of the atonement that is really not new at all the new covenant model He argues that this is not merely an ancient model in need of rediscovery but also a more comprehensive integrated participatory

communal and missional model than any of the major models in the tradition Life in this new covenant Gorman argues is a life of communal and individual participation in Jesus faithful loving peacemaking death Written for both academics and church leaders this book will challenge all who read it to re think and re articulate the meaning of Christ s death for us

*Covenant of Peace* Willard M. Swartley, 2006 One would think that peace a term that occurs as many as one hundred times in the New Testament would enjoy a prominent place in theology and ethics textbooks Yet it is surprisingly absent Willard Swartley s *Covenant of Peace* remedies this deficiency restoring to New Testament theology and ethics the peace that many works have missed In this comprehensive yet accessible book Swartley explicates virtually all of the New Testament relating peace and the associated emphases of love for enemies and reconciliation to core theological themes such as salvation christology and the reign of God No other work in English makes such a contribution Swartley concludes by considering specific practices that lead to peacemaking and their place in our contemporary world Retrieving a historically neglected element in the Christian message *Covenant of Peace* confronts readers anew with the compelling New Testament witness to peace

Matthew 1-7 MacArthur New Testament Commentary John MacArthur, 1985-08-08 The Old Testament looked forward to the final King of kings who would bring everlasting salvation and peace In his gospel Matthew demonstrates that Jesus Christ is that King perfect in His eternal glory and majesty As the King s ambassadors

Christians today will find in Matthew great motivation for heartfelt worship and service Join John MacArthur as he explains each verse in a way that is both doctrinally precise and intensely practical **Edeh's Charity Peace Model (Ecpm)**

Emmanuel M. P. Edeh,2013-10-08 Edeh's Model of Peace responds effectively and efficiently to the two dimensions of peace primordial and secondary and this response singles it out of other systems or models of peace promoted by other exponents AGBO EDMUND PHD If Edeh has easily solved these millions of cases in his Centre thereby adding a robust value to human community it is timely then to integrate this model into the global community in the interest of mankind CHUKWU EZECHI

CHUKWU PHD The model of resolving disputes propounded by Edeh and propagated by his disciples can be effectively applied in any country creed or context In other words it has a universal appeal OLIVER UDAYA FJS *Hauerwas the Peacemaker?* Nathan Scot Hosler,2020-04-14 War has been abolished in Christ is a strong claim by theologian Stanley Hauerwas Wars however continue to rage and historic numbers of people are displaced globally Despite critics assessments that Hauerwas contributes to Christians disengaging his work provides certain tools for the work of peacebuilding In this work Hauerwas's contribution to peacemaking as a part of his ecclesiology and broader theological ethical work will be assessed Hauerwas's peacemaking within his work stands within the context of ecclesiology and related themes of witness and Christology The possibilities of his work on peacemaking to extend to peacebuilding practice and foreign policy formation are explored and a critique is leveled regarding his engagement with racial justice Additionally certain practices of reading in theology and training in this language are extrapolated to engage the task of policy formation and analysis in contexts where religion is an active factor This study concludes that Hauerwas's theological ethics of peacemaking makes a valuable contribution but must be extended into specific practices **The Sacredness of Human Life** David P.

Gushee,2013-01-14 This authoritative book is the most comprehensive examination ever of the sacredness of human life Never before has one volume explored this subject in such a multifaceted way encompassing biblical roots theological elaborations historical cases and contemporary ethical perspectives Tracing the concept of the sacredness of human life from Scripture through church history to the present day David Gushee argues that viewing human life as sacred is one of the most precious legacies of biblical faith albeit one that the church has too often failed to uphold Besides providing a masterful historical survey Gushee's discussion covers the many current ethical challenges and perspectives that will impact the survival and flourishing of human life including biotechnology the death penalty abortion human rights nuclear weapons just war theory women's rights and creation care Gushee's Sacredness of Human Life is a game changing book that will set the standard for all future discussions of this key ethical concept *Christian Theology* Robert A. Evans,Thomas D.

Parker,2001-12-21 A major teaching breakthrough Christian Theology A Case Method Approach bridges the gap between the theological reflection and human experience and encourages fruitful dialogue between divergent interpretations Organized around central motifs in the Apostles Creed nine actual cases on contemporary themes have been prepared by experienced

case writers These cases represent a variety of issues which call for a response hunger and faith language and commitment doubt and death The goal of each is to relate Christian theology to a real life situation But how reach this goal This is the core question and it provides the still point around which the discussions revolve A total of thirty four theological briefs by representatives of major traditions and perspectives reflect on the cases involved and the issues to be resolved
