Jesus and the Chaos of History James Crossley, 2015-02-26 In Jesus and the Chaos of History James Crossley looks at the way the earliest traditions about Jesus interacted with a context of social upheaval and the ways in which this historical chaos of the early first century led to a range of ideas which were taken up modified ignored and reinterpreted in the movement that followed Crossley examines how the earliest Palestinian tradition intersected with social upheaval and historical change and how accidental purposeful discontinuous contradictory and implicit meanings in the developments of ideas appeared in the movement that followed He considers the ways seemingly egalitarian and countercultural ideas co exist with ideas of dominance and power and how human reactions to socio economic inequalities can end up mimicking dominant power In this case the book analyses how a Galilean protest movement laid the foundations for its own brand of imperial rule This evaluation is carried out in detailed studies on the kingdom of God and Christology sinners and purity and gender and revolution

The Resurrection of Jesus Dale C. Allison, Jr., 2021-03-11 The earliest traditions around the narrative of Jesus resurrection are considered in this landmark work by Dale C Allison Jr drawing together the fruits of his

decades of research into this issue at the very core of Christian identity Allison returns to the ancient sources and earliest traditions charting them alongside the development of faith in the resurrection in the early church and throughout Christian history Beginning with historical critical methodology that examines the empty tomb narratives and early confessions Allison moves on to consider the resurrection in parallel with other traditions and stories including Tibetan accounts of saintly figures being assumed into the light in the chapter Rainbow Body Finally Allison considers what might be said by way of results or conclusions on the topic of resurrection offering perspectives from both apologetic and sceptical viewpoints In his final section of modest results he considers scholarly approaches to the resurrection in light of human experience adding fresh nuance to a debate that has often been characterised in overly simplistic terms of it happened or it didn't

Studies in the Historical Jesus Justin J. Meggitt, 2023-08-29 *Studies in the Historical Jesus* Anarchy Miracles and Madness is a selection of key essays on the historical figure of Jesus published over the last fifteen years by Justin J Meggitt Each addresses a central question in the study of Jesus and his context from the role of myth in the creation of traditions about him and the historicity of his miracles to the problem of his politics and the reasons for his execution The collection brings fresh perspectives and new data to bear on enduring debates and demonstrates the value of history from below in making sense of the historical Jesus and the world that made him

Cyprus Within the Biblical World James H. Charlesworth, Jolyon G. R. Pruszinski, 2021-03-25 This volume moves discussion of ancient Israelite culture beyond concepts of isolation and borders factoring in already well known insights from classical studies and ancient history that take greater account of the impressive connections between all the countries bordering the Mediterranean Sea Specifically the contributors focus on Cyprus and the Bible and offer archaeological and biblical insights to consider how and in what ways Cyprus and Cypriot culture was related to biblical life and perceptions Though the Mediterranean separated Palestine from Cyprus it also joined them archaeological finds expose significant trade relations and cultural commonalities not only in the Hellenistic and late Roman eras but for many centuries prior These relations developed and became even more intimate in the later biblical period as evidenced by early Jewish and Christian writings By exploring various methods of cultural contact the contributors suggest that further examination of cultural links between Cyprus and Palestine in the biblical period can repay dividends in understanding the development of ancient Israelite religion early Judaism and early Christianity

Questioning the Historicity of Jesus Raphael Lataster, 2019-07-01 This volume moves beyond the mainstream scholarly scepticism over the Christ of Faith and considers if there is sufficient evidence to establish the existence of the more mundane Historical Jesus Using the logical tools of the analytic philosopher Lataster finds that the relevant sources are unreliable as historical documents and that the key method of those purporting that the Historical Jesus existed is to appeal to sources that do not exist Considering an ancient hypothesis suggesting that Jesus began as a celestial messiah that certain Second Temple Jews already believed in and was later allegorised in the Gospels Lataster discovers that it is more reasonable to at least be agnostic over Jesus

historicity **Getting at Jesus** Peter S. Williams, 2019-01-29 Portraying themselves as challenging blind religious dogma with evidence led skepticism the neo atheist movement claims that the New Testament contains unreliable tales about a mythical figure who far from being the resurrected Lord of life may not even have lived This comprehensive critique documents the falsehood of these neo atheist claims correcting their historical and philosophical mistakes to show how we can get at the truth about the historical Jesus **The Metaphysics of Historical Jesus Research** Jonathan

Rowlands, 2015-10-15 In this book Rowlands interrogates the theological and philosophical foundations of the Quest for the historical Jesus from Reimarus to the present day culminating in a call for greater metaphysical transparency and diversity in the discipline This multidisciplinary approach to historical Jesus research drawing on historiography sociology philosophy and theology makes a significant and original contribution to the field Part I outlines the implicit role of metaphysical presuppositions in historical methodology by examining the concept of an historiographical worldview Part II provides an overview of the Quest for the historical Jesus demonstrating that the disparate historiographical worldviews operative in the Quest evidence a particular shared characteristic in that they might accurately be described as secular Rowlands study concludes with a call for a greater plurality and openness regarding the philosophical and theological presuppositions at work in historical Jesus research The Metaphysics of Historical Jesus Research is of interest to students and scholars working on New Testament studies and historical Jesus research **Inventing Christic Jesuses, Volume 1** Charles A.

Wilson, 2017-11-09 Inventing Christic Jesuses is the first comprehensive proposal for how revisionist theology can deploy historical Jesus research in a methodologically sophisticated way Rejecting positions that insulate theology from Jesus research the proposal sets out warrants and rules for a quested Christology in dialogue with an analysis of the conduct of historians of Jesus from the period of the Third Quest c 1980 2010 The volume Method analyzes for theology the methods and values of historical research on Jesus It argues that the methodic construction of historical images of Jesus in conversation with sources is simultaneously a retrojective activity of value production First in defining the terms of the inquiry Wilson locates a middle ground between hostility to questing and a too ready application of historical results to Christology He then identifies rules and warrants for the deployment of Jesus research in theology and reconstructs the notion of the retrojection of value in the production of a historical Jesus The volume ends with a case study of retrojective Jesus production an analysis and assessment of the new notion that Jesus is a sage in the tradition of wisdom *Behold the Man* Peter S.

Williams, 2024-06-18 After a substantial new essay examining the nature of a properly skeptical historical inquiry into Jesus of Nazareth in the context of contemporary worldviews from pre modernism to meta modernism Behold the Man presents revised essays on an eclectic range of issues from how the Epistle of James treats Jesus as Divine within decades of the crucifixion and an evaluation of recent arguments about the dating of the Fourth Gospel to debunking claims about Jesus and ancient aliens and furthering debate about the resurrection With a foreword by eminent New Testament scholar Craig L

Blomberg and extensive recommended resources *Behold the Man: Essays on the Historical Jesus* represents a wide ranging interdisciplinary engagement with historical Jesus studies *Jesus the Purifier* Craig L. Blomberg, 2023-02-28 Christianity Today 2024 Book Award Biblical Studies The third quest for the historical Jesus has reached an impasse But a fourth quest is underway one that draws from a heretofore largely neglected source John's Gospel In this book now in paperback renowned New Testament scholar Craig Blomberg advances the idea that John is a viable and valuable source for studying the historical Jesus The data from John should be integrated with that of the Synoptics which will yield additional insights into Jesus's emphases and ministry Blomberg begins by reviewing the first three quests reassessing both their contributions and their shortcomings He then discusses the emerging consensus regarding demonstrably historical portions of John which are more numerous than usually assumed Peeling back the layers we discover in Jesus's ministry an emphasis on purity and purification The Synoptics corroborate this discovery specifically in Jesus's meals with sinners Blomberg then explores the practical and contemporary applications of Jesus the purifier including the contagious holiness that Jesus's followers can spread to others *McMaster Journal of Theology and Ministry: Volume 22, 2020-2021* David J. Fuller, John J. H. Lee, 2022-09-02 The McMaster Journal of Theology and Ministry is an electronic and print journal that seeks to provide pastors educators and interested lay persons with the fruits of theological biblical and professional studies in an accessible form Published by McMaster Divinity College in Hamilton Ontario it continues the heritage of scholarly inquiry and theological dialogue represented by the College's previous print publications the Theological Bulletin Theodolite and the McMaster Journal of Theology *What Was Jesus Thinking?* Frank R. Stirk, 2023-06-13 No one could ever get fully inside the mind of Jesus but we can gain important insights through a better understanding of the contexts in which he spoke and acted For example with whom was he speaking and interacting in that moment Where did this take place How can the events of the history of the period in general and the many new and often unexpected archaeological discoveries in particular from the time of Jesus enhance our understanding of what he was thinking And what light can the answers to these and related questions shed on what we already know about Jesus from the Four Gospels This book attempts to provide some answers to these questions with the intent of leading the reader toward a deeper understanding of his wholly human yet wholly divine character This in turn will hopefully create a deeper and more grounded faith ***On the Resurrection, Volume 1*** Gary Habermas, 2024-01-15 The first volume of Gary Habermas's magnum opus *On the Resurrection: Evidences* represents the culmination of fifty years of research on the probability of Jesus's resurrection Using his minimal facts argument Habermas demonstrates why we ought to trust the biblical and historical testimony of Scripture regarding the resurrection This book is a must read for pastors students and scholars interested in the historical evidence for the resurrection of Jesus Christ

Studies in Late Antiquity David Neal Greenwood, 2024-03-29 Late Antiquity was an era of remarkable change as beliefs were shaped and reshaped by the competing philosophies of traditional Greco-Roman religion Middle and Neoplatonist

philosophy and the theology of the early Church Current narratives of both peaceful competition and violent struggle between Christianity and paganism are reductive The research presented in this Variorum volume originally published between 2013 and 2018 in the fields of history divinity and philosophy demonstrates the complexity of the age and provides a more complete picture of major actors including the emperor Julian Porphyry of Tyre and Celsus From the second to the fourth centuries these were some of the major players in attempting to define the terrain in the conflict between their philosophies and the Christian religion While the timeframe remains consistently within the late second to the mid fourth centuries A D the sources range between inscriptions literature and historical accounts The particular focus is the emperor Julian Flavius Claudius Julianus d 363 a figure of perennial interest as not only the last pagan emperor but the last anti-Christian polemicist of real significance in antiquity This volume offers a new perspective on Julian bringing together research from ancient history Neoplatonist philosophy and patristic theology and will be useful to students and scholars alike

Jesus, Skepticism, and the Problem of History Zondervan, 2019-10-08 In recent years a number of New Testament scholars engaged in academic historical Jesus studies have concluded that such scholarship cannot yield secure and illuminating conclusions about its subject arguing that the search for a historically authentic Jesus has run aground Jesus Skepticism and the Problem of History brings together a stellar lineup of New Testament scholars who contend that historical Jesus scholarship is far from dead These scholars all find value in using the tools of contemporary historical methods in the study of Jesus and Christian origins While the skeptical use of criteria to fashion a Jesus contrary to the one portrayed in the Gospels is methodologically unsound and theologically unacceptable these criteria properly formulated and applied yield positive results that support the Gospel accounts and the historical narrative in Acts This book presents a nuanced and vitally needed alternative to the skeptical extremes of revisionist Jesus scholarship that on the one hand uses historical methods to call into question the Jesus of the Gospels and on the other denies the possibility of using historical methods to learn about Jesus

Resurrection: Faith or Fact? Carl Stecher, Craig L. Blomberg, 2019-04-09 Is there enough evidence to believe Jesus rose from the dead or must such a judgment be based only on faith Can the resurrection story be considered a fact of history or should it be viewed as an ahistorical account Two renowned professors atheist Carl Stecher and Christian Craig Blomberg engage in a groundbreaking new debate on these very questions Other experts on the resurrection atheist Richard Carrier and Christian Peter S Williams comment on the outcome Presenting new approaches to these centuries old questions and taking into account the latest scholarly research *Resurrection Faith or Fact* is a must have not only for all those following the resurrection question but also for those skeptics and Christians alike who are interested in determining for themselves the truth behind this foundational doctrine of the Christian faith
