Jesus Teachings Relevance Religious Revolutionary:

The Radical Teaching of Jesus Duncan S. Ferguson, 2016-01-18 The Radical Teaching of Jesus carefully and thoughtfully invites the reader into an understanding of the life and teachings of Jesus Both his life and teachings are radical in that Jesus intended those who observed his life and heard his teachings to make a major change in their lives by fully receiving the power and presence of God The implications of this transformation would result in a life of loving God with heart and mind and one's neighbor without condition This volume underlines that to have a full understanding of the implications of the radical teaching of Jesus requires a careful reading of the history of the Gospel records of the circumstances in which Jesus lived and of Jesus sense of vocation This understanding makes possible a more credible and nuanced grasp of the style and content of the life and teaching of Jesus and its extraordinary relevance for our rapidly changing and troubled global context The book speaks poignantly both to those within the Christian family who find traditional categories regarding Jesus increasingly difficult to affirm and to those of other faith traditions or religious unaffiliated who seek an authentic spiritual way Global Justice, Christology and Christian Ethics Lisa Sowle Cahill, 2013-01-17 Global realities of human inequality poverty violence and ecological destruction call for a twenty first century Christian response which links cross cultural and interreligious cooperation for change to the Gospel This book demonstrates why just action is necessarily a criterion of authentic Christian theology and gives grounds for Christian hope that change in violent structures is really possible Lisa Sowle Cahill argues that theology and biblical interpretation are already embedded in and indebted to ethical political practices and choices Within this ecumenical study she explores the use of the historical Jesus in constructive theology the merits of Word and Spirit Christologies the importance of liberation and feminist theologies as well as theologies from the global south and also the possibility of qualified moral universalism The book will be of great interest to all students of theology religious ethics and politics and biblical studies *Reframing a Relevant Faith* C Drew Smith, 2014-12-03 Many people expect faith to be inflexible and unchanging It is relevant because it always has been at least to them To admit change is to bring on the end of faith and all of its benefits Others believe that a relevant faith is by nature shallow and unrooted Author and educator Drew Smith disagrees He believes that it is both possible and necessary to reframe faith in such a way that it is relevant to our present society At the same time this reframed faith is still a historic faith It is definitely not shallow and in fact is rooted deeply in the person and teaching of Jesus Chapters look at why a faith should be progressive how it can be rooted in the scriptures the importance of the person of Jesus and what this means for the mission of the church Each chapter includes questions for reflection and discussion making it easy to use this guide in group study Those who are looking for an alternative to an anti intellectual and narrow Christianity will find in this book an essential and friendly guide Jesus Marcus J. Borg, 2006 Almost two thousand years after his death Jesus continues to be front page news in the United States Yet American Christians are deeply divided about

what it means to follow him Bible scholar Borg takes us on a journey to discover who Jesus was what he taught and why he still matters today Borg argues that how we see Jesus affects how we see Christianity and reveals a new way of seeing a new perspective that can overcome the differences between the literalists and progressives a path that emphasizes following the way of Jesus the original name of the Jesus movement Jesus remains the decisive revelation of God but we now encounter him as both a reality and a role model centered in God focused on both personal and political transformation emphasizing practices rather than beliefs and exemplifying a faith characterized by deep commitment and gentle certitude From publisher description *Retrieving Apologetics* Glenn B. Siniscalchi, 2016-01-07 Given the popes recent statements of their desires to implement the New Evangelization it is imperative that Catholic theologians and other intellectually engaged laypersons retrieve the vital discipline of apologetics For the New Evangelization places particular emphasis on reproposing the Gospel to those who have experienced a crisis of faith due to secularization One salient method of Catholic apologetics used to be characterized by three demonstrations each of which assumes the conclusions established in the previous step s Some might think that this classical method of apologetics has been abandoned in the postconciliar Church but Siniscalchi s book updates it Unlike the classical apologetics of the preconciliar era Siniscalchi engages contemporary scholarship in a variety of academic disciplines such as philosophy history biblical studies sociology and theology to develop the steps that are necessary for showing the reasonableness of faith *The Incarnate Christ and His Critics* Robert M. Bowman Jr., J. Ed Komoszewski, 2024-11-12 A current comprehensive and clear defense of the deity of Christ The central theological claim of Christianity that Jesus is God incarnate finds eager detractors across a wide spectrum from scholars who interpret Jesus as a prophet angel or guru to adherents of progressive Christianity and non Christian religions and philosophies Yet thorough biblical scholarship strongly supports the historic Christian teaching on the deity of Christ Authors Robert M Bowman Jr and J Ed Komoszewski follow the approach of their landmark 2007 study on the same topic Putting Jesus in His Place They focus on five pillars of New Testament teaching using the acronym HANDS and demonstrate what both Jesus and the earliest believers recognized namely that Jesus shares in the Honors that are due God Attributes of God Names of God Deeds that God does Seat of God s eternal throne *The Incarnate Christ and His Critics* engages objections to the divine identity of Jesus from Jehovah s Witnesses Mormons progressive Christians Muslims Unitarians and others Bowman and Komoszewski show how biblical scholarship cannot reasonably ignore the enduring wide ranging and positive case for the deity of Christ

After Trump Donald Heinz, 2020-03-18 A black social gospel movement arose after the Civil War to mitigate the broken promises of reparations and the reestablishment of white supremacy After the Gilded Age a new social gospel arose in the early twentieth century that brought together Christian proclamation and an ethic of social justice that became liberal Protestantism s distinctive contribution to world Christianity leaving residues in the New Deal and the Great Society In the face of poverty and bondage in the 1960s Martin Luther King Jr led a second wave of the black social gospel movement and

died for it as prophets do It birthed new liberation movements on many fronts Again things fell apart as the Reagan Revolution massively redistributed wealth and social benefits upward and late capitalism flourished In this environment tax cuts for the wealthy and massive inequalities grew and President Trump inherited the resentments of the Christian Right and the opportunism of economic conservatives Would a recurring social gospel have made a difference After Trump American Christianity faces another crisis of decision Will the strange God of the Bible be re called will the churches re live as social movements that bring good news to all the people will American Christianity re contest the public square and proclaim a new social gospel for our times This book is an invitation and a manifesto *Living Wisely and Well in the Evening of Life*

Duncan S. Ferguson,2024-03-29 *Living Wisely and Well in the Evening of Life* addresses the increasing difficulty of those in our culture who are in the evening of life who must manage a rapidly changing society and a new world being born almost daily There are several dimensions of life which have become especially difficult for those in this position including loneliness the sense of being set aside in a changing culture the cost of medical care the deep conflicts in our political life and the increasing sense of not being able to cope Deep universal values articulated by the apostle Paul in his letter to the Corinthian church must be claimed and internalized Paul artfully guides those from this church in a complex setting by suggesting a more excellent way in which to live with complexity and challenge Then and now we need to cultivate a thoughtful and credible faith in our mature years second we must sustain the well founded hope rooted in our faith in a loving God especially necessary in the evening of life In keeping with the teaching of Jesus we should make unconditional love the central value in life It is possible to flourish in the evening of life undergirded by faith hope and love *Tongues of Fire* Paul O.

Ingram,2019-09-17 Pentecost celebrates the countless expressions of God s love and wisdom Like a skilled dancer God s Holy Spirit moves through all creation bringing forth life and love and inspiration Fire and wind are everywhere Inspiration and revelation are just a moment away and can come either by surprise or as a result of the interplay between God s wisdom and our intentional spiritual practices The spirit blows where it wills in all directions embracing all life human and nonhuman In other words Pentecost is about God s omnipresence which Ingram interprets through the categories of Whiteheadian process theology as God s ever present initial aim that all things and events at every moment of space time achieve the maximum self fulfillment of which they are capable Intentionally conforming our subjective aims for our own fulfillment with God s initial aim for us as the historical Jesus did is the call of Pentecost Omnipresence is an all or nothing deal God can t be a little omnipresent Either God is present in with and under every thing and event since the beginning of creation what theologians and philosophers call panentheism or omnipresence makes no sense *The Art of Asking Better Questions* J.R.

Briggs,2025-10-07 What if the key to a deeper more meaningful life lies in the questions you ask In *The Art of Asking Better Questions* J R Briggs offers a thoughtful exploration of how intentional well crafted questions can transform relationships leadership and spiritual growth Guided by the wisdom of Jesus as the ultimate question asker this book introduces four levels

of questions designed to address different purposes and provide practical tools to improve your conversations If you want information Google it But if you want wisdom and connection you need to become a person who asks better questions Briggs argues that the quality of your life is determined by the quality of the questions you ask God yourself and others There s not a single area where improving the quality of your questions won t improve your life and the lives of those around you In this book you ll Explore why questions are so important but why we don t ask them very much Discover how questions affect our faith Study how questions influence our ability to lead Learn simple practical ways to ask better questions With its sharp insights and actionable guidance *The Art of Asking Better Questions* invites you to reflect on how the questions you ask God yourself and others can lead to a fuller more vibrant life of faith and purpose Rediscover the art of inquiry your relationships leadership and faith will never be the same

The Passionate Jesus Peter Wallace, Peter M. Wallace, 2012 A fresh and moving portrait of Jesus as a model for how to live more authentic honest and meaningful lives by fully experiencing our emotions in the love of God Many depictions of Jesus show him as a character who coolly and calmly floats above the grit and grime of human existence He doesn t hurt he doesn t fear he doesn t laugh and most tragically he doesn t love very passionately He seems not to feel at all But a closer look at the Bible reveals something surprisingly different In this eye opening spiritual study Peter Wallace examines Jesus s actions rather than just his teachings to uncover a passionate figure who was involved present connected honest and direct with others He was one who was deeply moved as the writer of John s gospel put it one who knew and embodied the emotions he felt and expressed them in honest clear and life giving ways Through Wallace s deeply personal insights and compelling stories and examples you will be encouraged to model this passionate Jesus by building personal authenticity in every area of your own life particularly in your self acceptance and self expression your relationships with others and above all your relationship with God

Learning Jesus Stephen D. Jones, 2021-09-30 Some Christians are satisfied with an Arrived Jesus a Jesus who had fully arrived at the moment of his birth in Bethlehem He had nothing to learn nothing to discover no choices to make and no place to go except to follow God s tight script for his life His life was static Yet other Christians believe in a Becoming Jesus a Jesus who faced many crossroads and decision points struggles and crises all of which shaped his faithful response to God This Learning Jesus was born into a world of stereotypes and bias and he like others had to overcome these human boundaries in order to become the Savior of the world Jesus was an imaginative learner and an inspiring teacher Like all human beings he was a human becoming

The Insurgency of the Spirit Robert E. Shore-Goss, 2020-10-06 The Insurgency of the Spirit taps mutli disciplinary methodologies of post colonial biblical scholarship and anthropology liberation theologies indigenous studies grief trauma research and nature meditation writings to shape a constructive retrieval of the animist Jesus The vision that emerges is one that sets forward an Earth loving Jesus who challenges Christians in particular to mobilize against the destructive relationship that exists between imperial religion and political systems

Sick Religion or Healthy Faith? Ryan

Ahlgrim,2016-05-10 Is it time to get rid of religion Not so fast says Ryan Ahlgrim It s time for us to define and demand healthy faith Despite the dysfunction and divisiveness seen too often in religion we continue to need a community of love and we yearn for a transcendent encounter that can heal us So instead of abandoning religion Ahlgrim outlines twelve characteristics of a healthy religious community and describes what a healthy Christian community of faith believes and practices Along the way he reveals the power of story the genius of Jesus and the path to wholeness In the end we are faced with the most daring and fulfilling choice of all to embrace a community of love that trusts in God The Nonviolent Messiah Simon J. Joseph,2014-06-02 When scholars have set Jesus against various conceptions of the messiah and other redemptive figures in early Jewish expectation those questions have been bound up with the problem of violence whether the political violence of a militant messiah or the divine violence carried out by a heavenly or angelic figure Missing from those discussions Simon J Joseph contends are the unique conceptions of an Adamic redeemer figure in the Enochic material conceptions that informed the Q tradition and he argues Jesus own self understanding **Anti-Zionism and Antisemitism** Alvin H. Rosenfeld,2019-01-09 Seventeen essays by scholars examining the links between anti Semitism and attitudes toward Israel in the current political climate How and why have anti Zionism and antisemitism become so radical and widespread This timely and important volume argues convincingly that today s inflamed rhetoric exceeds the boundaries of legitimate criticism of the policies and actions of the state of Israel and conflates anti Zionism with antisemitism The contributors give the dynamics of this process full theoretical political legal and educational treatment and demonstrate how these forces operate in formal and informal political spheres as well as domestic and transnational spaces They offer significant historical and global perspectives of the problem including how Holocaust memory and meaning have been reconfigured and how a singular and distinct project of delegitimization of the Jewish state and its people has solidified This intensive but extraordinarily rich contribution to the study of antisemitism stands out for its comprehensive overview of an issue that is both historical and strikingly timely *The State of New Testament Studies* Scot McKnight,Nijay K. Gupta,2019-11-05 This book surveys the current landscape of New Testament studies offering readers a concise guide to contemporary discussions Bringing together a diverse group of experts it covers research on the most important issues in New Testament studies including new discipline areas making it an ideal supplemental textbook for a variety of courses on the New Testament Michael Bird David Capes Greg Carey Lynn Cohick Dennis Edwards Michael Gorman and Abson Joseph are among the contributors **The Historical Jesus** James H. Charlesworth,2008 Abstract **Acts: An Exegetical Commentary : Volume 3** Craig S. Keener,2014-09-30 Highly respected New Testament scholar Craig Keener is known for his meticulous and comprehensive research This commentary on Acts his magnum opus may be the largest and most thoroughly documented Acts commentary available Useful not only for the study of Acts but also early Christianity this work sets Acts in its first century context In this volume the third of four Keener continues his detailed exegesis of Acts utilizing an

unparalleled range of ancient sources and offering a wealth of fresh insights This magisterial commentary will be an invaluable resource for New Testament professors and students pastors Acts scholars and libraries Walking the Stations Donald Heinz, 2025-02-17 In a time when Catholic piety is often fixed on the Good Friday stations of the cross and evangelical piety is associated with an imaginary what would Jesus do and much of Protestant religion has slimmed Jesus down from the fully dimensioned Christology of the Gospels and contemporary Christianity misses a Christ who has moved into the neighborhood John 1 14 and fully engaged the world and its peoples and touring liberals tout how little a Christian actually needs to believe this book chooses fourteen episodes from Jesus entire life and makes them way stations on a pilgrimage on which we gather to meet Jesus in person share him in community and follow him to a fully realized discipleship Such way stations may recall the medieval imitation of Christ or the notion of a Christian pilgrimage during which we make the way by walking Historically pilgrimage is meant to evoke I want to be in that number Yet identifying these stations is fully congruent with contemporary New Testament scholarship whether liberal or historically orthodox The significance of this book is that it sets forth a process of adult Christian education today that is rich with all the dimensions of Jesus life from birth to death and resurrection with all the happenings in between And most important it turns adult Christian education into a compelling Bible study in community and one that attracts participation like walking a labyrinth Through such engagement it recovers for lively practice today the mostly forgotten medieval imitatio Christi and inserts this into the nearly forgotten but once vividly realized practice of pilgrimage overdue today as a way of imprinting the Christian walk onto the culture and onto individual believers and their communities Finally it follows contemporary Gospel scholarship back to the historical Jesus through visionary Holy Land tours or a modern walking the way stations that constitute Jesus own life and our immersion in it that would constitute true discipleship
