Jesus The Man Barbara Thiering:

Jesus the Man Barbara Thiering, Barbara Elizabeth Thiering, 2005 Jesus was the leader of a radical faction of Essene priests He was not of virgin birth He did not die on the Cross He married Mary Magdalene fathered a family and later divorced He died sometime after AD 64 This controversial version of Christ's life is not the product of a mind which wants to debunk Christianity Barbara Thiering is a theologian and a biblical scholar But after over twenty years of close study of the Dead Sea Scrolls and the Gospels she has developed a revolutionary new theory which while upholding the fundamental faith of Christianity challenges many of its most ingrained supernaturalist beliefs JESUS THE MAN will undoubtedly upset and even outrage those for whom Christianity is immutable and unchangeable But for many who have found the rituals of the contemporary church too steeped in medieval thinking it will provide new insights into Christianity in the context of the 1990s

Jesus of the Apocalypse Barbara Thiering, 1997 In her controversial bestseller Jesus the Man Barbara Thiering first presented a completely new historical interpretation of the life of Jesus Christ Now in this work of remarkable research and scholarship Dr Thiering sets out to unravel the mysteries that have long surrounded the elusive complexities of the Book of Revelation It was not she writes about vision and apocalypse but about the profoundly important history of the Christian movement from AD1 to AD 114 In Jesus of the Apocalypse Dr Thiering presents a new and significant view of the development of Christianity from the time of the Crucifixion until the second century AD She argues that Jesus was no solitary preacher appearing suddenly on the shores of Lake Galilee he was a central figure in a major political movement to overthrow the pagan Roman empire Although crucified he did not die on the cross and he and subsequently his sons took an important role in the evolution of the new underground religion which was developing out of Judaism With detective like perseverance Dr Thiering unfolds the mystery of words meanings and places that have been allowed to pass unchallenged including a radical new interpretation of such mystical themes as the Four Horsemen of the Apocalypse the seven seals the Beast whose number is 666 the Great Harlot clothed in scarlet and purple In so doing she provides an absorbing and enlightening background to a period that has been seen more through the implications of scripture than the facts of history

Jesus of the Apocalypse Barbara Thiering, 2011-11-30 The sequel to the controversial Jesus the Man In her 1992 bestseller Jesus the Man Barbara Thiering analysed the hidden meaning contained in the Dead Sea Scrolls to propose a radical new historical interpretation of the life of Jesus Christ Now in Jesus of the Apocalypse she unravels the mysteries of the Book of Revelation including the four horsemen of the Apocalypse the beast whose number is 666 and the Great Harlot clothed in scarlet and purple In this new work of remarkable research and scholarship Thiering argues that Jesus was a central figure in a major political movement to overthrow the pagan Roman empire Although crucified he did not die on the cross and he and subsequently his sons took an important role in the evolution of the new underground religion which was developing out of Judaism With detective like perseverance Thiering sheds new and significant light on a period that has so

often been seen more through the implications of scripture than the facts of history **A Response to "Jesus the Man" by Barbara Thiering** Clifford Wilson,1991 *The Decline and Fall of Sacred Scripture: How the Bible Became a Secular Book* Scott Hahn,Benjamin Wiker,2021-05-07 What is wrong with Scripture scholarship today Why is it that the last place one should go to study the Bible is a biblical studies program at virtually any university Why are so many faithful priests and pastors and the people in their pews unaware of the centuries long effort to turn the sacred Word of God into just another secular text In *The Decline and Fall of Sacred Scripture How the Bible Became a Secular Book* authors Scott Hahn and Benjamin Wiker trace the various malformations of Scripture scholarship that have led to a devastating loss of trust in the inspired Word of God From the Reformation to the Enlightenment and beyond Hahn and Wiker sketch the revolutions and radical figures that led to the emergence of the historical critical method and the pervasive ill effects that are still being felt today **A LOOK AT CHRISTIANITY** FREDERIC COLMAN,2011-09 Most people claim to belong to some religion or another but very few know much about the substance of their beliefs and as adults still believe what they learned about their religion as children Scientific advancement especially in geology astronomy biology and archaeologist has revealed an understanding of the structure of the Earth and the Universe which is very different from the belief scientists had only a few decades ago Recent archaeological finds has changed the way we think of the early history of Israel and this indicates that many of the stories in the Bible are fables **The Messianic Apostasy** Colin E Davis,2022-01-06 *The Messianic Apostasy A Synopsis of the Historical Deviation of Pauline Orthodoxy* provides a reappraisal of early Pauline theology in the context of 1st century Palestine and the Hellenistic world in which Paul lived This scholarly text examines the heretical elements within St Paul s theology in the context of his contemporary Judaism and how the early Christian church of the first three centuries of the Common Era drew its influences from him Theological scholar Colin E Davis investigates the philosophical and religious zeitgeist of the period and Paul s eventual development of the concept of his Christ figure along possible Nazarean lines **Holy Fable Volume IV** Robert M. Price,2020-04-21 In this fourth volume of Robert M Price s celebrated Holy Fable series he turns his critical lens away from the Bible and toward a broader range of scriptural works that were written or rediscovered in modern times Employing the same sympathetic but eagle eyed treatment that defined past volumes he offers in depth analysis of the Joseph Smith penned Book of Mormon the long sealed Gospel according to Thomas the New Age Jesus of the Aquarian Gospel the H P Lovecraft invented Necronomicon and the Andrew Lloyd Webber and Tim Rice rock opera Jesus Christ Superstar With his trademark scholarship and wit he demonstrates how and why this eclectic mix of contemporary scriptural work provides genuine spiritual inspiration to a colorful variety of religious groups and seekers today **The Secret Gospel of Mark Unveiled** Peter Jeffery,2007-01-01 In this needed and highly anticipated new translation of the Theban plays of Sophocles David Slavitt presents a fluid accessible and modern version for both newcomers to the plays and established admirers Unpretentious and direct Slavitt s translation preserves the innate verve and energy of

the dramas engaging the reader or audience member directly with Sophocles great texts Slavitt chooses to present the plays not in narrative sequence but in the order in which they were composed Antigone Oedipus Tyrannos Oedipus at Colonus he thereby underscores the fact that the story of Oedipus is one to which Sophocles returned over the course of his lifetime This arrangement also lays bare the record of Sophocles intellectual and artistic development Renowned as a poet and translator Slavitt has translated Ovid Virgil Aeschylus Aristophanes Ausonius Prudentius Valerius Flaccus and Bacchylides as well as works in French Spanish Portuguese and Hebrew In this volume he avoids personal intrusion on the texts and relies upon the theatrical machinery of the plays themselves The result is a major contribution to the art of translation and a version of the Oedipus plays that will appeal enormously to readers theatre directors and actors

Faith or Gullibility? David Rex Holt, 2016-06-07 Faith or Gullibility was originally written in answer to the author's many friends who asked why he was no longer attending church but as time passed and his studies revealed more and more anomalies in religious beliefs around the world it became very obvious that religious deception was rampant in all doctrines This was nowhere more obvious than in the political environments in which those doctrines were originally conceived where necessity demanded some sort of unified stance by different groups of people Much more than today where technology can provide answers in past centuries naturally gifted leaders needed convincing stories to persuade the masses to act in harmony to achieve the best outcomes and so those people were in that environment lauded as prophets and even credited with what became known as divine inspiration although in actual fact their leading was nothing more than intelligent use of their own intellects Nowhere was this more evident than in cases where their prophecies directly contradicted the laws of physics under the name of miracles A principal problem with this was that when those so called prophets expounded their ideas scientific knowledge was almost non-existent so that rank and file people readily accepted them and passed them down from generation to generation often by word of mouth because illiteracy was far more prevalent than it is in modern developed countries However with increased knowledge human wisdom the sagacious application of knowledge has increased exponentially beyond all reckoning amongst open minded people of all religions to the point where it is no longer possible to justify those outdated beliefs when they are rationalised against the immutable laws of physics This is particularly so when one considers that the entire universe and in fact many universes were all made without a single physical law being broken As studies become more and more logical it becomes more and more apparent that the main reason for religious beliefs whatever they may be is insecurity where human nature cannot accept that life is a finite thing People cling tenaciously to any doctrine that promises any sort of immortality whether it makes any sense or not and so the purpose

of this book increasingly became changed from a mere answer to personal questions to an in depth study of religious mythology and deception *The Challenge of Easter* N. T. Wright,2009-12-04 In *The Challenge of Easter* adapted from his bestselling *Challenge of Jesus* historian biblical scholar and author N T Wright takes a step back from the hoopla surrounding Easter to examine its earliest beginnings and radical claims He shows how those claims extend even to our day where to celebrate Easter is to receive an invitation to live as though God is among us making everything new **The Cross Is Not Enough** Ross Clifford,Philip Johnson,2012-01-01 If Christ had not risen from the dead if God s plan for redemption had ended at the cross what would our faith look like Have we become so fixated on the cross that we have lost an understanding of the centrality of the resurrection And if we ignore the resurrection what effect does that have on our worldview our evangelism and our Christian practice In *The Cross Is Not Enough* Ross Clifford and Philip Johnson explore how the resurrection of Christ has been understood in times past and restore this linchpin doctrine to its rightful place as the basis of our hope our worldview and the way we live our lives They compare Christianity s unique understanding of resurrection to other world religions and explore why the resurrection connects so readily with the human psyche Pastors teachers students and anyone involved in ministry will benefit from this insightful and engaging treatment of Christianity s most important doctrine **Where Were You Before The Tree of Life? Volume 2** Peter R. Farley,2011-04-04 Volume 2 of 9 These books are the first to fully map out the history of alien interaction with the Earth past present and into the near future Extending the work of noted researchers such as Erich Von Daniken and Zecharia Sitchin the book series goal is to show its readers the extensive repercussions this interaction has had on life on this planet especially its formative role in the global conspiracy known as the New World Order *The Firstborn of God* Gail Allison Evans,2000-05-20 *The Firstborn of God* is an in depth yet concise look at the contradictions in the Bible This book may well have the answers that you have been looking for Throughout history our religious beliefs have been instrumental in shaping our social and political strictures Whether we are devout or not the fundamental philosophies of any give religion will dictate the way in which we interact with each other on a mental social and political level Most of the Western world is no exception and has based its theology on a text known as The Bible But what is The Bible Is it a collection of scrolls written by a group of old men Or is it the word of God as so many claim it to be If the Bible really is the word of God then it should follow that the chapters and verses will be clear cut easily understood and lack ambiguity But this is not the case The Bible is ambiguous and many of its texts contradict each other which in turn implies that the scribes who wrote them had differing views on the divine word of God as well as differing social and political philosophies *Forbidden Theology* Miles Augustus Navarr,2012 Over 75% of the people who live on this planet are followers of one of the three major monotheistic religions They all consider Abraham as the father of their race and religion They all believe in one singular all powerful all knowing benevolent god The Hebrew call him Yahweh the Christians refer to him as Father or Lord and Muslims call him Allah and yet millions and millions of people have been

murdered maimed and tortured by the followers of this single entity to prove that their version of this single god is better than the other two versions Sounds ridiculous and yet sadly enough more people have died in the name of religion than any other cause in the history of humanity Each and every one of us at one time or another has asked or thought about such fundamental questions as Is there a God Where did humans come from Why out of millions of species on earth only humans reached this level of sophistication Is there a life after death Is there a purpose to life Why are we here Are the scriptures truly the words of god More importantly is there any way we could find answers to such questions The fact is the answer to most of these questions and many more that we thought unanswerable have been written down on clay tablets by our ancient ancestors who lived in Mesopotamia over 7000 years ago These records are readily available to those who are willing to step outside the dogmatic belief system of the establishment and are prepared mentally and spiritually to tolerate a totally different rendering of the oldest written historical records about mankind s origin purpose and the truth about god our maker The subject matter of this book is an attempt to investigate the circumstances under which Mankind was made and to trace the beginning and development of such concerns as the emergence of the concept of god and the formation of what later became known as religion This is done primarily by relying on our scriptural texts particularly the Old Testament as well as other ancient manuscripts such as Sumerian Akkadian and Babylonian Creation and Genesis epics The first chapter begins by examining the behaviour commands and instructions given by Yahweh to his chosen people These commands and instructions are then evaluated and compared with basic accepted human rights standards practised and observed by almost all communities and societies past and present The question is then asked How could an entity powerful enough to have created the entire universe issue such cruel and sadistic commands against some of his own creations Furthermore Yahweh s behaviour is decidedly pro Hebrew and shows no regards or thought about non Hebrew masses How could the universal god show such bias towards a tiny fraction of his creatures with total disregard for the rest Finally the characteristics and personalities of Yahweh is analysed by scrutinising his behaviour actions and directives as stated in the Old Testament before examining the god of Christianity In investigating the role and characteristics of God in Christianity the first thing that immediately becomes apparent is the absence of a prominent role for God the Father as we had witnessed in Judaism The Christians or more specifically Saint Paul who was the founder and designer of Christianity as we know it today in order to distance his creation from the Hebrews and religion of Yahweh invented a new Godhead and named him Jesus Christ Ancient Greek I sous Born of a virgin with powers to heal the sick give sight to the blind and even raise the dead who was crucified but resurrected three days later These were all characteristics borrowed from various religions and cults prevalent at the time in the Levant from Mithraism to the cult of Apoll

Hitler and the Occult Ken Anderson,2010-10-05 Journalist Ken Anderson analyzes claims made by historian Trevor Ravenscroft and others that the Holy Lance which is said to have pierced the side of Jesus Christ took center stage in Hitler s life and was the focal point of Hitler s ambitions to conquer the world In

addition to pointing out the flaws in this theory Anderson questions the veracity of the biblical story of the lance Was there some meaning behind the flight of Hitler deputy Rudolf Hess to Britain Hitler s supposed extrasensory perception his choice of the swastika as the Nazi symbol the superman who haunted the Fuhrer the use of Nostradamus in propaganda the way Americans were taken in by the astrological propaganda war and strange similarities between Hitler and Charlie Chaplin Anderson offers rational explanations for these alleged strange events and powers demonstrating that they cannot be attributed to Hitler

Hidden Gospels Philip Jenkins, 2002-12-05 This incisive critique thoroughly and convincingly debunks the claims that recently discovered texts such as the Gospel of Thomas the Gospel of Mary and even the Dead Sea Scrolls undermine the historical validity of the New Testament Jenkins places the recent controversies surrounding the hidden gospels in a broad historical context and argues that far from being revolutionary such attempts to find an alternative Christianity date back at least to the Enlightenment By employing the appropriate scholarly and historical methodologies he demonstrates that the texts purported to represent pristine Christianity were in fact composed long after the canonical gospels found in the Bible Produced by obscure heretical movements these texts have attracted much media attention chiefly because they seem to support radical feminist and post modern positions in the modern church Indeed Jenkins shows how best selling books on the hidden gospels have been taken up by an uncritical drama hungry media as the basis for a social movement that could have powerful effects on the faith and practice of contemporary Christianity
