Jimi Hendrix Harry Shapiro, Caesar Glebbeek, 1990-01-01      *Jimi Hendrix's Electric Ladyland* John Perry, 2004-03-31  
Electric Ladyland is one of the greatest guitar albums ever made During the recording process Jimi Hendrix at last had time and creative freedom to pursue the sounds he was looking for In this remarkable and entertaining book John Perry gets to the heart of Hendrix's unique talent guiding the reader through each song on the album writing vividly about Hendrix's live performances and talking to several of Hendrix's peers and contemporaries      *Jimi Hendrix - electric gypsy* Harry Shapiro, Caesar Glebbeek, 1993      **Jimi Hendrix** Dale Evva Gelfand, Sean Piccoli, 2009 Critically acclaimed biographies of history's most notable African Americans Straightforward and objective writing Lavishly illustrated with photographs and memorabilia Essential for multicultural studies      The Spirit and the Song Steven Félix-Jäger, Chris E. W. Green, 2024-09-16  
The Spirit and the Song Pneumatological Reflections on Popular Music explores pertinent pneumatological issues that arise in music It offers three distinct contributions first it asks what if anything music tells listeners about God's Spiritedness Can the experience of music speak to human spiritedness the world's transcendentalism or a person's own self transcendence in ways nothing else does or can Second this book explores how the Spirit functions within and even determines culture through music Because music is a profound human expression it can find itself in a rich dialogue with the Spirit Third and finally this book explores the contested status of music in Christian spiritual traditions It deals with music as inspired by the Spirit music as participation in Spiritedness and music as temptation of the flesh As such this book also engages music's placement in Christian spiritual traditions The contributors of this book ask how Christian convictions about and experiences of the Spirit might shape the way one thinks about music      **Great African-American Men in America history vol I** Henry Epps, 2012-09-04 great african american men in america history vol I talks about the great contributions of great african american men From politics economy to sports and entertainment      **Jimi Hendrix** Marie-Paule Macdonald, 2015-10-15 Jimi Hendrix one of the great instrumentalists in rock history pioneered amplified sound that extended the scope of the guitar into the urban landscape In this book Marie Paule Macdonald situates Hendrix's trajectory through the places he made music translating an innovative sense of space into his songs Macdonald follows Hendrix from the Pacific Northwest to the California coast to New York City from his musical beginnings as a youth in Seattle to his launch touring career and up until his last weeks in London She charts the surroundings of a genuine inner city dweller a nighthawk and wanderer who roamed the streets and alleys of everyday neighborhoods and haunted seedy basement bars and intimate clubs as performer or audience member She explores how the rumble uproar babble and discord of urban life inspired Hendrix to incorporate noise into his powerful repertoire Tracking the variety of places where Hendrix played from open air stages to dilapidated ballrooms she shows how space eventually became a process as Hendrix would eventually commission an architect and sound engineer to build an urban recording studio that would capture the reverberation bounce sustain and

echo that he heard and played Crackling with the electrifying sound of explosive creativity Jimi Hendrix explores place and space to offer fascinating new insight into Hendrix's resounding talent      The Music Documentary Benjamin
