JIRA Development Cookbook Jobin Kuruvilla, 2016-09-30 Your one stop resource for mastering extensions and customizations in JIRA 7. About This Book Explore the new features of JIRA 7 and best practices for agile development and integration with development tools. Customize the look and feel of your JIRA UI to match your specific user needs. Create seamless reports that make sense of your data through easy to use techniques. Who This Book Is For If you are a JIRA developer or administrator or a project manager who wants to fully exploit the exciting capabilities of JIRA then this is the perfect book for you. What You Will Learn Create and deploy your own JIRA plugins. Manipulate workflows to transform JIRA into a user friendly system. Create custom reports that show statistics for particular people, projects, versions or other fields within issues. Simplify reporting by writing your own JIRA gadgets which can be added into a user's dashboard. Master database handling by extending and retrieving custom field details from the database. Deal with custom fields on an issue and program custom field option. In Detail JIRA provides issue and project tracking for software development teams to improve code quality and the speed of development. With the new version of JIRA you can create your own JIRA plugins and customize the look and feel of your JIRA UI easier than ever. **JIRA Development Cookbook Third Edition** is a one stop resource to master extensions and customizations in JIRA. This book starts with recipes about simplifying the plugin development process followed by recipes dedicated to the plugin framework. Then you will move on to writing custom field plugins to create new field types or custom searchers. You will also learn how to program and customize workflows to transform JIRA into a user friendly system. With so much data spanning different projects, issues and so on we will cover how to work on reports and gadgets to get customized data according to our needs. At the end of the book you will learn how to customize JIRA by adding new tabs, menus and web items, communicate with JIRA via the REST APIs and work with the JIRA database. Style and approach The most unique aspect of this book is its approach. This book is recipe based with real world examples that will empower you to implement agile processes and explore the exciting capabilities of Jira.
