Learn how to improve teen services in public libraries by better understanding teen development and having positive interactions with teens to provide appropriate and interesting collections and services A library can be a tremendous resource for teens one that helps them to learn about themselves and the world they live in But teenagers are intrinsically different from children and from adults and these critical developmental differences affect the ways they interact with others both in the world at large and in the library Serving teens effectively in the library requires a basic understanding of who teens are and the developmental tasks they face factors that affect all aspects of library service from the specific programs and services we offer to the ways that staff provide assistance to the teen who is seeking help at a library service desk This book enables library workers to better understand adolescent development which allows them to provide a positive library experience for teens Readers will learn how to supply excellent library services with and for teens including in the areas of collection development readers advisory reference and homework help programming and advocacy The book identifies the best ways to have positive interactions with teens in the library based on their mental development and details best practices for teen services The concluding section discusses advocating for teens with emphasis on their right to privacy and equal access to materials and services      **Blount County, Alabama Marriages 1920 - 1942** Robin Sterling,2018-01-09

This book contains all the marriages which took place in Blount County Alabama between the years 1920 and 1942 Images of the original documents from the Blount County Court House were examined page by page and transcribed Not only was the primary information recorded but other significant details were gathered such as names of bondsmen names of officials performing the ceremony names and relationships of those granting permission and the location of the ceremony Plus volumes and page numbers were recorded to provide for better documentation Additionally details of all licenses returned unexecuted were recorded Beginning in 1936 the State of Alabama required more information on their marriage licenses including full birthdates and full names of both parents This information was included if reported This book is a handy tool for those with ancestors in Blount or adjoining counties      **Pragmatism, Law, and Literature** David Kenny,2024-08-06 This book uses literary examples to make the case for understanding law and the legal system through the lens of philosophical pragmatism

For pragmatists experience is everything they argue against understanding the world through any abstraction maintaining that it is simply too complicated to fit into categories or theories Legal pragmatism is the application of this philosophy to the making of law the practice of law and the practice of judging This book maintains that the best way to understand legal pragmatism is not through bare theoretical exegesis but through literature that is through stories that cast light on various pragmatic aspects of law Engaging a range of literary sources including works by Seamus Heaney Hilary Mantel Harper Lee and Ian McEwan the book makes a compelling case for the contemporary relevance of pragmatism This book will appeal to legal theorists law and literature humanities scholars readers of literary criticism and those with interests in pragmatist philosophy

**There Are No Facts** Mark Shepard, 2022-11-08 The entanglements of people and data code and space knowledge and power how data and algorithms shape the world and shape us within that world With the emergence of a post truth world we have witnessed the dissolution of the common ground on which truth claims were negotiated individual agency enacted and public spheres shaped What happens when as Nietzsche claimed there are no facts but only interpretations In this book Mark Shepard examines the entanglements of people and data code and space knowledge and power that have produced an uncommon ground a disaggregated public sphere where the extraction of behavioral data and their subsequent processing and sale have led to the emergence of micropublics of ever finer granularity Shepard explores how these new post truth territories are propagated through machine learning systems and social networks which shape the public and private spaces of everyday life He traces the balkanization and proliferation of online news and the targeted distribution of carefully crafted information through social media He examines post truth practices showing how truth claims are embedded in techniques by which the world is observed recorded documented and measured Finally he shows how these practices play out at scales from the translocality of the home to the planetary reach of the COVID 19 pandemic with stops along the way at an urban minimarket an upscale neighborhood for the one percent a Toronto waterfront district and a national election
