## **John Bartlow Martin A Voice For The Underdog:**

**John Bartlow Martin** Ray E. Boomhower, 2015-03-18 During the 1940s and 1950s one name John Bartlow Martin dominated the pages of the big slicks the Saturday Evening Post LIFE Harper s Look and Collier s A former reporter for the Indianapolis Times Martin was one of a handful of freelance writers able to survive solely on this writing Over a career that spanned nearly fifty years his peers lauded him as the best living reporter the ablest crime reporter in America and one of America s premier seekers of fact His deep and abiding concern for the working class perhaps a result of his upbringing set him apart from other reporters Martin was a key speechwriter and adviser to the presidential campaigns of many prominent Democrats from 1950 into the 1970s including those of Adlai Stevenson John F Kennedy Lyndon B Johnson Robert F Kennedy Hubert Humphrey and George McGovern He served as U S ambassador to the Dominican Republic during the Kennedy administration and earned a small measure of fame when FCC Chairman Newton Minow introduced his description of television as a vast wasteland into the nation s vocabulary

**The Sower and the Seer** Joseph Hogan, Jon Lauck, Paul Murphy, Andrew Seal, Gleaves Whitney, 2021-02-17 This collection of twenty two essays a product of recent revivals of interest in both Midwestern history and intellectual history argues for the contributions of interior thinkers and ideas in forming an American identity The Midwest has been characterized as a fertile seedbed for the germination of great thinkers but a wasteland for their further growth The Sower and the Seer reveals that representation to be false In fact the region has sustained many innovative minds and been the locus of extraordinary intellectualism It has also been the site of shifting interpretations to some a frontier to others a colonized space a breadbasket a crossroads a heartland As agrarian reformed and Michigander Liberty Hyde Bailey expressed in his 1916 poem Sower and Seer the Midwestern landscape has given rise to significant visionaries just as their knowledge has nourished and shaped the region The essays gathered for this collection examine individual thinkers writers and leaders as well as movements and ideas that shaped the Midwest including rural school consolidation women s literary societies Progressive era urban planning and Midwestern radical liberalism While disparate in subject and style these essays taken together establish the irrefutable significance of the intellectual history of the American Midwest

**Hemispheric Alliances** Andrew J. Kirkendall, 2022-04-27 Hemispheric foreign policy has waxed and waned since the Mexican War and the Cold War presented both extraordinary promises and dangerous threats to U S Latin American cooperation In Hemispheric Alliances Andrew J Kirkendall examines the strengths and weaknesses of new models for U S Latin American relations created by liberal Democrats who came to the fore during the Kennedy administration and retained significant influence until the Reagan era Rather than exerting ironfisted power in Latin America liberal Democrats urged Washington to be a moral rather than a militaristic leader in hemispheric affairs Decolonization President Eisenhower s missteps in Latin America and the Cuban Revolution all played key roles in the Kennedy administration s Alliance for Progress which liberal Democrats hailed as a new cornerstone for U S Latin American foreign

policy During the Vietnam War era liberal Democrats began to incorporate human rights more centrally into their agendas using Latin America as the primary arena for these policies During the long period of military dictatorship in much of Latin America and the Caribbean liberal Democrats would see their policies dissolved by the Nixon Reagan and Bush administrations who favored militant containment of both communism and absolutism      **Schlesinger** Richard Aldous,2017-10-10 The first major biography of preeminent historian and intellectual Arthur Schlesinger Jr a defining figure in Kennedy s White House Arthur M Schlesinger Jr 1917 2007 known today as the architect of John F Kennedy s presidential legacy blazed an extraordinary path from Harvard University to wartime London to the West Wing The son of a pioneering historian and a two time Pulitzer Prize and National Book Award winner in his own right Schlesinger redefined the art of presidential biography A Thousand Days his best selling and immensely influential record of the Kennedy administration cemented Schlesinger s place as one of the nation s greatest political image makers and a key figure of the American intellectual elite a peer and contemporary of Reinhold Niebuhr Isaiah Berlin and Adlai Stevenson The first major biography of this defining figure in Kennedy s Camelot Schlesinger The Imperial Historian presents a dramatic life and career set against the backdrop of the American Century Biographer Richard Aldous draws on oral history rarely seen archival documents and the official Schlesinger papers to craft a portrait of the incandescently brilliant and controversial historian who framed America s ascent to global empire      Indiana Originals Ray E. Boomhower,2018-11-12 Hoosier history overflows with bold visionaries noble heroes and lovable rogues May Wright Sewall struggled to uplift womankind and unflinchingly called for peace in a world sleepwalking toward conflict In the guise of Abe Martin Kin Hubbard graced the Indianapolis News s back page for twenty six years with folksy humor Combat photographer John A Bushemi bravely faced the terrors of war and perished capturing its violence Audacious automotive pioneer Carl G Fisher went to any length to promote himself even flying a car via a hot air balloon Drawing on more than thirty years of experience author Ray E Boomhower the dean of Hoosier biographers brings together forty of the most notable figures from the nineteenth state      *Indiana's 200* Linda C. Gugin,James E. St. Clair,2016-05-20 Part of the Indiana Historical Society s commemoration of the nineteenth state s bicentennial Indiana s 200 The People Who Shaped the Hoosier State recognizes the people who made enduring contributions to Indiana in its 200 year history Written by historians scholars biographers and independent researchers the biographical essays in this book will enhance the public s knowledge and appreciation of those who made a difference in the lives of Hoosiers the country and even the world Subjects profiled in the book include individuals from all fields of endeavor law politics art music entertainment literature sports education business industry religion science invention technology as well as the notorious      **The Liberal Heartland** Jon K. Lauck,Catherine McNicol Stock,2025-04-29 Over the last two decades the political narrative of the liberal coasts and the conservative heartland has become something of a truism leading many Democrats to write off much of the Midwest as a Republican stronghold Today s polarized divide between rural and

urban voters makes it easy to forget that things have not always been this way *The Liberal Heartland* is a powerful reminder that the American Midwest has a progressive legacy that rivals the coasts Across twenty chapters *The Liberal Heartland* traces the political history of this region from the post New Deal period to the rise of the New Right and Donald Trump's right wing populism The contributors explore the way liberals and progressives across the Midwest fought for expanding environmental protection engaged in community activism developed a queer labor coalition before Stonewall struggled for women's rights and representation in the Great Plains states opposed the death penalty and mobilized for Indigenous self determination among other topics In addition to well known leaders like Harry Truman and George McGovern the book highlights lesser known figures such as Lydia Cady Langer Mary Jean Collins Richard Hatcher Jim Jontz and Paul Wellstone A companion to the 2020 volume *The Conservative Heartland* *The Liberal Heartland* explores the history of the Midwest from a less acknowledged perspective recounting often forgotten stories that demonstrate the importance of the Midwest for New Deal liberalism and various forms of left wing politics This is a long overdue book that represents a fresh look at the American heartland *That Tuesday in November* Mike Henry, 2020-10-23 Like many aspects of the nation's history its elections have had their share of behind the scenes activity and drama This work is an examination of each of the presidential contests and some of the unusual events surrounding them such as the back room convention deals compromised candidates campaign strategies both successful and failures and major effects on the outcomes due to such inventions as television In some cases a swing of just a few votes to another candidate could have had a profound effect on America's future
